Joshua R. Farris

Coffee for One KJ Fallon,2018-01-02 Reminiscent of *God in a Cup and The Devil's Cup*, this is an inside look into the modern business of making coffee. But rather than a general history, *Coffee for One* focuses on the revolution that made single serve such a popular way to consume coffee worldwide, and the competition and conflict that got us here. This story features A-list names, corporate intrigue, environmental controversy, and much, much more. For the vast majority of the time humans have consumed coffee, the drink has been brewed in pots or other multi-serving tools; that is, until the last two decades, which saw the rise of the single serve coffee machine. Whether it's a Keurig or a Nespresso, today a lot of people get their coffee from little plastic individual serving pods. But why? *Coffee for One* breaks open this story of innovation, profit, and cultural change.

The Pricing Puzzle Jan Y. Yang,2020-08-24 The price of virtually any product or service can reveal intriguing stories. The author looks back at his own decade-long pricing journey and shares some of the most exciting and insightful pricing stories, allowing readers to see the world from a different angle. From pricing a chilled Coke in Tehran, to iPhone, to explaining the fall of MUJI, this book reveals the rationales behind and outcomes of various pricing strategies. The author also presents a number of stories from China, a price wonderland in which he, both as a consumer and a pricing consultant, has observed unconventional pricing practices rarely found elsewhere, such as the frequent use of negative prices among tech unicorns, i.e., sellers paying consumers to use their products. Structured as a collection of short stories, the book offers a delightful and eye-opening reading experience for business owners, managers, and anyone interested in understanding what prices are, and how pricing works and interacts with us as customers.

The Creation of Self Joshua R. Farris, 2023-06-30 Situated in broader science-and-religion discussions, *The Creation of Self* is the first book-length defense of a creationist view of persons as souls. This book therefore serves as both a novel argument for God's creation of selves and as a critique of contemporary materialist and emergent-self alternatives, critically examining naturalistic views that argue for a regular, law-like process behind the emergence of personhood. Author Joshua Farris argues on the assumption that persons are fundamentally unique individuals that look more like singularities of nature, rather than material products grounded in regularity or predictability from past events. By extending the basic intuition that we are unique and mysterious individuals, Farris develops a sophisticated analytic defense of the soul that requires a sufficient explanation not found in nature but made by a Creator who has intentions and the power to bring about novel entities in the world. *The Creation of Self* gives philosophers, theologians, and the lay intellectual grounding for thinking about persons as religious beings. It aims

to help readers understand why recent scientifically motivated objections to the soul are unsuccessful, and why we must consider a religious conception of persons as souls as a common starting point.

Shanghai - A Year To Remember Vijay Menon, 2018-07-20
Anand Nair lived a quiet and routine life in Shanghai, China, a city he called home for more than ten years. His life revolved around work, Chinese lessons, friends, travel and health, while occasionally trying to find love, as was the case for close to ten years. He lived an average life and made efforts not to stick out. While some would call this sort of life boring, Anand was content with this way of living and loved the anonymity this city of 24 odd million residents offered. He was an ordinary man living an ordinary life, and the only way he stands out is when he speaks Mandarin, which he speaks reasonably well, although with a Malayalee accent. He had no way of knowing that his boring,

routine life, that he loved so much was going to change almost overnight with a seemingly random encounter in a metro station. What started as a random encounter in a subway, leads to a sequence of life-changing events spread over a year, starting with reconnecting with a long-lost friend in the unlikeliest of the places, and ending with rediscovering the meaning of his existence, love, loss, hope and friendship.

The World Atlas of Coffee James Hoffmann,2018-10-04 The worldwide bestseller - 1/3 million copies sold 'With his expert

guidance we travel around the globe, from Burundi to Honduras via Vietnam, sipping and spitting as we go. This is high geekery made palatable by the evident love pulsing through every sentence.' - The Guardian 'The subject of coffee has never been more, er, hot, and The World Atlas of Coffee takes a close look at its history and evolution, the international range of beans and all the best ways to enjoy coffee. Great pics too.' - Susy Atkins, The Telegraph For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

The Enchanted Hour Meghan Cox Gurdon,2019-01-15 A Wall Street Journal writer's conversation-changing look at how reading aloud makes adults and children smarter, happier, healthier, more successful and more closely attached, even as technology pulls in the other direction. A miraculous alchemy occurs when one person reads to another, transforming the simple stuff of a book, a voice, and a bit of time into complex and powerful fuel for the heart, brain, and imagination. Grounded in the latest neuroscience and behavioral research, and drawing widely from literature, *The Enchanted Hour* explains the dazzling cognitive and social-emotional benefits that await children, whatever their class, nationality or family background. But it's not just about bedtime stories for little kids: Reading aloud consoles, uplifts and invigorates at every age, deepening the intellectual lives and emotional well-being of teenagers and adults, too. Meghan Cox

Gurdon argues that this ancient practice is a fast-working antidote to the fractured attention spans, atomized families and unfulfilling ephemera of the tech era, helping to replenish what our devices are leaching away. For everyone, reading aloud engages the mind in complex narratives; for children, it's an irreplaceable gift that builds vocabulary, fosters imagination, and kindles a lifelong appreciation of language, stories and pictures. Bringing together the latest scientific research, practical tips, and reading recommendations, *The Enchanted Hour* will both charm and galvanize, inspiring readers to share this invaluable, life-altering tradition with the people they love most.

Bum Bum Bum Nicolás Jacobone, 2022-03-10 EL AMOR ES UNA FUERZA DEVASTADORA Tras El cuaderno tachado , internacionalmente aclamada, Nicolás Jacobone entrega una novela explosiva. Un hilo trágico une el destino de las cinco personas que tienen voz en esta hipnótica novela. Agustina es una actriz trans que lleva demasiado tiempo encadenando proyectos fallidos y cuya capacidad de amar es tan grande como su voraz deseo de venganza. Verónica es una aplicada guionista televisiva que ve cómo se le escapa de las manos el talento que creyó poseer. Matthew es un hombre simple cuyo matrimonio se desmorona por culpa de sus obsesiones cada vez más desaforadas. Paula es una genial escritora secreta devorada por su propia obra, que atesora en un viejo laptop sin procesador de textos. Juan, pareja de Agustina y en su día rutilante artista conceptual, desconoce que lo van a asesinar en las afueras de Nueva York. Bum bum bum es una historia visceral y extrema, coral y elíptica, llena de anhelos y violencia, habitada por personajes desorbitados que se preguntan dolorosamente quién son. Un libro, en definitiva, desbordado de vida y pasión, pero también de mugre y soledad. Sobre Bum Bum Bum se ha dicho: «Nicolás Jacobone escribe con ferocidad y belleza. La prosa de Bum Bum Bum nos involucra con los personajes en un viaje adictivo de venganza y redención, a tal punto, que sentimos la necesidad de reparar identidades fragmentadas, curar heridas, y acompañar a esas voces tan disimiles y tan unidas en este relato

coral, cuya trama completará una lectura decisiva y fascinante hasta la última página.» Agustina Bazterrica «Hay dentro de Bum bum bum una rutilante, y desesperada, anatomía del fracaso y la redención.» Jordi Soler «Voces de carne y hueso, de mundos ajenos entre sí, tejen el relato con gran profundidad y ritmo, dupla imbatible.» Miguel Prenz Sobre El cuaderno tachado se ha dicho: «Una primera novela que ya quisieras tú. Trata de un guionista encerrado por un director en un sótano... Esta gente no se corta, y por eso el libro de Giacobone es tan interesante.» Alberto Olmos, El Confidencial «Un thriller intelectual y claustrofóbico lleno de humor.» Rosa Belmonte, Mujer Hoy «Ágil y original.» Daniel Gigena, La Nación «Fascinante y deliciosamente diabólica.» Léonard Billot, Les Inrocks «Una novela frenética, atravesada por la ira, repleta de humor negro.» Éric Neuhoff, Le Figaro «Una obra sobresaliente que te hará cosquillas en las sinapsis.» Christian Endres, Die Zukunft «Una prosa que va mucho más allá de las virtudes de Birdman: refleja a la perfección cómo nacen las maneras de narrar más novedosas.» Nicola Bardola, Abendzeitung München « El cuaderno tachado es una de esas obras particulares que merecen especial atención porque encierran, secretamente, la rara joya de la literatura.» Sara Prian, La voce di Venezia «Para mi próxima obra maestra, no dudaré en encerrar a Nicolás Giacobone en mi sótano y obligarle a escribir una novela tan traviesa, ingeniosa y espléndida en su conjunto como El cuaderno tachado.» Joshua Ferris
