Principles of Corporate Communication C. B. M. van Riel, 1995

This work provides up-to-date, scientifically based models to analyze corporate image and corporate identity, plus techniques to improve the effectiveness of corporate communication programmes, planning and implementation. The book features a cross functional perspective, integrating theory from the public relations tradition, and marketing communications, and focuses on the interdependent relations between corporate strategy, corporate identity and corporate image. This work is intended for use on MBA and Masters-level corporate communications courses, and also for public relations, marketing communications and advertising courses.

The Alignment Factor Cees B.M. Van Riel, 2012-03-29 The importance of creating a favourable impression is hard to overstate in all walks of life - in business it's vital to achieve strategic goals. Customers, journalists, bloggers, investors, governments and other groups are all important stakeholders in an organizations performance and in persuasively communicating a company's ethical and socially responsible behaviour, these groups can be kept inside. Supported

throughout by lively examples, this book contains guidance for implementing strategies that engage stakeholders - highlighting those organizations which employ communication professionals as key performers. Van Riel reveals how a dominant logic develops among executives, which influences styles and techniques of trust-building communication. The practical insights demonstrated via cases including Google, Unilever and Barclays make this book useful reading for MBA and other graduate classes across areas such as public relations and reputation management as well as thinking managers across the globe.

Fame & Fortune Charles J. Fombrun, C. B. M. van Riel, 2004
Companies with strong reputations are better able to attract customers, investors, and quality employees-and to survive crises that would destroy weaker firms. *Fame and Fortune* shows how to quantitatively measure your company's reputation, estimate its business value, and systematically enhance it over both the short- and long-term. First, you'll learn how to benchmark your firm's reputation against key rivals in six key areas, ranging from product quality to emotional appeal. Next, you'll discover that the winners of global reputation surveys get to the top by following a set of core principles through which they build visibility, distinctiveness, consistency, authenticity, and transparency. Then, starting from where you are now, you'll learn how to implement genuine corporate initiatives that strengthen two-way dialogue with all your stakeholders, and build the reputational capital you will need to succeed-and thrive. Why reputations matter: the proof, in cold, hard cash. Quantifying the unquantifiable: the value of your corporate image. The reputation audit: discovering where you stand. Six key measures of your corporate reputation. Using the Reputation Value

Cycle to your advantage. Creating a virtuous circle in which reputation enhances business corporate value. Making it real: the elements of trustworthiness. Building and communicating authenticity, consistency, and transparency. Standing apart from the crowd. Improving your visibility and your distinctiveness. How FedEx did it: lessons for your organization. Reputational best practices from a company built on trust. Create quantifiable business value by building your company's reputation. The definitive business reputation guide for every corporate officer, strategist, corporate communicator, and marketing professional How to audit your reputation-and benchmark your competitor An integrated approach that cuts across communications, strategy, marketing, and organization Techniques for strengthening your reputation with investors, customers, partners, regulators, citizens, and employees Includes detailed tools from the Reputation Institute's own StellarRep(r) model, the world's #1 reputation management toolkit Companies with great reputations do better on virtually every business metric. Now, you have unprecedented access to a roadmap for building the kind of reputation you need and deserve. Drawing on unsurpassed experience and the field's best research, two leading experts illuminate reputation management for executives, business communicators, marketers, and strategists alike. You'll first review the powerful business case for actively managing your reputation. Next, you'll realistically assess where you stand in areas ranging from product quality to financial strength, vision to social responsibility... discovering how to make the most of your strengths as you overcome your weaknesses. The authors show that to improve reputation, you have to improve visibility, distinctiveness, authenticity, transparency, and consistency throughout the enterprise-not just in traditional silos like PR,

advertising, or IR! Want the powerful business value that arises from a world-class reputation? One book will show you how to get it: *Fame and Fortune*. A strong reputation is an enduring source of competitive advantage. In *Fame and Fortune*, Fombrun and van Riel show how successful companies mobilize the support of employees, consumers, and investors to strengthen their reputational capital. An excellent read! --Frederick W. Smith, Chairman, President & CEO, FedEx Corp.

The Handbook of Communication and Corporate Reputation Craig E. Carroll, 2015-06-22 With the latest insights from the world of communication studies into the nature of corporate reputation, this new addition to Wiley-Blackwell's series of handbooks on communication and media reflects the growing visibility of large businesses' ethical profiles, and tracks the benefits that positive public attitudes can bring. Serves as the definitive research collection for a fast-growing field featuring contributions by key international scholars Brings together state-of-the-art communication studies insights on corporate reputation Identifies and addresses the lacunae in the research literature Applies new theoretical frameworks to corporate reputation

Corporate Communication Klement Podnar, 2014-11-13 *Corporate Communication: A Marketing Viewpoint* offers an overview of the framework, key concepts, strategies and techniques from a unique marketing perspective. While other textbooks are limited to a managerial or PR perspective, this book provides a complete, holistic overview of the many ways communication can add value to an organization. Step by step, this text introduces the main concepts of the field, including discipline and function frameworks, corporate identity, corporate and employer branding, corporate social responsibility, stakeholder management, storytelling, corporate

associations, identification, commitment and acceptability. In order to help reinforce key learning points, grasp the essential facts and digest and retain information, the text offers a comprehensive pedagogy, including: chapter summaries; a list of key words and concepts; case studies and questions at the end of each chapter. Principles are illustrated through a wealth of real life examples, drawn from a variety of big, small, global and local companies such as BMW Group, Hidria, Lego, Mercator, Krka, Barilla, Domino's Pizza, Gorenje, Si Mobil, BP, Harley-Davidson and Coca-Cola. This exciting new textbook is essential reading for all professional corporate marketing and communication executives, as well as undergraduate and postgraduate students of marketing and public relations, not to mention managers who need a complete and accurate view of this increasingly important subject.

Corporate reputation Ángel Alloza, Enrique Carreras, Ana Carreras, 2013-06 Reputation has become an essential strategic asset for companies. Those businesses that enjoy a good reputation are able to differentiate themselves, thus attracting investments and retaining customers and employees, while at the same time, stakeholders of such companies demonstrate higher levels of satisfaction and loyalty towards the companies' products and brands. Currently, corporate reputation is one of the most popular non-financial indicators used by organizations, both in the public and private sectors. This book is an in-depth investigation of the psychosocial nature of corporate reputation, and we invite the reader to join us on a journey of discovery. When reputation first appeared as a concept, it brought about promises and hopes. It was viewed as a solution capable of reconciling the interests of different stakeholders and making the whole organization stronger. However, this giant soon turned out to have feet of clay, as it was

lacking in sufficient theoretical and methodological foundation. Nonetheless, when we step into the terra incognita of corporate intangible assets, we will understand that the vague idea of reputation is gradually acquiring a scientific form thanks to the development of measurement tools and models that lay a foundation for the long sought-after means of managing reputation.

Encyclopedia of Sport Management Pedersen, Paul M.,2021-12-14 Bringing together preeminent international researchers, emerging scholars and practitioners, Paul M. Pedersen presents the comprehensive Encyclopedia of Sport Management, offering detailed entries for the critical concepts and topics in the field.

glossary and web links Praise for the Second Edition: This is a must-have reference book for Chief Executives, Finance Directors, Corporate Communicators and Non-executive Directors in this involve me era of stakeholder engagement and corporate communications. How I wish I had had this book on my desk as a Chief Reputation Officer! - Mary Jo Jacobi, Former Chief Reputation Officer of HSBC Holdings, Lehman Brothers and Royal Dutch Shell 'This is a comprehensive and scholarly analysis of corporate communications. It will offer students and practitioners alike a considerable aid to study and understanding which will stand the test of time in a fast changing business' - Ian Wright, Corporate Relations Director, Diageo

Corporate Communication Paul A. Argenti, 2012 Corporate Communication, 6th Edition shows readers the importance of creating a coordinated corporate communication system, and describes how organizations benefit from important strategies and tools to stay ahead of the competition. Throughout the book, cases and examples of company situations relate to the chapter material. These cases provide readers with the opportunity to participate in real decisions that managers had to make on a variety of real problems.

Revealing the Corporation John M. T. Balmer, Stephen A. Greyser, 2003 An international and multidisciplinary collection, edited by pioneers in the field, this work captures the quintessence of the corporation and its many inner and outer manifestations, presenting readers with a new approach to the subject area. Fully revised and updated with the original contributions contextualized by the editors' analyses and commentary to draw them together into a coherent whole, this anthology affords readers a new way of comprehending organizations. This new edition features a new introductory section to branding and public relations, contextualizing the rest of the volume

new case vignettes for each section with enhanced pedagogy to enable reader reflection on the themes examined new readings and an updated Harvard style case study revised and updated commentary and analysis from the editors Filled with illuminating articles that stem from the 1950s to the present day, highlighting both practitioner and scholarly perspectives on the subject, this reader is an essential text for all students of marketing, reputation, business and corporate strategy, public relations, communications and branding.

Facets of Corporate Identity, Communication and Reputation To Melewar, 2008-04-03 Corporate branding and communication is big business. Companies throughout the world invest millions in strategies which aim to reinvent their profile in subtle yet important ways. The investment must be working, but what is it being spent on, and how do these rebranding exercises work? Including contributions from academics and practitioners, this important collection unravels the complexities of this growing field of study. The text is split into three coherent sections, focusing in turn on identity, communication and reputation. Case studies are used throughout the book to illustrate important issues, such as the basic principles of visual communication, the importance of reaching both internal and external stakeholders, and the challenges faced by companies working in multi-cultural environments. This book brings clarity and new theoretical insights to an important aspect of modern business. It is an invaluable companion for all students, researchers and practitioners with an interest in marketing, communications and international business.

Identity, Language, and Mind Albert Newen, Raphael van Riel, 2012 As one of the world's most eminent living philosophers, John Perry has covered a remarkable breadth of subjects in his published work, including semantics, indexicality, self-knowledge,

personal identity, and consciousness. Looking particularly at the way in which he deals with issues of self, communication, and reality, this volume is organized in seven chapters that highlight a different aspect of Perry's work on the intersection of these subjects. A fundamental work for students and scholars, *Identity, Language, and Mind* explores questions that are not only essential in understanding Perry's writings, but also contemporary philosophy as a whole.

Plato's Gods Gerd Van Riel, 2016-04-22 This book presents a comprehensive study into Plato's theological doctrines, offering an important re-valuation of the status of Plato's gods and the relation between metaphysics and theology according to Plato. Starting from an examination of Plato's views of religion and the relation between religion and morality, Gerd Van Riel investigates Plato's innovative ways of speaking about the gods. This theology displays a number of diverging tendencies - viewing the gods as perfect moral actors, as cosmological principles or as celestial bodies whilst remaining true to traditional anthropomorphic representations. Plato's views are shown to be unified by the emphasis on the goodness of the gods in both their cosmological and their moral functions. Van Riel shows that recent interpretations of Plato's theology are thoroughly metaphysical, starting from aristotelian patterns. A new reading of the basic texts leads to the conclusion that in Plato the gods aren't metaphysical principles but souls who transmit the metaphysical order to sensible reality. The metaphysical principles play the role of a fated order to which the gods have to comply. This book will be invaluable to readers interested in philosophical theology and intellectual history.

Revealing the Corporation John Balmer, Stephen A. Greyser, 2008-04 An international and multidisciplinary collection, edited by pioneers in the field, this work captures the quintessence of

the corporation and its many inner and outer manifestations, presenting readers with a new approach to the subject area. Fully revised and updated with the original contributions contextualized by the editors's analyses and commentary to draw them together into a coherent whole, this anthology affords readers a new way of comprehending organizations. This new edition features a new introductory section to branding and public relations, contextualizing the rest of the volume new case vignettes for each section with enhanced pedagogy to enable reader reflection on the themes examined new readings and an updated Harvard style case study revised and updated commentary and analysis from the editors. Filled with illuminating articles that stem from the 1950s to the present day, highlighting both practitioner and scholarly perspectives on the subject, this reader is an essential text for all students of marketing, reputation, business and corporate strategy, public relations, communications and branding.

Reputation Charles J. Fombrun, 1996 This work provides an analysis of the determinants and effects of reputation management. It demonstrates the economic value of a corporate reputation, quantifying the economic returns for well-regarded companies, and presents recommendations and processes for assessing and improving reputation. INDICE: Introduction: why reputations matter. Part 1 The hidden value of a good reputation: going for the gold; what's in a name?; enlightened self-inter... Etc.

The Corporate Brand N. Ind, 1997-06-06 What determines the strength of a corporate brand? And how can it be enhanced? A corporate brand conveys a company's reputation to its audience. It is about far more than names and logos. A successful corporate brand links the corporate name to the company's distinctive qualities such as

service or value. This book's fundamental premise is that organisations should use all forms of communication - be they performance of products and services, the action of employees or advertising - to build interactive relationships with their audience. It shows how successful corporate brands build and maintain both 'corporate identity' and reputation.
