The secret to living an exceptional life—with fulfilling work and leisure, meaningful relationships, and time for oneself—is finding balance. Briana and Dr. Peter Borten have the strategies you need to achieve this all-important balance in your life—even in the face of chaos. The Well Life is a beautiful guide to living the good life, mind, body, and soul from two people who walk the walk. Peter and Briana Borten integrate knowledge of ancient healing traditions, the realities of our modern lives, and their own practical experience to unlock what it truly means to be well. Terminal Uprising Jim C. Hines,2019-02-12 Human civilization didn't just fall. It was pushed. The Krakau came to Earth in the year 2104. By 2105, humanity had been reduced to shambling, feral monsters. In the Krakau's defense, it was an accident, and a century later, they did come back and try to fix us. Sort of. It's been four months since Marion "Mops" Adamopoulos learned the truth of that accident. Four months since she and her team of hygiene and sanitation specialists stole the EMCS Pufferfish and stopped a bioterrorism attack against the Krakau homeworld. Four months since she set out to find proof of what really happened on Earth all those years ago. Between trying to protect their secrets and fighting the xenocidal Prodryans, who've been escalating their war against everyone who isn't Prodryan, the Krakau have their tentacles full. Mops' mission changes when she learns of a

secret Krakau laboratory on Earth. A small group under command of Fleet Admiral Belle-Bonne Sage is working to create a new weapon, one that could bring victory over the Prodryans ... or drown the galaxy in chaos. To discover the truth, Mops and her rogue cleaning crew will have to do the one thing she fears most: return to Earth, a world overrun by feral apes, wild dogs, savage humans, and worse. (After all, the planet hasn't been cleaned in a century and a half!) What Mops finds in the filthy ruins of humanity could change everything, assuming she survives long enough to share it. Perhaps humanity isn't as dead as the galaxy thought.

Terminal Alliance Jim C. Hines,2017-11-07 In his hilarious new sci-fi series, Jim C. Hines introduces the unlikely heroes that may just save the galaxy: a crew of space janitors. The Krakau came to Earth to invite humanity into a growing alliance of sentient species. However, they happened to arrive after a mutated plague wiped out half the planet, turned the rest into shambling, near-unstoppable animals, and basically destroyed human civilization. You know—your standard apocalypse. The Krakau's first impulse was to turn around and go home. (After all, it's hard to have diplomatic relations with mindless savages who eat your diplomats.) Their second impulse was to try to fix us. Now, a century later, human beings might not be what they once were, but at least they're no longer trying to eat everyone. Mostly. Marion "Mops" Adamopoulos is surprisingly bright (for a human). As a Lieutenant on the Earth Mercenary Corps Ship Pufferfish, she's in charge of the Shipboard Hygiene and Sanitation team. When a bioweapon attack wipes out the Krakau command crew and reverts the rest of the humans to their feral state, only Mops and her team are left with their minds intact. Escaping the attacking aliens—not to mention her shambling crewmates—is only the beginning. Sure, Mops and her team of space janitors and plumbers can clean the ship as well as anyone, but flying the damn thing is another matter. As they struggle to keep the Pufferfish functioning and find a cure for their crew, they stumble onto a conspiracy that could threaten the entire alliance... a conspiracy born from the truth of what happened on Earth all those years ago. Jim C. Hines has proven himself a master of humorous fantasy with his Jig the Goblin novels, and has turned the usual fantasy tropes sideways and upside down with his Princess and his Magic Ex Libris series. With *Terminal Alliance*, the debut novel in his humorous military science fiction series, Jim takes us into a brand-new universe of entertainment certain to appeal to fans of both Douglas Adams and Terry Pratchett.
