The Millionaire Mind Thomas J. Stanley, 2010-12-03 The New York Times bestseller that gives “readers with an entrepreneurial turn of mind . . . road maps on how millionaires found their niches” (USA Today). The author of the blockbuster bestseller *The Millionaire Next Door: The Surprising Secrets of America’s Wealthy* shows how self-made millionaires have surmounted shortcomings such as average intelligence by carefully choosing their careers, taking calculated risks, and living balanced lifestyles while maintaining their integrity. Dr. Thomas J. Stanley also builds on his research from *The Millionaire Next Door* and takes us further into the psyche of the American millionaire. Stanley focuses in on the top one percent of households in America and tells us the motor behind the engine; what makes them tick. His findings on how these families reached such financial success are based on in-depth surveys and interviews with more than thirteen hundred millionaires. “A very good book that deserves to be well read.” –The Wall Street Journal “Worth every cent . . . It’s an inspiration for anyone who has ever been told that he wasn’t smart enough or good enough.” –Associated Press “A high IQ isn’t necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” –Entertainment Weekly “Ideas bigger than the next buck.” –Orlando Sentinel

Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker’s rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that’s exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it’s simple. If you think like rich people think and do what rich people do, chances are you’ll get rich too!

It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn that being rich is a legitimate, desirable goal, and many people want to become rich. Yet, only a small minority achieve it, while others suffer from their financially unfulfilling lives. How do you explain this paradox? The truth is that becoming rich is not only, by far, a matter of relationships, knowledge or even opportunities as is too often believed: it is first and foremost a state of mind. Learning how to change it is the real secret to success. You will also learn : that the material world is the product of one's inner world; that everyone is limited by his inner financial program; how to change this program; how to overcome obstacles; that quality management and wealth are linked; to become better and to help others. It was after it was suggested to him to think like the rich that the author had a revelation. He who had failed in his business start-ups without really knowing why, who was on the verge of bankruptcy, is now success incarnate - he is a multimillionaire. No matter what business a woman is in, it's key that she is not just entrepreneurial minded but investment minded. Most women are one paycheck or one man away from being bankrupt or homeless. Even those with businesses pour their earnings back into the business, and in the end, never truly see long-term wealth. It's time for that to change. The days of us just waiting for someone to save us financially are over. It's time for us to save ourselves. It's time for women to embrace their own financial instinct.
