The Family Beach House Holly

Chamberlin, 2015-06-01 Multiple generations gather at a beloved summer house—wondering who will inherit it next—in this “dramatic and moving” novel (Booklist). Some houses have a personality of their own. Larchmere is that kind of place—a splendid, sprawling home with breathtaking views that open to briny Atlantic air and seabirds’ calls. It’s where Tilda McQueen O’Connell grew up and now vacations each year, and where she and her siblings—Adam, Hannah, and Craig—are commemorating the tenth anniversary of their mother’s passing. But instead of the bittersweet but relaxing reunion Tilda expected, she finds chaos. Her father’s plan to marry a younger woman has thrown the fate of the beach house into uncertainty. For Tilda, the stakes seem the highest. Alone and vulnerable two years after her husband’s death, she sees Larchmere as not just a cherished part of her history, but her eventual refuge from the world. Faced with losing that legacy, Tilda must embrace an unknown future. And all the McQueens must

reconcile their shared, sometimes painful past—and learn how to love one another even when it means forging a life apart. This poignant, evocative novel sweeps you into the picturesque town of Ogunquit, Maine, where a family in flux explores their ties to a beautiful beach house, and to each other. “Explores questions about the meaning of home, family dynamics and tolerance.”—Bangor Daily News
“Provides a touristy taste of Maine's seasonal attractions.”—Publishers Weekly
“A novel for all seasons.”—The Maine Sunday Telegram

Finnish Summer Houses Jari Jetsonen, Jetsonen Sirkkaliisa, 2008-03-20 Summer is when Finland is at its spellbinding best. Emerging from a seven-month long winter, Finns head outdoors to savor the magical light of the all-too-brief Scandinavian summer. Cityscapes give way to pristine lakes, endless forests, and idyllic seaside vistas. The Finnish summer house offers a unique opportunity for their owners to relax, get back in touch with nature, and enjoy outdoor activities such as boating, swimming, and hiking. Not surprisingly, the architecture of the Finnish summer house occupies an almost mythic, even mystical, place in the hearts of their inhabitants as well as their architects. Indeed, many Finnish architects regard the design of their own summer residence or weekend studio as one of their most important works. For them, the summer house is not only a place to spend leisure time, but also a chance to study specific technical details and experiment with new spatial concepts. *Finnish Summer Houses* presents in detail twenty villas, cottages, and cabins by architects such as Eliel Saarinen, Oiva Kallio, Alvar Aalto, and Juhani Pallasmaa, among many others. Authors Jari and Sirkkaliisa Jetsonen use contemporary photographs, archival images, drawings, and plans to illustrate the diversity found in the designs of Finnish summer residences. From Lars Sonck's

Lasses Villa (1895), with its traditional farmhouse elements, and Alvar Aalto's Muuratsalo Experimental House (195254) to Erkki Kairamo's sparse Villa Aulikki (19952003), which seems to grow out of its landscape, the works in this book are of a highly personal nature; indeed, most of the summer houses are still used by the architect or the families of their children. The very best examples of these fantastic summer homes are collected here, making Finnish Summer Houses an inspiration for anyone dreaming about a summer home of their own.

Family Houses in the Country Alexandra d'.

Arnoux, Gilles de Chabaneix, 2000 A family home in the country must possess a special atmosphere to generate the vital relaxation and renewal it brings to its occupants, who live most of the year in the city. And so *Family Houses in the Country* is not, strictly speaking, a book on decorating or architecture, although it was a lot to do with both. It is a book about traditions, memories, childhood, summer vacations, and about a lifestyle that has its own rules full of nuances which create a bridge between yesterday and today, between the peace of nature and the frenzy of modern life. Each of the 37 homes featured in *Family Houses in the Country* is different, with a strong personality and rich patterns. American houses range from a ranch in Wyoming, where each family member has his or her own horse, to an old family cabin on a lake in Minnesota, where camping and picnics are favorite activities, and to an elegant home in the Nape Valley. Houses in Europe include a small chateau passed down from generation to generation, an English cottage, a restored mas, and a working farm. Not just a wish book, not merely a font of decorating ideas, *Family Houses in the Country* shows how families create the experiences, traditions and memories that last a lifetime.

Beach Houses Alastair Gordon, Andrew Geller, 2003-04

These spirited houses, many shown here for the first time through vintage photos and drawings, still delight today and will inspire anyone interested in beach house living. 85 photos, 25 in color.

On one day waves ran up to meet two children and left seashells lying

on the beach. Shells found this day are the beginning of a collection. At the end of the book are two pages showing the shells arranged and labeled, and there are also two pages telling how shells are made.

Houses of the Founding Fathers Hugh Howard, Roger Straus, 2007-01-01 A thought-provoking tour of the eighteenth-century houses belonging to some of America's most important early leaders looks inside the domestic world of the Founding Fathers to chronicle the private lives, families, culture, interests, and aspirations of Jefferson, Washington, Adams, Hamilton, and others in each of the original thirteen colonies.

Houses by the Shore Oscar Riera Ojeda, Byron Hawes, 2018-10-16 Highlighting thirty-five spectacular recently completed houses overlooking sea, lake, river, and ocean, selected for beauty and variety across the globe, *Houses by the Shore* features homes that demonstrate the extraordinarily diverse ways that today's leading architects

and interior designers build and design homes on the water and new approaches homeowners are taking to life on the shore. Frequently elegant and uncluttered, these houses serve as models of smart and often exquisite design with lots of ideas for homeowners who don't necessarily live in a waterfront home, but who wish to have something of that appeal and sensitivity in their own space. A range of projects encompassing myriad geographic and cultural inspirations show some of the world's most inviting residences, built in stone and glass, in wood and steel and concrete. The houses vary in size and style, though all within the realm of the modern, from open plan homes that include terraces and rooms that flow from indoors to out, to spaces flooded with light and views. Each house is photographed comprehensively with detailed interior and exterior pictures and plans, and placed into context through the lens of widely respected editor Oscar Riera Ojeda and descriptive texts written by design critic Byron Hawes, to give readers a privileged look at the best of shore-side residential architecture. With its beautiful modernist homes set beside the golden sands of the gulf coast of Mexico or upon the romantic islands of Greece, from Finland to South Africa to New Zealand, *Houses by the Shore* is a paean to rooms with a view.

Summer Houses by the Sea Bret Morgan, 2019-05-28
Romantic seaside houses in the beloved Shingle Style, from Maine to Montauk. This book will delight and inspire readers with its luxurious treatment of homes in this beloved architectural style, which has become an expression of the romantic longing for a life by the sea. Featuring all-new photography taken especially for the book, it looks at both the historic and new Shingle Style houses. The Shingle Style is one of the few purely American genres of architecture and was closely linked to the Aesthetic and the Arts and

Crafts movements. Prominent architects, including H. H. Richardson, William Ralph Emerson, and Frank Lloyd Wright, were influenced by the style and contributed to its milieu. Architects and architectural movements, including postmodernism, have continued to be influenced by this style. This volume begins with a well-documented history and then considers some of the more exemplary houses of the style in its original and modern manifestations. Some of the more notable homes featured are McKim, Mead & White's Ochre Point in Newport, Rhode Island, the Quackenbush House in East Hampton, and Grey Gardens, the famously ramshackle residence of Edith Bouvier Beale and her daughter "Little Edie"—the eccentric aunt and first cousin of Jacqueline Kennedy Onassis—, as well as contemporary manifestations of the style, such as the Robert A.M. Stern-designed Chilmark Residence, in Martha's Vineyard, and Shope Reno Wharton's Black Watch, in Jamestown, Rhode Island.

At Home on the Water Jaci Conry, 2022-05-10 Coastal havens designed for laid-back living. The idea of a retreat—a place removed from one's daily stressors, a secluded haven to be enjoyed by family—is more appealing than it has been in decades. But second homes are far from a novel concept. Families have built retreats since the late 1800s, when the well-to-do began to construct reprieves in coastal areas to escape the combustive atmosphere of city life. Homes on the water have been coveted and cherished for their particular restorative qualities. In an oceanside house, one can't help but pause to contemplate the view. At Home on the Water offers a history of coastal living and features twelve homes on the water on both coasts and the gulf. This stunning title focuses on both the design of the homes and the way the homeowners live in them, embellished by interviews with homeowners, designers,

and/or architects.

Thoughts of Home Elaine Greene, 1999 Riveting, funny, pointed, and poignant, the forty-four essays gathered in this anthology speak eloquently of dreams, memories -- and sometimes the painful realities -- of the personal landscapes we call home. For most people, the notion of home is central to their lives; by the same token, there are a multitude of definitions of the word, many of them very personal and particular. These essays explore the different meanings and significances of home, from a house where one grew up to a passion for a place. Not only do they provide fascinating and vivid glimpses into their authors' lives, but these recollections also invariably strike a chord with the reader. No matter how different from our own, each story touches us, eliciting reflection on our personal histories.

Houses Under the Sea Caitlín R. Kiernan, 2019 Since H.P. Lovecraft first invited colleagues such as Frank Belknap Long and Robert Bloch (among others) to join in his creation of what has come to be known as 'The Cthulhu Mythos' (over Lovecraft's less invocative name of 'Yog-Sothery'), dozens of authors have tried their hand at adding to this vast tapestry with varying degrees of success. Some, like the then teen-aged Ramsey Campbell, used the Mythos as a starting point to his own career while still finding his own authorial voice (*The Inhabitant of the Lake* and *Less Welcome Tenants*, Arkham House 1964); others, like Stephen King and Neil Gaiman, did so at the height of their careers, paying homage to an author who had been such a tremendous inspiration to them. But no one, absolutely no one, has contributed such a body of brilliant and profoundly original work to the Mythos as has Caitlín R. Kiernan. In this remarkable collection the author has selected over two dozen of her best Lovecraftian tales ranging from 2000s

Valentia to her more recent classic *A Mountain Walked* as well as including the complete Dandridge Cycle, as well as a new story, *M Is for Mars*. In short, this is a cornerstone volume for Kiernan fans and Mythos devotees alike.

Lake Houses John De Visser, Judy Ross, 2008 This richly illustrated book takes the reader deep into lake country to reveal the essence of lake house and summer cottage style. Spectacular photographs and insightful essays capture the best of 100 revered homes.

Beach House for Rent Mary Alice Monroe, 2019-04-30 Get swept away to the beautiful and breezy Isle of Palms with New York Times bestselling author Mary Alice Monroe's return to her "exceptional and heartwarming" (Publishers Weekly) Beach House series, set in South Carolina's lowcountry. Two women. One summer. One very special beach house. Cara Rutledge rents her quaint cottage on Isle of Palms to Heather Fordham for the entire summer. As beautiful as the Isle of Palms is, Heather's anxiety keeps her indoors with her caged canaries as she paints birds for postage stamps. Eventually, however, the shore birds—and a man who rescues them—lure her outside. As the summer progresses and Heather begins to blossom, Cara's life reels with sudden tragedy. She wants only to return home but Heather refuses to budge from her sanctuary. As everything around the ladies is coming apart, they discover they can only rely on each other. Now, the two women who don't really know each other are forced to live together and support each other as they navigate the next chapter of their lives. Featuring Monroe's signature "lyrical, emotional, and gripping" (RT Book Reviews), *Beach House for Rent* demonstrates the power and strength of female friendships.

The Beach House Mary Alice Monroe, 2012-04-17 Known for her moving characters and emotional honesty,

Mary Alice Monroe brings readers a beautifully rendered story that explores the fragile yet enduring bond between mothers and daughters. Caretta Rutledge thought she'd left her Southern roots and troubled family far behind. But an unusual request from her mother—coming just as her own life is spinning out of control—has Cara heading back to the scenic Lowcountry of her childhood summers. Before long, the rhythms of the island open her heart in wonderful ways as she repairs the family beach house, becomes a bona fide turtle lady and renews old acquaintances long thought lost. But it is in reconnecting with her mother that she will learn life's most precious lessons—true love involves sacrifice, family is forever and the mistakes of the past can be forgiven.
