In Aeternum: A Box Set Aliyah Burke,2019-09-17
Casanova in Training A woman who is all about rules and a man who lives to break them, their scorching passion threatens all they hold dear. Can they find a way to have it all? Lieutenant Commander Giovanni 'Casanova' Cassano is a top test pilot for the military, and is the epitome of an ace. Cocky, arrogant, handsome, and true to his call sign. His best friend's death brings a new pilot to his squadron—a woman. That's not even the real reason it's hard—she's the one who left an indelible imprint on his soul after a twenty-four hour rendezvous. Now she seems to have ice in her veins, not the fiery passion he knows rages beneath the surface. Jaydee 'Dusti' Amos is following orders, and this time they have landed

her at a test facility. She's there to ascertain what caused the deadly B-2 crash. The situation becomes harder once she discovers who is stationed there—the one man she never believed she'd see again after their impulsive and passionate encounter. He pulls her focus from the job at hand and tends to make her break the stringent rules she lives her life by. They work together to unveil the truth and the feelings between them deepen. But there is a traitor in their midst. Will the fallout tear them apart, or will Gio find some way to convince Jaydee to give him a chance at forever? Harbour of Refuge What happens in Monte Carlo stays...with you forever...well, if you're one of the lucky ones. Enzo Cassano is the driver of a powerboat team, used to the fast life and all it includes—women, parties and popularity. Until the race in Monte Carlo when he meets a woman who is unlike any he's met before. Her small town values and almost innocent ways charm him beyond everything. He discovers, however, that beneath her exterior she's very firm in her beliefs and won't budge. Halyn Jennings maybe from a small town but she knows a player when she sees one and Enzo is definitely that. She doesn't mind—she still likes him and enjoys spending time with him, well aware that what is happening between them is most likely temporary. She's not the supermodel type he's accustomed to being with. Enzo's life is turned upside down by an unexpected visitor from his past, he has to learn to accept racing isn't everything and not everyone wants to be the centre of attention. Halyn's own past comes to light in a most harsh revelation and he discovers things aren't always so easy. Will he be able to find a way to break back through her barriers and prove to her she's the one he wants, for forever? Protected by Shadows She's everything he wants and all he knows he shouldn't have...when danger strikes will he give it all up or is he

doomed to live the rest of his life without her? Valentino Cassano is a man who lives in shadows, lies and secrets. He works for a group that he can't tell anyone about. When the ugliness from that world affects the woman he's had a thing with for a few years, he refuses to let her face it alone. Lexy Camden loves her life as a veterinarian. However when everything gets turned upside down and Valentino inserts himself into routine for more than a few days things get complicated...fast. The feelings she'd been ignoring for so long won't give her a moment's peace. As the danger to her escalates, and part of Valentino's past comes out, will they have a chance to be a real couple or will it all be shattered with the simple pull of a trigger? Valentino has lost a lot and has no plans to do so again, now if he can just convince Lexy to give him another shot. Polar Opposites Despite differences and difficulties, love is always capable of finding a way to take root and bloom. Ivan Vinokourov w

Drive Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to

learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.
