**Vintage Tattoo Flash Volume 2** Jonathan Shaw, 2017-10-17 More of what people loved about the first volume! In *Vintage Tattoo Flash: Volume 2*, Jonathan Shaw unearths more gems from his extensive and world-renowned collection of traditional American tattoo art. Comprised entirely of previously unseen and unpublished work, Volume 2 picks up where the first volume left off—contributing a new and important body of work to the historical record of this outsider art form. Electric tattooing as we know it today was invented in New York City at the turn of the 20th century. In the first days of American tattooing, tattoos were primarily worn by sailors and soldiers, outlaws and outsiders. The visual language of what came to be known as traditional tattooing was developed in those early days on the Bowery and catered to the interests of the clientele. Common imagery that soon became canon included sailing ships, women, hearts, roses, daggers, eagles, dragons, wolves, panthers, skulls, crosses, and popular cartoon characters of the era. The first tattooists also figured out that using bold outlines, complimented by solid color and smooth shading, was the proper technique for creating art on a body that would stand the test of time. In the over 100 years since then, techniques and styles have evolved, and the customer base has expanded, but the core subject matter and philosophy developed at the dawn of electric tattooing has persisted as perennial favorites through the modern era. While most tattoos are inherently ephemeral, transported on skin until the death of the collector, a visual record exists in the form of tattoo flash: the hand-painted sheets of designs posted in tattoo shops for customers to select from. *Vintage Tattoo Flash: Volume 2* represents a selection of over 100 pieces of flash from one of the largest private collections in existence and spans the first roughly 75 years of American tattooing from the 1900s Bowery, to 50s Texas, through the Pike in the 60s and the development of the first black and grey, single-needle tattooing in LA in the 70s. The book lovingly reproduces entirely unpublished sheets of original flash from the likes of Bob Shaw, Zeke Owen, Tex Rowe, Ted Inman, Ace Harlyn, Ed Smith, Paul Rogers, the Moskowitz brothers, and many, many others relatively known and unknown.

*Vintage Tattoo Flash* Jonathan Shaw, 2016-04-12 *Vintage Tattoo Flash* is a one-of-a-kind visual exploration of the history and evolution of tattooing in America. A luscious, offset-printed, hardcover tome—a beautiful and serious addition to the understanding of one of the world's oldest and most popular art forms. Electric tattooing as we know it today was invented in New York City at the turn of the 19th century. In the first days of American tattooing, tattoos were primarily worn by sailors and soldiers, outlaws and outsiders. The visual language of what came to be known as traditional tattooing was

developed in those early days on the Bowery and catered to the interests of the clientele. Common imagery that soon became canon included sailing ships, women, hearts, roses, daggers, eagles, dragons, wolves, panthers, skulls, crosses, and popular cartoon characters of the era. The first tattooists also figured out that using bold outlines, complimented by solid color and smooth shading, was the proper technique for creating art on a body that would stand the test of time. In the over 100 years since then, techniques and styles have evolved, and the customer base has expanded, but the core subject matter and philosophy developed at the dawn of electric tattooing has persisted as perennial favorites through the modern era. While most tattoos are inherently ephemeral, transported on skin until the death of the collector, a visual record exists in the form of tattoo flash: the hand-painted sheets of designs posted in tattoo shops for customers to select from. Painted and repainted, stolen, traded, bought and sold, these sheets are passed between artists through one channel or another, often having multiple useful lives in a variety of shops scattered across time and geography. The utility of these original pieces of painted art has made it so that original examples can still be found in use or up for grabs if you know where to look. *Vintage Tattoo Flash* draws from the personal collection of Jonathan Shaw—renowned outlaw tattooist and author—and represents a selection of over 300 pieces of flash from one of the largest private collections in existence. *Vintage Tattoo Flash* spans the first roughly 75 years of American tattooing from the 1900s Bowery, to 50s Texas, through the Pike in the 60s and the development of the first black and grey, single-needle tattooing in LA in the 70s. The book lovingly reproduces entirely unpublished sheets of original flash from the likes of Bob Shaw, Zeke Owen, Tex Rowe, Ted Inman, Ace Harlyn, Ed Smith, Paul Rogers, the Moskowitz brothers, and many, many others relatively known and unknown.

*Vintage Tattoos* Carol Clerk, 2009-02-17 Tattoos have gone from badges of rebellion to fashion statements fully absorbed into mainstream culture. They are enjoying a renaissance, with graphic designers and artists creating specialty tattoos for a growing audience, unleashing a revival of interest in the bawdy vintage tattoo. Old school tattoos are being rediscovered (sometimes ironically, sometimes not) by a new generation. Originally embraced by rebels, sailors, and gangsters, these tattoos—broken hearts, naked girls, floral motifs, and maritime emblems—are now showing up on the fashion runway and in music videos. This book chronicles vintage motifs in thematic chapters interspersed with profiles of influential tattoo artists and their distinctive designs: Sailor Jerry Collins, Don Ed Hardy (the Godfather of Tattoos), Mike Rollo Banks Malone, Bert Grimm, Japan's Horiyoshi III, and Shanghai's Pinky Yun.

*Christian Warlich* Ole Wittmann,2019-10-29 The original work of Christian Warlich, Europe's preeminent tattoo artist in the first half of the 20th century, is brought back to life in a stunning new volume. Christian Warlich was a world famous German tattooist and his flash book is one of the most coveted objects in the tattoo world. It is now available in this exquisite edition that includes over three hundred hand-drawn designs restored to their original vibrant state. It also includes photographs and other archival material, much of which has never been published before. This book brings Warlich's career into new focus, reflecting the latest research on how his early years at sea may have influenced his work. Intricate renderings of cowboys and indigenous Americans, Chinese dragons and Japanese geishas, daggers, snakes, and skulls reveal not only Warlich's influence in the iconography of tattoos, but also suggest the interplay of ideas with tattooists across Europe, North America, and Asia. The book also explores how the art of tattooing was reframed during the Nazi era and how Warlich's estate helped shape the state of tattoo art today. This elegant book is invaluable in understanding the importance of Warlich to the history of tattooing.

**Flash from the Bowery** Cliff White,2011 Between these pages are images of the original acetate rubbings from Charlie Wagner's turn of the 20th century tattoo shop, The Black Eye Barbershop, in the Bowery at Chatham Square in New York. This is the only known art that has survived from this shop, where Samuel J. O'Reilley's modern-day electric tattoo machine was born and patented. The imagery of this classic flash preserves the origins of American tattoos, when tattoo art was transferred to the client from these templates via an acetate stencil. Everything was done by hand until O'Reilley's electrified tattoo machine changed history. This rich heritage of folk art has more than 900 individual pieces of flash that provide commentary on the shop's clientele and reveal some of the social, economic, and political ideas of the time. Including nautical themes, Asian imagery, flowers, boxers, circus characters, and plenty of girls, this is an exciting collection of early American flash and a necessary book for the tattoo artist, aficionado, and student.

**Classic Tattoo Stencils 2** Cliff White,2016 The unearthing of authentic celluloid acetate stencils, a project undertaken by Long Island tattoo shopowner and memorabilia collector Cliff White, continues. In this compilation, thousands more artifacts emerge from deeper inside the trunk and expose a

sprawling collection from the late '50s and early '60s. These facsimiles, represented in their original color and tone, include timeless designs such as anchors and panthers; famous cartoon characters; wizards, unicorns, and leprechauns; cultural and historical symbols, from Marine Corps logos to Asian designs; and hundreds of other styles too numerous to mention here. Marks of original artists shine through in the leaves of this volume, revealing the etchings of rough craftsmen of a half century ago and evoking stories of weathered sailors and hardscrabble New Yorkers that veteran and young tattooists will appreciate. Fans of scrimshaw, folk art, and engraving will also consider this book a massive source of inspiration and awe.

**Ink - the Art of Tattoo** Viction Workshop,2016 Tattoos are capable of reflecting both their owner's style and interests as well as advertising the talent of the artist involved. With tremendous skill and vision they are able to transform skin into canvas, working with their clients to produce artwork that is unique and meaningful. Combining motifs from contemporary art and design trends with traditional methods, the artists of today push the boundaries of the expected. **Ink The Art of Tattoo** includes interviews with some of the global masters in the field as well as a gallery of flash art and exquisite photography throughout.

**Clean Solid Tattoo Flash** Robert Aalbers,2012

**Scab Vendor** Jonathan Shaw,2017-03-21 Jonathan Shaw's **Scab Vendor: Confessions of a Tattoo Artist** is a surreal, multi-generational roller coaster ride through the underbelly of modern culture, charting the course of a life measured by extremes, and all the people, places, and events that shaped that life into a survivor's tale of epic proportions. In its pages, Shaw takes the reader deep, not only into the recesses of his extraordinary mind and adventures, but also into the strange and magical process of memoir-writing itself. If truth is indeed stranger than fiction, then, as Shaw's friend and literary mentor Charles Bukowski once told him, much of this book would have to be lived before it could be written. In that sense, **Scab Vendor: Confessions of a Tattoo Artist** is much more than a fascinating chronicle of a popular outlaw artist's creative evolution. It is a multicolored, cinematic, modern-day Odyssey, written in blood, ink, and tears—a kaleidoscopic, visionary roadmap to the journey of the human soul.

**Sailor Jerry Tattoo Flash Vol. 2** Sailor Jerry Collins,Don Ed Hardy,2010-06-01

**Italian Tattoo Flash** ,2014 Stizzo, the proud owner of Best of Times Tattoo, presents the best work to come out of his famous parlor in Milan, Italy, in the form of beautiful flash, and provides an intimate look into the house artists in action. At turns exotic, religious, and cryptic, but always classy, highly

detailed, and distinct, their work and their legacy could spark a new generation of artists who care about tradition and aren't afraid to push their skills to the limit. Showcased on textured paper, the vibrant, iconographic art and bold designs look just as outstanding on artificial surfaces as they would on skin. Enthusiasts and ambitious tattoo artists who hope to imitate these remarkable samples will appreciate the hard work and dedication that goes into Stizzo, Max Brain, and Pellico's craft, which they can catch a glimpse of--at the drawing board and in the studio--in arresting black and white and color photography.

Sailor Jerry's Tattoo Stencils Kate Hellenbrand,2002-01 American tattoo master Sailor Jerry Collins of Hawaii is best known for his remarkable tattoo designs, blending the fluidity of Asian motifs into classic American tattoo imagery. Here is a sizeable portion of Sailor Jerry's stencils, spanning from the 1940s to the 1970s, and including pin-ups, roses, bluebirds, hearts and banners and Jerry's infamous military/political cartoons. The value of the stencils is included, with descriptions of stencils and their usage, and a glossary of tattoo terminology.

**Floating West** Nick York,2021-09-30 A gorgeous, full-scale reproduction of a rare, early 20th century book of Japanese tattoo designs. Accompanied by a lushly illustrated introductory essay detailing the book's mysterious origins and curious history. Around 1900, during the late Meiji era, an anonymous Japanese tattoo artist painted dozens of extraordinary tattoo designs on the silk pages of a small homemade book: writhing, bearded dragons; elegant geishas; eagles and snakes locked in midair combat; meticulously observed cranes on the wing; a spider in his web, awaiting prey. Within a decade, this enigmatic volume had become the prized possession of an Arkansas farmer and amateur tattooer whose travels never took him beyond the South Central states. *Floating West* reproduces the original book of designs in its entirety, making a singular object of tattoo history available to artists, enthusiasts, and historians worldwide.

**Sailor Jerry's Tattoo Stencils II** Kate Hellenbrand,2002 Sailor Jerry Collins of Honolulu, Hawaii, is arguably the greatest tattoo artist of the 21st Century. Now in a second volume more of his great stencils are reproduced. Hand-cut, hundreds of these basic line works for the pin-ups to the military/political cartoons are printed here for the first time. The pages are perforated to make it easier

for today's tattoo artist to display the work of this master.
