The Mellops Go Spelunking Tomi Ungerer,2015-09-07 A hilarious underground adventure starring the world's most adventurous family of pigs. When Mr. Mellops' golf ball rolls down a crevice, the family's natural response is to prepare a spelunking (cave exploring) expedition! Down the crevice they go, with their steel helmets and rope ladder. Then, on a rubber raft they follow the underground river at the bottom of the crevice. Stalactites and stalagmites abound, and cave paintings and other remnants of the past are everywhere. Suddenly the raft is punctured, and the Mellops swim to safety – only to find themselves in a smugglers' den. In an exciting turn of events, the clever pigs combine their archaeological explorations with the ingenious capture of these outlaws. A timeless favourite! Instant bestsellers when first published more than fifty years ago, the hilarious Mellops talks are reissued today to delight a new generation of children. Beautifully written and illustrated by the internationally acclaimed author and illustrator, Tomi Ungerer, winner of the prestigious Hans Christian Anderson Award for children's literature. A picture book for ages 3–6.

Japan Style Gian Carlo Calza,2015-09-14 An authoritative and wide-ranging visual essay on the aesthetics of Japan, now in a beautiful paperback edition. *Japan Style*, written by one of the world's most respected scholars of Japanese art and culture, defines what 'Japan style' is. It explores specific achievements in Japanese art and architecture, but also offers an in-depth analysis of the whole of Japanese culture, its vision of the world and of humankind. 'Japan style' is something recognizable to everyone: a beautifully arranged flower, an elegant piece

of calligraphy or a simple rock garden, but it is also something that is very difficult to define. The book is divided into three main sections. In the first one ('Irregular Beauty'), the author delineates the different aspects of Japanese culture and draws interesting connections between art, architecture, religion, philosophy and mythology. For example, he explains the aesthetics of the tea ceremony and its relationship to Zen philosophy as well as other subjects such as the function of the void in mythology, Buddhism and the arts. The second part of the book ('A Feeling of Nature') follows a chronological path from ancient times to the present explaining more specifically how to interpret the different forms of Japanese art (literature, painting, sculpture, etc.). The third part of the book ('Art Masters') contains short monographs on Japanese masters in the history of Japanese art and culture: Zeami Moto, the creator of No theatre; Hokusai, the master of woodblock printing; Yasunai Kawabata and Mishima Yukio, the writers; and the graphic designer, Tanaka Ikko. Calza's groundbreaking and insightful text is accompanied by 150 colour images of a great variety of examples from Japanese art and culture.

James Dean Axel Arens, Paul Kremmel, 1992 James Dean, who died in 1955 at the age of 24, once remarked: For me the only true success, the only true greatness, lies in immortality. These photographs document the enduring charisma of the young actor whose phenomenal popularity is based on only three movies: East of Eden, Rebel Without a Cause, and Giant. 51 plates.

Peter Hugar Paul Kasmin Gallery, 2016 It's a vanished world, and Peter Hugar was right there in it. The Lower East Side between 1972 and 1985 - filled with artists, wannabe artists and hangers-on - was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hugar's camera - and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.

Dali's 1941 Julian P. Graham, Paul Skellett, Simon Weitzman, 2015-09 Salvador Dalí is widely regarded as one of the great artists of the 20th century. Rumor and alleged scandals followed him throughout his life, and continued long after his death in 1989. When German troops entered Bordeaux, Salvador and Gala escaped France to live in the United States, where they remained until 1948. It is widely regarded that Dalí's most iconic and inspired work transpired during his time in America. On September 2, 1941, in a bid to raise funds for artists fleeing the

Nazis, as well as enhance his profile in the USA, Dalí orchestrated the Surrealist Ball at the Del Monte Lodge, Pebble Beach, California. At the event, Salvador and Gala Dalí were photographed by friend Julian Graham as they created and hosted, A Surrealistic Night in an Enchanted Forest. Celebrities including Bob Hope, Clark Gable, Gloria Vanderbilt, Ginger Rogers, and Robinson Jeffers, were served soup from high-heeled shoes and a course of live frogs - that promptly escaped. What made this event so important was that Dalí understood how to attract media attention and this event paved the way for the media savvy artists who followed decades later, such as the legendary Pop Culture Artist, Andy Warhol. This picture book is staged in two parts. Part one follows Dalí's painstaking and hands-on preparation of the event, showing him and a small team dressing the venue, constructing the costumes and choreographing the evening's theatrical interludes. Part two concentrates purely on the party and the unique guest experience. Dalí 's 1941 also pays homage to the photographic career of Julian Graham, as well as giving readers visual context to the era by way of periodical news excerpts, painting the cultural and social picture of the United States as the country prepared to enter the second world war. With previously unseen and physically unpublished photographs, painstakingly restored and re-mastered the ball is brought to life through the permission of archive custodians, Bancroft library at Berkeley University and is realised in partnership with Bad Halo Ltd, under their Wonderland Publication publishing brand.

Kerry James Marshall Kerry James Marshall, Robert Storr, Angela Choon, 2015 With a career spanning almost three decades, Kerry James Marshall is well known for his complex and multilayered portrayals of youths, interiors, nudes, housing estate gardens, land- and seascapes, all of which synthesize different traditions and genres while seeking to counter stereotypical representations of black people in society. Working across various mediums, from paintings to comic-style drawings to sculptural installations, photographs, and videos, the artist conflates actual and imagined events from African-American history, integrating a range of stylistic influences to address the limited historiography of black art. Produced on the occasion of Marshall's first exhibition at David Zwirner in London and designed by JNL Design in Chicago, Look See features beautiful reproductions of every painting on view in the show - all of them brand-new compositions - as well as numerous details and preparatory drawings, installation photographs and new scholarship by Robert Storr and Hamza Walker. As suggested by the show's title, these portraits use the etymological differences between looking and seeing as their point of departure, featuring subjects whose dissociated stares seem as defiant as they are mystifying. In keeping with his signature approach,

Marshall has painted his figures in strikingly opaque black pigments, both fashioning and abstracting their presences in order to assimilate the limitations and contradictions of style, subject, and chronology inherent in art-historical narratives written from a white, Western perspective. Taken all together, the range of materials included in *Look See* constitutes a vibrant and comprehensive portrait of Marshall's original and ever-evolving practice.

Marilyn Manson by Perou, 2020-05-19 'I often get asked, 'Who was your favorite person to photograph?' or 'Who is the best person you've photographed?'' says photographer Perou. 'It's always 'Marilyn Manson.' Which is just as well, considering how many times I've photographed him.' Perou has been photographing Marilyn Manson since a 1998 magazine cover shoot. Twenty-one years of collaborating have resulted in this unique book, featuring over 350 photographs including previously unpublished work, conceptual portraits, onstage and informal behind-the-scenes images, giving a rare insight into Manson's world.
