True Grace Wendy Leigh,2008-06-10 Her Serene Highness, Princess Grace of Monaco, the legendary Hollywood screen siren, Grace Kelly is an American icon whose beauty is unrivalled, and whose oft-imitated aristocratic style and cool elegance has never been eclipsed. Wendy Leigh provides revealing new details about Grace's life, including her premarital romantic swan song which took place during her voyage to Monaco, the hitherto untold story of her troubling relationship with bridesmaid, Carolyn Reybold and the moving story of Grace's lifelong relationship with actor, David Niven. Wendy Leigh paints a compelling portrait of Grace, the ambitious young actress, Grace, the dutiful princess who transformed the principality of Monaco into a jet-set haven, Grace, the kind-hearted philanthropist, Grace, the loving mother, and Grace, the patriotic American. Spy ,1992-03 Smart. Funny. Fearless.It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented -- Dave Eggers. It's a piece of garbage --Donald Trump.

Arnold Schwarzenegger Fiaz Rafiq, 2021-05-12 Arnold Schwarzenegger – a bodybuilder-turned-real-estate mogul who turned an undefeated streak at the Mr Olympia contest into an astonishing film career and eight years as the governor of California – is, for many people, the embodiment of the American Dream. From humble beginnings in a small village in Austria, Schwarzenegger has come to symbolise the opportunities that exist for anyone willing to work hard – parlaying success and self-confidence into the influence to shape hearts and minds across the globe. Even today, whether he's campaigning against climate change or fist-bumping fellow strongmen at his self-titled athletic event, he's one of the few men on the planet who's recognisable from his first name alone. Arnold. Fiaz Rafiq uses in-depth interviews with Schwarzenegger's peers to tell the life story of the one-time Governor, featuring exclusive interviews with his personal and close friends, fellow bodybuilders and training partners, Hollywood co-stars, directors, executive producers, political personalities and journalists – all offering first-hand accounts of the man they know. Together, these voices show new dimensions to the Arnold we all think we know – from the driven young man who brought building into the mainstream to the passionate advocate for political change.

Hollywood Left and Right Steven J. Ross, 2011-08-01 In *Hollywood Left and Right*, Steven J. Ross tells a story that has escaped public attention: the emergence of Hollywood as a vital center of political life and the important role that movie stars have played in shaping the course of American politics. Ever since the film industry relocated to Hollywood early in the twentieth century, it has had an outsized influence on American politics. Through compelling larger-than-life figures in American cinema--Charlie Chaplin, Louis B. Mayer, Edward G. Robinson, George Murphy, Ronald Reagan, Harry Belafonte, Jane Fonda, Charlton Heston, Warren Beatty, and Arnold Schwarzenegger--*Hollywood Left and Right* reveals how the film industry's engagement in politics has been longer, deeper, and more varied than most people would imagine. As shown in alternating chapters, the Left and the Right each gained ascendancy in Tinseltown at different times. From Chaplin, whose movies almost always displayed his leftist convictions, to Schwarzenegger's nearly seamless transition from action blockbusters to the California governor's mansion, Steven J. Ross traces the intersection of Hollywood and political activism from the early twentieth century to the present. *Hollywood Left and Right* challenges the commonly held belief that Hollywood has always been a bastion of liberalism. The real story, as Ross shows in this passionate and entertaining work, is far more complicated. First, Hollywood has a longer history of conservatism than liberalism. Second, and most surprising, while the Hollywood Left was usually more vocal and visible, the Right had a greater impact on American political life, capturing a senate seat (Murphy), a governorship (Schwarzenegger), and the ultimate achievement, the Presidency (Reagan).
