*Shooter* Caroline Pignat,2016-05-03 The Breakfast Club meets We Need to Talk About Kevin A lockdown catches five grade 12 students by surprise and throws them together in the only unlocked room on that empty third floor wing: the boys' washroom. They sit in silence, judging each other by what they see, by the stories they've heard over the years. Stuck here with them--could anything be worse? There's Alice: an introverted writer, trapped in the role of big sister to her older autistic brother, Noah. Isabelle: the popular, high-achieving, student council president, whose greatest performance is her everyday life. Hogan: an ex-football player with a troubled past and a hopeless future. Xander: that socially awkward guy hiding behind the camera, whose candid pictures of school life, especially those of Isabelle, have brought him more trouble than answers. Told in five unique voices through prose, poetry, text messages, journals, and homework assignments, each student reveals pieces of their true story as they wait for the drill to end. But this modern-day Breakfast Club takes a twist when Isabelle gets a text that changes everything: NOT A DRILL!! Shooter in the school! Suddenly, the bathroom doesn't seem so safe anymore. Especially when they learn that one of them knows more about the shooter than they realized...

Five months ago, Valerie Leftman's boyfriend, Nick, opened fire on their school cafeteria. Shot trying to stop him, Valerie inadvertently saved the life of a classmate, but was implicated in the shootings because of the list she helped create. A list of people and things she and Nick hated. The list he used to pick his targets. Now, after a summer of seclusion, Val is forced to confront her guilt as she returns to school to complete her senior year. Haunted by the memory of the boyfriend she still loves and navigating rocky relationships with her family, former friends, and the girl whose life she saved, Val must come to grips with the tragedy that took place and her role in it, in order to make amends and move on with her life. **It Ends with Us** Colleen Hoover,2020-07-28 In this “brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it” (Anna Todd, *New York Times* bestselling author) from the #1 *New York Times* bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs

certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

**So This Is the End** Alexandra Franzen, 2018-10-15 What happens when you find your soulmate, but you only have one day to live? Perfect for fans of Jojo Moyes' *Me Before You* and Jill Santopolo's *The Light We Lost*, comes a powerful romance What if doctors could revive you from death—and give you an extra 24 hours of life? One more day. One more chance to tell your family how much you love them. One more chance to say goodbye to friends, listen to your favorite song, throw an epic party, feel the grass beneath your feet, or watch the sunset. How would you spend your time? *So This Is The End* follows Nora Hamilton as she navigates her final 24 hours. She's determined to do something meaningful and make every moment count. Enter: Renzo. Ren, for short. Strong, compassionate, unfairly attractive, with a face that makes Nora's stomach explode into stars. Their connection is immediate, with white-hot intensity. Nora is wracked with bittersweet joy and confusion as she realizes, "I've finally met the love of my life... on the last day of my life." Should she tell Ren the truth about her condition—tell him she doesn't have much time left? How will he react? Is it unethical to allow yourself to fall in love with someone when there's no possibility of a future together? Or is love a precious gift, no matter how long it lasts, even if it's just for one day? What happens next is a story about taking chances, making your own rules, and the power of living like there's no tomorrow. A moving romantic drama: Early readers call *So This Is The End* a breath of fresh air, moving and beautiful, an amazing wake-up call, a book you'll be unable to put down, with a story that makes you fall in love the instant

you start reading.

*Before We Were Strangers* Renée Carlino,2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist “missed connection” post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn’t stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn’t see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn’t know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I’ve spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half?

Then the guards at Hope start acting strange. And one day...they don't show up. But when the teens band together to make a break from the facility, they encounter soldiers outside the gates. There's a rapidly spreading infectious disease outside, and no one can leave their houses or travel without a permit. Which means that they're stuck at Hope. And this time, no one is watching out for them at all. As supplies quickly dwindle and a deadly plague tears through their ranks, the group has to decide whom among them they can trust and figure out how they can survive in a world that has never wanted them in the first place. **Submission** Michel Houellebecq, 2016-09-08 As the 2022 French Presidential election looms, two candidates emerge as favourites: Marine Le Pen of the Front National, and the charismatic Muhammed Ben Abbes of the growing Muslim Fraternity. Forming a controversial alliance with the political left to block the Front National's alarming ascendancy, Ben Abbes sweeps to power, and overnight the country is transformed. This proves to be the death knell of French secularism, as Islamic law comes into force: women are veiled, polygamy is encouraged and, for our narrator François – misanthropic, middle-aged and alienated – life is set on a new course. Submission is a devastating satire, comic and melancholy by turns, and a profound meditation on faith and meaning in Western society.

But when he

is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world.
