*In the Devil's Playground* Russ Lattime,2009-07 Ethan James always wondered why he was so different from everyone else. It seemed ever since he was a young boy, he was down right peculiar compared to all the other children, not to mention the bizarre episodes his mind had taken him through. Now, as a young man, Ethan is confronted with earth shattering revelations about some of the closest people in his life as well as a new threat, a new danger that could imperil the world as we know it. Could it be that this coming confrontation is the very event that reveals to Ethan the nature and purpose of his unique talents and his deliverance, or could it mean the very end of existence?

**The Order of the Stick** Rich Burlew,2007 These volumes are print compilations of of the popular online comic The Order of the Stick! plus pages of never-before-seen bonus stories and material. Taking place in a magical world that loosely operates by the rules of 3.5 edition Dungeons and Dragons, the comic follows the sometimes farcical exploits of six adventurers as they strive to save the world from an evil lich. Much of the comic's humor stems from these characters either being aware of the game rules that affect their lives or having anachronistic knowledge of modern culture, which in turn is often used by the author to parody various aspects of role-playing games and fantasy fiction.

*Kreeky Playground* Aaron Bordner,2003 If the brothers Grimm, Boris Karloff, and Rob Zombie baked a cake, Aaron Bordner would be the creamy, rancid filling! Jam-packed with dozens of comics and stories, Kreeky Playground explores the comic genius of a truly twisted mind! What horrors plague the nightmares of Alice Sinn, a girl cursed with endless sleep? What kind of mischief can teenage schoolgirl werewolves and vampires cook up at Monster High School? This book offers macabre fun for mature readers!

**The Playground** Dezzie Valentino,2017 Welcome to the National Gallery where within you will discover crazed and cannibalistic staff, argumentative portraits and St. John the Baptist's head. **The Last Playground** Geoff North,Emily Nemchick,2014-06-30 When Brinn Adamm's mother passed away from cancer, the fifteen-year old girl said goodbye to her imaginary friends. Two years later her best friend begins receiving messages from Brinn's mother. The imaginary friends return—and they aren't pleased. Brinn always possessed the ability to bring make-believe characters to life. So did her uncle, Neal Stauch. The little boy died accidentally three and a half decades before, but the world he created carried on. It's a dying land populated with troubled characters desperately searching for a new creator—a modern-day keeper with the same incredible genes capable to start their world over again.From Neal's forgotten world comes a rag-tag bunch of washed up figures a generation out of time—rusted robots consumed with guilt, disillusioned super-heroes too far gone and far too fat to fit their spandex costumes, a bitter, homicidal lawman out of the Old West, and a Bible-quoting scientist abandoned in a distant galaxy. Brinn begrudgingly sets out to help, aided by her own band of imaginary twenty-first century friends—a sword-wielding barbarian woman, a sex-starved wizard boy, and his pregnant, vampire girlfriend.But Neal's imaginary world is populated with other survivors. They have changed even more drastically. And they want what the little boy had—what his present-day niece still has—and they'll kill to get it.

*Feral Playground* Aaron Bagnell,2013-06-21 In the near future, genetic augmentations that make people stronger, faster and smarter will become possible, at least conceptually. There's only been a single long term case thus far, and its inception was due to chance, not careful planning. The head of the company where these developments took place made an attempt at personal profit, hiring someone to break into the Company and steal this technology. Things went awry. John Warren, a company employee, managed to smuggle out the genetic augmentations, contained in the DNA of a host pathogen, by infecting a baby boy and using him as a mule. Unable to sell this technology and afraid for his life, John Warren disappeared into the bowels of the city, taking this extraordinary child with him. After nine years they are still hunted by the Company, but the child has grown strong and fast and smart. He is also haunted by bad dreams and followed by monsters at the edges of his vision. As long as these nightmares pursue him he has no future. But, perhaps, this is meant to be everyone's fate from now on. A story about the consequences of growing up in a world where science and faith are at odds with each other, Feral Playground leads readers on a twisted journey through the psyche of a child struggling to find a permanent place in a decaying world.

After two somber funerals and the baffling disappearance of her Film teacher, Brin decides she needs a break from all the pain and heartache. And what's a better escape than a round of golf at the brand new Macabre Golf Course?But as soon as Brin and her friends hit the links, strange noises and bizarre sightings begin to occur. And unfortunately for the group, the vampire encounter is going to seem like child's play... especially when the zombies come out to play!

**Dark Assembly** Aron Beauregard,2020-06-10 TAKE PRIDE IN YOUR DYSFUNCTION: This assembly of putrid tales will drag you into the darkest regions of humanity. It will push extremes and test the mental and moral boundaries of those who choose to participate. Meet a woman who carries a dead baby inside her womb and also the belief that her stillborn fetus will somehow find life again. Connect with a nomadic punk-rocker who's out to make a quick buck when he's presented with a sickening conundrum. Join two teenage psychopaths as they bring hell to the suburbs on Devil's Night.

Follow a child of the streets who finally steered away from a life of crime only to be drawn back by a bizarre new drug. Take part in a gruesome and nefarious ritual that can restore one's innocence, or worm your way into the dark web beside a sadistic pedophile with a bottomless desire to kill and destroy. How should you feel after digesting these admittedly obscene and repulsive stories? Ask yourself if enjoying them makes you a horrible person or if hating them somehow justifies your journey into this storm of violence and perversion. For the sick and willing, please join in our Dark Assembly...

**Yellow** Aron Beauregard, 2021 *WHAT WOULD YOU DO IF THEY TOOK EVERYTHING?* Oliver Fitch has a troubling issue; he lives in a state of constant terror. After purchasing a convenience store in a once civil society, the streets around him have rapidly devolved into utter lawlessness. They're now festering with sinister gutter scum that only live to harass and intimidate him. His pathetic profits are gouged under the threat of violence and there isn't a damn thing he can do about it. Because in a city with no rules, where the sun never shines, the authorities are no help. In fact, they're an equal part of the problem. The relentless fear of confrontation is so obvious that even Oliver's wife Lydia has grown to resent his spineless existence. The absence of bravado opens the door to a horrific home invasion that leaves the miserable pair savagely maimed. From there, things only get worse until the criminal leeches have taken everything. Until there's nothing left inside but hate and the gnawing hunger for revenge. Until a switch finally flips and Oliver realizes that they all have to die.
