**For the King's Pleasure** Hugh Roberts,2002-03 George IV (1762-1830) was a gifted royal patron whose love of fine objects and taste for the theatrical and the romantic are well documented. In this pioneering study Hugh Roberts focuses on the King's last and greatest commission: the rebuilding and refurnishing of the Private Apartments at Windsor Castle. Drawing on much previously unpublished material, including royal correspondence, original accounts, and detailed inventories, he reconstructs George IV's ambitious program. Always over budget, and never delivered swiftly enough for his liking, the project was still unfurnished when the King died in 1830. Much of the surviving furniture is still in its original setting at Windsor, and it is published here for the first time. Virtually every identified item is illustrated, and there are high-quality reproductions of the richly colored room designs and original drawings requested by the King. The furniture and fittings now form part of the Royal Collection, and they can still be seen in their superb surroundings when the Apartments are opened to the public each year.

**Plain Jane** Laurien Gardner,2008-07-01 Continuing the story of Henry VIII's wives-from the author of *The Spanish Bride* and *A Lady Raised High*. With a face better suited to a nun's habit than a wedding dress, Jane Seymour has no suitors and few hopes. Then, her prospects brighten when she is granted a position at court as maid of honor to Queen Catherine. There, Jane watches as King Henry VIII ignores his aging wife, showering favor on the beautiful Anne Boleyn, the woman he would make his new queen. But soon he tires of Anne and his wandering eye falls on Jane. Though she has feelings of affection for Henry, she cannot let herself be swept away by his attentions if she is to win not only his heart, but also the greatest prize of all-the Crown.
