Movie Nights Bob Smithouser,2002 Ninety two percent of teens say watching films is their number one pastime. Wolf or Dog? Adam Weishaupt, There are two types of human being - wolves (aggressive, assertive dominants who are determined to get what they want) and dogs (timid, domesticated, submissive, continually at the mercy of the wolves). Capitalism is a wolf ideology. Christianity, Islam and Judaism are dog religions - intent on forcing you onto your knees and making you obey endless commandments. The capitalist wolves can prey on the Christian dogs who simply turn the other cheek. Democracy is another perfect vehicle for wolves. The people - the dogs - are given the illusion that they are in control, yet all democracies are just oligarchies and plutocracies. The wolves decide the political agenda and the candidates. The people merely choose which wolf will feed on them. So, are you wolf or dog? This is a book by the Pythagorean Illuminati, and its aim is to re-train the dogs to understand the wolves and stand up to them. If you want the best things in life, you cannot allow yourself to be preyed upon by the Power Elite.

Woman Evolve Sarah Jakes Roberts, 2021-04-06 A New York Times bestseller! With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends with Eve—the woman who's been held responsible for the fall of humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up. But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In *Woman Evolve*, Sarah helps you understand that your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn't do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past issues and insecurities that haunt you Seeing yourself as God sees you and trusting Him with who you really are How to come out of darkness and pursue a real relationship with God Why it's important to truly care for yourself Setting in motion the beautiful seed that God planted in you Your fears and insecurities may have changed how you viewed God, others, and yourself, but in *Woman Evolve*, you can break through and use past mistakes to revolutionize your life. Like Eve, you don't have to live your future defined by your past.

Woke, Inc Vivek Ramaswamy,2023-08-15 In this instant New York Times bestseller, a young and successful entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There's a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. Stakeholder

capitalism makes rosy promises of a better, more diverse, environmentally friendly world, but in reality this ideology championed by America's business and political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He's founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he takes us behind the scenes into corporate boardrooms and five-star conferences, into Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. *Woke, Inc.* begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021--a journey that begins with cynicism and ends with hope.
