

Escobar The Inside Story Of Pablo Escobar The Worlds Most Powerful Criminal

Hourly History

Escobar Roberto Escobar,2012-03-15 The incredible bestselling true story of the rise and reign of the most wanted criminal in history, told by the one man who was with him every step of the way - his brother Roberto. Murderer, philanthropist, drug dealer, politician, devil, saint: many words have been used to describe Pablo Escobar, but one is irrefutable - legend. For the poor of Colombia, he was their Robin Hood, a man whose greatness lay not in his crimes, but in his charity; for the Colombian rich he was just a bloodthirsty gangster, a Bogie Man used to scare children in their beds; for the rest of the world flush with his imported cocaine, he was public enemy number one. During his reign as the world's most notorious outlaw, he ordered the murder of thousands - at one point even bombing a passenger jet - smuggled drugs into the US in mini-submarines inspired by Bond films, was elected to parliament, staged midnight escapes through the jungle from whole army battalions, built his own prison, consorted with presidents, controlled an estimated fortune of over \$20 billion, and for over 3 years outwitted the secret American forces sent to kill him. His ambition was as boundless as his violence, and neither was ever satisfied. This is the first major, and definitive, biography of this remarkable criminal life, told in jaw-dropping detail by the one man who, more than any other, can understand just how far he came and just how low he fell: his brother, Roberto Escobar.

Escobar Roberto Escobar,Roberto Escobar Gaviria,2009 The incredible true story of the rise and reign of Pablo Escobar, the most wanted criminal in history, told by the one man who was with him every step of the way - his brother Roberto.

The Accountant's Story Roberto Escobar,2009-02-25 I have many scars. Some of

them are physical, but many more are scars on my soul. A bomb sent to kill me while I was in a maximum security prison has made me blind, yet now I see the world more clearly than I have ever seen it before. I have lived an incredible adventure. I watched as my brother, Pablo Escobar, became the most successful criminal in history, but also a hero to many of the people of Colombia. My brother was loved and he was feared. Hundreds of thousands of people marched in his funeral procession, and certainly as many people celebrated his death. These are the words of Roberto Escobar-the top accountant for the notorious and deadly Medellín Cartel, and brother of Pablo Escobar, the most famous drug lord in history. At the height of his reign, Pablo's multibillion-dollar operation smuggled tons of cocaine each week into countries all over the world. Roberto and his ten accountants kept track of all the money. Only Pablo and Roberto knew where it was stashed-and what it bought. And the amounts of money were simply staggering. According to Roberto, it cost \$2,500 every month just to purchase the rubber bands needed to wrap the stacks of cash. The biggest problem was finding a place to store it: from secret compartments in walls and beneath swimming pools to banks and warehouses everywhere. There was so much money that Roberto would sometimes write off ten percent as spoilage, meaning either rats had chewed up the bills or dampness had ruined the cash. Roberto writes about the incredible violence of the cartel, but he also writes of the humanitarian side of his brother. Pablo built entire towns, gave away thousands of houses, paid people's medical expenses, and built schools and hospitals. Yet he was responsible for the horrible deaths of thousands of people. In short, this is the story of a world of riches almost beyond mortal imagination, and in his own words, Roberto Escobar

tells all: building a magnificent zoo at Pablo's opulent home, the brothers' many escapes into the jungles of Colombia, devising ingenious methods to smuggle tons of cocaine into the United States, bribing officials with literally millions of dollars-and building a personal army to protect the Escobar family against an array of enemies sworn to kill them. Few men in history have been more beloved-or despised-than Pablo Escobar. Now, for the first time, his story is told by the man who knew him best: his brother, Roberto.

Manhunters Steve Murphy, Javier F. Peña, 2019-11-12 For the first time, legendary DEA operatives Steve Murphy and Javier F. Peña tell the true story of how they helped put an end to one of the world's most infamous narco-terrorists in *Manhunters: How We Took Down Pablo Escobar*—the subject of the hit Netflix series, *Narcos*. Colombian drug lord Pablo Escobar's brutal Medellín Cartel was responsible for trafficking tons of cocaine to North America and Europe in the 1980s and '90s. The nation became a warzone as his sicarios mercilessly murdered thousands of people—competitors, police, and civilians—to ensure he remained Colombia's reigning kingpin. With billions in personal income, Pablo Escobar bought off politicians and lawmen, and became a hero to poorer communities by building houses and sports centers. He was nearly untouchable despite the efforts of the Colombian National Police to bring him to justice. But Escobar was also one of America's most wanted, and the Drug Enforcement Administration was determined to see him pay for his crimes. Agents Steve Murphy and Javier F. Peña were assigned to the Bloque de Búsqueda, the joint Colombian-U.S. taskforce created to end Escobar's reign of terror. For eighteen months, between July 1992 and December 1993, Steve and Javier lived and worked beside Colombian authorities, finding themselves in the crosshairs of sicarios

targeting them for the \$300,000 bounty Escobar placed on each of their heads. Undeterred, they risked the dangers, relentlessly and ruthlessly separating the drug lord from his resources and allies, and tearing apart his empire, leaving him underground and on the run from enemies on both sides of the law. *Manhunters* presents Steve and Javier's history in law enforcement from their rigorous physical training and their early DEA assignments in Miami and Austin to the Escobar mission in Medellin, Colombia—living far from home and serving as frontline soldiers in the never ending war on drugs that continues to devastate America.

Pablo Escobar: A Life from Beginning to End Hourly History, 2018-10-10 Pablo Escobar An international drug kingpin with a cult following, Pablo Escobar is legendary for his infamy, but he began his life with rather modest roots. Born to a simple farmer, no one ever dreamed Escobar would become the number one drug dealer in the world. He carved out a drug empire in the city of Medellin

Loving Pablo, Hating Escobar Virginia Vallejo, 2018-05-29 Now a major motion picture! Pablo Escobar was one of the most terrifying criminal minds of the last century. In the decade before his death in 1993, he reigned as the head of a multinational cocaine industry and brought the Colombian state to its knees, killing thousands of politicians, media personalities, police, and unarmed citizens. In the 1980s, Virginia Vallejo was Colombia's most famous television celebrity: a top-rated anchorwoman and a twice-divorced socialite who had been courted by the country's four wealthiest men. In 1982, she interviewed Pablo Escobar on her news program, and soon after, they began a discreet—albeit stormy—romantic relationship. During their five-year affair, Escobar

would show Vallejo the vulnerability of presidents, senators, and military leaders seeking to profit from the drug trade. From Vallejo's privileged perspective and her ability to navigate the global corridors of wealth and high society, Escobar gained the insight to master his manipulation of Colombia's powerful elite and media. *Loving Pablo, Hating Escobar* chronicles the birth of Colombia's drug cartels: the kidnapers, the guerilla groups, and the paramilitary organizations. It is, above everything, a great love story—a deep and painful journey through a forbidden relationship—that gives us an intimate vision of the legendary drug baron who left his mark on Colombia, Latin America, the United States, and the world forever.

Surviving Pablo Escobar Jhon Jairo Velásquez Vásquez,2017-05-03 I've begged God for forgiveness, but I won't know till the day I die if He has truly forgiven me ... I've paid

my dues to society by serving my long sentence, but perhaps I haven't earned His indulgence ... Oh my God, I've lived so many different lives! I survived Pablo Escobar Gaviria, El Patrón (The Boss), and it was the strength of his indomitable spirit that kept me going all these years; I don't quite know how or why. I still feel his presence every day of my existence. The Medellin cartel's crimes weigh as heavily on my shoulders today as they did yesterday. My youth, wasted in crime, became the sword that now hangs over my graying head. To the world, I'll always be known by my alias, Popeye, the fearsome hitman of the Medellin cartel, Pablo Escobar Gaviria's right-hand man ... How can I make you understand I'm a new man ... that twenty-three years behind bars in that hellhole have transformed the person I once was. Now the freedom I yearned for is vanishing in the murderous hands of my enemies. Perhaps fate has extended my life only to toy with me by preparing my own dying moments. I survived in captivity but I don't know if I'll be able to live in freedom ... A prisoner of my own mind, I'll try to fight to find some peace ... It's very cold ... now it's August 2014. I'm one step from freedom and I'm still breathing ... still here in this dimly lit cell in the maximum security prison in Cómbita, Boyacá.

Kings of Cocaine Guy Gugliotta, Jeff Leen, 2011-07-16 This is the story of the most successful cocaine dealers in the world: Pablo Escobar Gaviria, Jorge Luis Ochoa Vasquez, Carlos Lehder Rivas and Jose Gonzalo Rodriguez Gacha. In the 1980s they controlled more than fifty percent of the cocaine flowing into the United States. The cocaine trade is capitalism on overdrive -- supply meeting demand on exponential levels. Here you'll find the story of how the modern cocaine business started and how it turned a rag tag group of hippies and sociopaths into regal kings as they stumbled from small-time suitcase smuggling to levels of unimaginable sophistication and daring. The \$2 billion dollar system eventually became so complex that it required the manipulation of world leaders, corruption of revolutionary movements and the worst kind of violence to protect.

The Last Narco Malcolm Beith, 2010-09-07 "Malcolm Beith risked life and limb to tell the inside story of Joaquín 'El Chapo' Guzmán Loera, Mexico's notorious drug capo." —George W. Grayson, author of *Mexico: Narco-Violence and a Failed State?* The dense hills of Sinaloa, Mexico, were home to the most powerful drug lord since Pablo Escobar: Joaquin "El Chapo" Guzman. Guzman was among the world's ten most wanted men and also appeared on Forbes magazine's 2009 billionaire list. With his massive wealth, his army of professional killers, and a network of informants that reached into the highest levels of government, catching Guzman was once considered impossible. Newly isolated by infighting amongst the cartels, and with Mexican and DEA authorities closing in, El Chapo

was vulnerable as never before. Newsweek correspondent Malcolm Beith had spent years reporting on the drug wars and followed the chase with full access to senior officials and exclusive interviews with soldiers and drug traffickers in the region, including members of Guzman's cartel. The Last Narco combines fearless reporting with the story of El Chapo's legendary rise from a poor farming family to the "capo" of the world's largest drug empire. "The Last Narco gracefully captures the heroic struggle of those who dare to stand up to the cartels, and the ways those cartels have tragically corrupted every aspect of Mexican law enforcement." —Laura Bickford, producer, Traffic

Son of Escobar Roberto Sendoya Escobar, 2020-08-07 Pablo Escobar was the most notorious drug lord the world has ever seen. He became one of the ten richest men on the planet and controlled 80 per cent of the global cocaine trade before he was shot dead in 1993. This is the long-awaited autobiography of his eldest son, Roberto Sendoya Escobar. His story opens with two helicopter gunships, filled with heavily armed Colombian Special forces personnel led by an MI6 agent, flying into a small village on the outskirts of Bogota in Colombia. The secret mission to recover a stolen cash hoard, culminates in a bloody shoot-out with a group of young Pablo Escobar's violent gangsters. Several of the men escape, including the young Escobar. As the dust settles in the house, only a little baby is left alive. His distressing cries can be heard as his young mother lies dead beside him. That baby is the author, Roberto Sendoya Escobar. In a bizarre twist of fate, the top MI6 agent who led the mission, takes pity on the child and, eventually, ends up adopting him. Over the years, during his rise to prominence as the most powerful drug lord the world has ever known, Pablo Escobar tries, repeatedly, to kidnap his son. Flanked by his trusty

bodyguards, the child, unaware of his true identity, is allowed regular meetings with Escobar and it becomes apparent that the British government is working covertly with the gangster in an attempt to control the money laundering and drug trades. Life becomes so dangerous, however, that the author is packed off from the family mansion in Bogota to an English public school. Many years later in England, as Roberto's adopted father lies dying in hospital, he hands his son a coded piece of paper which, he says, reveals the secret hiding place of the 'Escobar Missing millions' the world has been searching for! The code is published in this book for the first time.

Pablo Escobar Patrick Auerbach, 2016-11-11 Colombian drug lord Pablo Escobar's ambition and ruthlessness made him one of the wealthiest, most powerful and most violent criminals of all time. Pablo Escobar, born on December 1, 1949, in Antioquia, Colombia, entered the cocaine trade in the early 1970s. He collaborated with other criminals to form the Medellin Cartel. He was killed in 1993. Referred to by his brother, Roberto, as a modern day Robin Hood, Escobar often paid for low-cost housing and other community necessities for the poor people of his neighbourhood. It was apparently a meticulously built image that Escobar promoted in his own newspaper and which ensured his protection by many Medellin citizens. Escobar built his drug trafficking industry to such an extent that he eventually controlled over 80% of the cocaine sent to America. With his own factories and an entire fleet of aeroplanes and ships, including two radio-controlled submarines, it has been estimated that Escobar smuggled 70 to 80 tonnes of cocaine from Colombia to America per month, and as much as 11 tonnes in each flight. In order to launder the drug money, the Medellin Cartel controlled a large amount of crooked white-

collar workers, such as bankers, lawyers and extended family. In 1989 Escobar was listed as the seventh Richest Man in the World by Forbes magazine, with a fortune rumoured to be around \$24 billion. He certainly loved to display his wealth and lived an extravagant lifestyle. He invested much of his money in real estate, splashing out on luxurious homes, many with private helicopter ports. He owned numerous cars, helicopters and aeroplanes, a private zoo for which he imported exotic wild animals, and a massive garden filled with hundreds of fruit trees. He also owned apartments, banks and large tracts of land. For his own protection, Escobar bought the support of other criminals, who also acted as his guerrilla army, carrying out any violence he demanded. Pablo Escobar Shaun Attwood,2016-08-25 The mind-blowing true story of Pablo Escobar and the Medellin Cartel beyond their portrayal on Netflix. Colombian drug lord Pablo Escobar was a devoted family man and a psychopathic killer; a terrible enemy, yet a wonderful friend. While donating millions to the poor, he bombed and tortured his enemies - some had their eyeballs removed with hot spoons. Through ruthless cunning and America's insatiable appetite for cocaine, he became a multi-billionaire, who lived in a \$100-million house with its own zoo. Pablo Escobar: Beyond Narcos demolishes the standard good versus evil telling of his story. The authorities were not hunting Pablo down to stop his cocaine business. They were taking over it. Shaun Attwood's War on Drugs trilogy - Pablo Escobar, American Made, and We Are Being Lied To - is a series of harrowing, action-packed and interlinked true stories that demonstrate the catastrophic consequences of drug prohibition.

Narco Wars Tom Chandler, 2018-12-30 Tom Chandler arrived in Bogotá at the height of the cocaine boom. Pablo Escobar lay dead, the Cali Cartel had taken over much of the global supply, and an avalanche of coke was poised to hit Europe. Now the British government wanted Chandler and his team to do the impossible: infiltrate the most powerful crime syndicates on earth and stop their drug shipments. It was a perilous assignment. The cartel bosses operated like a lethal multi-national, with armies of hitmen and myriad spies in ports, airports, police stations and government offices. Their intelligence systems flushed out turncoats and traitors, and they ruthlessly exterminated their enemies. Yet Chandler, an HM Customs investigator fluent in Spanish, knew he could only succeed by recruiting local informants, and went out into the field to find them. Within four years he had a network of fifty agents buried deep inside the trafficking organisations. The result was unprecedented. Their intel led to the arrest of hundreds of narcos and to the seizure of 300 tonnes of drugs, worth a staggering \$3 billion. Chandler's web disrupted the Bogotá mafia, who controlled the main airport and boasted they could put anything on a plane, from drugs to bombs; penetrated the go-fast crews who raced coke-laden speedboats to the transit station of Jamaica; dismantled the 'rip-on' teams who smuggled through the coastal ports; and identified the so-called motherships, the largest method of bulk transit ever discovered. He faced appalling risks. Treacherous stool pigeons worked for both sides, and some of his Colombian law-enforcement colleagues were abducted, tortured and killed. Chandler too faced a grave threat when the crime lords learned he was responsible for a string of interdictions. Yet he persisted, driven to continue with the greatest series of sustained seizures ever made, until he finally burned

out and his tour of duty came to an end. Two of his best sources were subsequently murdered, and his bosses dropped the entire overseas informant programme, with dire consequences. *Narco Wars* is an unflinching story of danger fear and stress, and of the tradecraft and unsung heroism of the agents and their handlers.
