*Legal Executions in Nebraska, Kansas and Oklahoma Including the Indian Territory* R. Michael

Wilson,2014-01-10 Since colonial days, administration of the death penalty—whether by hanging, firing squad, electrocution, or lethal injection—has persisted as one of the most controversial ethical and practical issues of American jurisprudence. This volume chronicles every legal execution in Nebraska, Kansas, and Oklahoma, including Indian Territory, through December 2010. Each case history includes a detailed description of the crime, the pursuit and capture of the suspect, his or her pre-trial experiences, the trial, sentencing, incarceration, execution, and its aftermath.

**Legal Executions in the Western Territories, 1847-1911** R. Michael Wilson,2010 This collection of case histories examines hundreds of trials and death sentences carried out by the law of the Wild West. The legal executions, most of them by hanging, provoke discussion over the controversial, modern view of the death sentence as well as the evolving jurisprudence of the western U.S. territories--Provided by publisher.

*Legal Executions by the United States Military* R. Michael Wilson,2022-06-06 During the two decades following entry into World War II, nearly 30 million men and women served in or worked for the United States military. Tens of thousands faced a general court-martial under the Articles of War, which prescribed either life in prison or death for crimes of murder, rape or desertion. Only 160 men were sentenced to death and executed--159 for murder or rape (or a combination of the two), and one for desertion. The manner of death was by firing squad or by hanging. These dishonored servicemen were buried in

various locations around the world. Later, nearly all were moved to grave sites in military cemeteries, segregated from those who died honorably. This book tells the stories of the men, their crimes and their executions.

**Capital Punishment** ,1971

**Legal Executions in New England** Daniel Allen Hearn,2015-08-13 Between 1623 and 1960 (the date of the last execution as of 1999), Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont legally put to death more than 700 men and women for a wide variety of capital crimes ranging from army desertion to murder. This is a companion volume to *Legal Executions in New York State* and *Legal Executions in New Jersey*, both published by McFarland. It is comprised of chronologically arranged biographical entries for the executed persons. Each entry gives personal data on the executed person, including age, ethnicity, and gender, as well as a detailed account of the crime for which he or she was sentenced to death and information on the place and method of execution. Fully indexed.

*The Death of the American Death Penalty* Larry Wayne Koch,Colin Wark,John F. Galliher,2012 The death penalty has largely disappeared as a national legislative issue and the Supreme Court has mainly bowed out, leaving the states at the cutting edge of abolition politics. This essential guide presents and explains the changing political and cultural challenges to capital punishment at the state level. As with their previous volume, *America Without the Death Penalty* (Northeastern, 2002), the authors of this completely new volume concentrate on the local and regional relationships between death penalty abolition and numerous empirical factors, such as economic conditions; public sentiment; the roles of social, political, and economic elites; the mass media; and population diversity.

They highlight the recent abolition of the practice in New York, New Jersey, New Mexico, and Illinois; the near misses in New Hampshire, Connecticut, Maryland, and Nebraska; the Kansas rollercoaster rides; and the surprising recent decline of the death penalty even in the deep South. Abolition of the death penalty in the United States is a piecemeal process, with one state after another peeling off from the pack until none is left and the tragic institution finally is no more. This book tells you how, and why, that will likely happen.

**Stagecoach Robberies in California** R. Michael Wilson, 2014-09-08 California was the mining center of the West for half a century. Wherever precious minerals were found, road agents appeared to mine the roads of treasure being shipped out and payrolls being shipped in. The first recorded robbery of a stagecoach occurred in 1856, and the last in 1913. Over that period there were 458 stagecoach robberies, many with special characteristics such as a claim the robbers were Confederate soldiers, a murder, a gun battle, or a thrilling pursuit and capture. Surprisingly, there were many robberies in which the perpetrator remained unknown or in which so little was stolen the robber was not even sought out. This book gives all the details of those robberies taken from the contemporary newspapers and from a variety of other sources.

**The Death Penalty** Louis J. Palmer, 1998-01-01 Examines and explains the laws of capital punishment as they exist in the United States as of 1998, focusing primarily on issues that are resolved after a defendant has been convicted of a capital crime.

**Legal Executions in the Western Territories, 1847-1911** R. Michael Wilson, 2010-03-22 This reference work contains details of all the crimes resulting in

executions in the fifteen western American territories. For each territory, entries are arranged chronologically and entered under the name of the condemned. Each entry provides the date, location, background and actions of the crime; details of the trial and execution of sentence; and references to the crime and execution in contemporary newspapers.

Kansas Oddities Roger L Ringer,2009-05-04 Touch down at Dead Cow International Airport and sample the state's bumper crop of bizarre history. The most commonplace sights contain unlikely stories, from the bulldozer's Morrowsville origins to the sunflower's journey from outlawed weed to state symbol. Some of this heritage lies submerged or buried, like the world's only saltwater spring, which now sits at the bottom of a man-made lake. Rumored caches of the Fleagle Gang's loot still draw treasure hunters in spades. From mariachi legends to rodeo roundups, Roger Ringer gathers in a vast and varied harvest of Kansas lore.

Necktie Parties Diane L. Goeres-gardner,2005-10-31 Distributed by the University of Nebraska Press for Caxton Press Ms. Goeres-Gardner has presented an impressively researched and meticulously documented examination of the history of legal executions in Oregon from the beginning of the territorial period until the time when executions were moved to the state penitentiary in Salem.

Frontier Kansas Jails Gerald J. Bayens,2017 Gunslingers, gamblers and outlaws vastly outnumbered sheriffs and marshals in the cattle towns of the Kansas frontier. Famous lawmen, such as Charlie Bassett, Wild Bill Hickok and Tom Smith, kept the peace by sheer force of personality and the integrity of the local lockup. The story of the state's settlement can be tracked in the fascinating development of these bastions of prairie justice. Makeshift

jails of earlier times were replaced by limestone, brick and concrete structures with iron cells and elaborate locking systems. From the squirrel cage of Wichita to the iron jail of Lawrence City, tour these early Kansas prisons with author Gerald Bayens.

**Soldiering in the Shadow of Wounded Knee**

Hartford G. Clark, 2016-10-20 In the aftermath of the December 1890 massacre at Wounded Knee, U.S. Army troops braced for retaliation from Lakota Sioux Indians, who had just suffered the devastating loss of at least two hundred men, women, and children. Among the soldiers sent to guard the area around Pine Ridge Agency, South Dakota, was twenty-two-year-old Private Hartford Geddings Clark (1869–1920) of the Sixth U.S. Cavalry. Within three days of the massacre, he began keeping a diary that he continued through 1891. Clark’s account—published here for the first time—offers a rare and intimate view of a soldier’s daily life set against the backdrop of a rapidly vanishing American frontier. According to editor Jerome A. Greene, Private Clark was a perceptive young man with wide-ranging interests. Although his diary begins in South Dakota, most of its entries reflect Clark’s service at Fort Niobrara, located amid the sand hills of north-central Nebraska. There, beginning in February 1891, five troops of the Sixth Cavalry sought to protect area citizens from potential Indian disturbances. Among his hard-drinking fellow soldiers, “Harry,” as Clark was called, stood out as a teetotaler. He was also an avid horse racer, huntsman, and the leading pitcher on Fort Niobrara’s baseball team. Beyond its descriptions of a grueling training regimen and off-duty entertainment, the diary reveals Clark’s evolving

perception of Native peoples. Although he initially viewed them as savage enemies, Private Clark's attitude softened when the army began enlisting Indian men and he befriended a Lakota soldier named Yellow Hand, who shared Clark's love of sports. Drawing on his extensive knowledge of nineteenth-century military history, Greene offers a richly annotated version of Private Clark's remarkable original text, replete with information on the U.S. Army's final occupation of the American West.

*The Washingtons. Volume 4, Part 2* Justin Glenn, 2014-07-29 This is the fourth volume of Dr. Justin Glenn's comprehensive history that traces the "Presidential line" of the Washingtons. Volume One began with the immigrant John Washington, who settled in Westmoreland Co., Va., in 1657, married Anne Pope, and became the great-grandfather of President George Washington. It continued the record of their descendants for a total of

seven generations. Volume Two highlighted notable members of the next eight generations of John and Anne Washington's descendants, including General George S. Patton, author Shelby Foote, and actor Lee Marvin. Volume Three traced the ancestry of the early Virginia members of this "Presidential Branch" back in time to the aristocracy and nobility of England and continental Europe. Volume Four resumes the family history where Volume One ended. It presents Generation Eight of the immigrant John Washington's descendants, containing nearly 7,000 descendants. Future volumes will trace generations nine through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country. Volume Four, Part One covers the descendants of the immigrant John Washington's child Lawrence Washington. Volume Four, Part Two covers the descendants of the Immigrant's children John Washington, Jr., and Anne (Washington) Wright.

*Legal Executions in Illinois, Indiana, Iowa, Kentucky and Missouri* Daniel Allen Hearn, 2016-01-29 In the five state region of Illinois, Indiana, Iowa, Kentucky and Missouri, 1027 men and women are known to have been legally hanged, gassed or electrocuted for capital crimes during the century after the Civil War. Drawing on thousands of hours of research, this comprehensive record covers each execution in chronological order, filling numerous gaps in a largely forgotten story of the American experience. The author presents each case dispassionately with the main focus given to essential facts.

*Race, Class, and the Death Penalty* Howard W.

Allen, Jerome M. Clubb, 2009-01-01 Examines both the legal and illegal uses of the death penalty in American history.
