

James Dean

William Hall

James Dean William Hall,2011-09-16 They called him America's first teenageer, James Dean starred in just three films, but his death in 1955 aged 24 - dying as he lived - made him an icon of the rebellious youth culture that he had symbolised in Rebel Without a Cause. This biography explores the myth around him.

The Unknown James Dean Robert Tanitch,2014-10-30 This biography, lavishly illustrated, traces Dean's development as an actor through his film work and numerous lesser-known roles in the theatre and television.

Rebel Donald Spoto,2000-08-22 This authoritative biography of film icon James Dean offers a clear-eyed look at the actor who crossed America's cinematic landscape with the brilliance and brevity of a meteor.

James Dean David Dalton,2001 This is the book that restarted the James Dean cult by celebrating him as the cool, defiant visionary of pop culture who made adolescence seem heroic instead of awkward and who defined the style of rock 'n' roll's politics of delinquency. The only book to fully show how deliberately and carefully Dean crafted his own image and performances, and the product of still unequalled research, vivid

writing, intimate photographs, and profound meditation, James Dean: The Mutant King has become almost as legendary as its subject.

The Death of James Dean Warren Newton Beath, 2007-12-01

With extensive research, this account of the Hollywood star and his legion of fans offers “the best narrative yet of Dean’s final ten hours” (San Francisco Examiner). Just before sunset on September 20, 1955, James Byron Dean’s Porsche 550 Spyder collided with Donald Gene Turnupseed’s Ford Tudor on California Highway 46. At age twenty-four, America’s newest screen idol was dead. But what really happened? Drawing on original documents, including the coroner’s inquest and other previously unpublished material, author Warren Newton Beath provides a painstakingly accurate reconstruction of Dean’s final hours and tragic death. In addition, Beath explores Dean’s life and his enduring status as a cultural icon, including Elvis Presley’s worship of him; Hitchcock’s use of Highway 46 in the famous crop-dusting scene in *North by Northwest*; death threats against *Giant* director George Stevens if he dared excise a single frame of Deans’ final performance; and many more fascinating facts about the enigmatic screen legend. Beath’s definitive account concludes with a memorable portrait of

the James Dean cult, a strangely moving record of his posthumous life in the hearts of his adoring fans.

The Real James Dean Peter L. Winkler, 2016 In the decades following his death, many of those who knew James Dean best--actors, directors, friends, lovers (both men and women), photographers, and Hollywood columnists--shared stories of their first-person experiences with him in interviews and in the articles and autobiographies they wrote. Their recollections of Dean became lost in fragile back issues of movie magazines and newspapers and in out-of-print books that are extremely hard to find. Until now. **The Real James Dean** is the first book of its kind: a rich collection spanning six decades of writing in which many of the people whose lives were touched by Dean recall their indelible experiences with him in their own words. Here are the memorable personal accounts of Dean from his high school and college drama teachers; the girl he almost married; costars like Rock Hudson, Natalie Wood, Jim Backus, and Raymond Massey; directors Elia Kazan, Nicholas Ray, and George Stevens; entertainer Eartha Kitt; gossip queen Hedda Hopper; the passenger who accompanied Dean on his final, fatal road trip; and a host of his other friends and colleagues. --

James Dean Val Holley,1991

James Dean Walter G. Oleksy,2001 Quotations, illustrations, and text study the effect James Dean had on American society.

James Dean Venable Herndon,1974

James Dean Revisited ,1978

James Dean: the Biography Val Holley,2016-09-05 What's important about Jimmy is that in spite of his short life, he had really lived-and with his beauty, he acted in ways that other actors only dream about. - Terese Hayden, producer, Camino Real Killed in a car crash at only 24, James Dean has become a tragic legend. Compared to a Marlon Brando, Dean rose to fame in the film East of Eden, based on the novel by John Steinbeck. American teenagers particularly related to Dean through his role in Rebel Without a Cause, where he portrayed an emotionally confused teen. This is the most comprehensive biography of James Dean ever written, based upon over one hundred interviews with people who have never before spoken on record. Val Holley delves into Dean's early life and training on stage and in television using research that is astounding in its detail and frequently lets his sources speak in their own voices. Praise for James Dean: The Biography: Val Holley allows James Dean to be as wily, controlling,

beautiful, seductive, sexually ambivalent, and actor as he apparently was. It's like suddenly having the gift of a fourth, posthumous movie to slip on the shelf. - Brad Gooch, author of City Poet: The Life and Times of Frank O'Hara I was drawn in by its legwork and detail, surprising interviews, sweet reasoning, and vivid characterization. This immortal of the screen stacks up as an American enigma. - Patrick McGilligan, author of George Cukor: A Double Life, Val Holley's James Dean is obviously a labor of love, and very thorough. - Washington Post Book World The most definitive biography yet written ... quite interesting without being sensational. - Booklist Holley has produced a meticulously documented work that dissects Dean's personality as never before. - Publishers Weekly Thoroughly researched and engagingly written, this is a worthy addition to the growing body of literature surrounding an actor whose life achieved mythic proportions as a result of his untimely death. - Library Journal The freshest, most revealing, and probably the most truthful account of [Dean] I have ever read. - Alexander Walker, author of Vivien: The Life of Vivien Leigh Val Holley has written numerous articles on James Dean and H. L. Mencken. He lives in Washington, D.C. James Dean was his first full biography.

Tribute: James Dean , James Dean was a true American original. From his early days in Indiana to his life in the big cities, he forged a singular path that defied convention and defined him as an icon throughout the world. Dean's shorts and explosive life offers pathos and humor, as well as questions that linger to this day.

James Dean. A Biography William BAST,1956

James Dean Hourly History,2018-01-24 James DeanJames Dean is known as the first rebel. He was a '50s-styled, leather-clad biker rebuking authority. With his black turtleneck and a penchant for bongo drums and poetry, he could also easily be a kind of forerunner to the beatniks. And with his unkempt, wild hair and far-reaching philosophies, he is often cited as a kind of early hippie as well. But whatever category you put him in, James Dean was the embodiment of cool. He had a cool look, cool clothes, cool attitude, and a cool backstory that most know nothing about. James Dean began life in Indiana as the descendant of a long line of farmers. After the tragic passing of his mother at a young age and the virtual abandonment of his father, he was left to be raised by his sister and her husband on a farm in Fairmount, Indiana. Inside you will read about...- Losing His Family - A Troubled Childhood -

Dean's First Big Breaks - Friends and Lovers - Dean's Acting and Car Racing Career - The Final Ride And much more! So just how did this Indiana farm boy become a Hollywood legend and kickstart a counterculture rebellion that would last throughout the '50s, '60s, and beyond? Who was James Dean? Come along as we find out more about the man, the legend, and the eternal rebel without a cause: James Dean.

Boulevard of Broken Dreams Paul Alexander, 1997 Drawing from new and documented sources, a revisionist portrait of the actor's homosexuality and personal identity conflict argues that Dean's angst-ridden public compliance with rigid sexual mores helped fuel the electricity of his performances.

James Dean David Hofstede, 1996-02-16 A convenient and comprehensive guide to the life and legacy of James Dean, with full production information for his performances in various media.

James Dean , 1988

James Dean Transfigured Claudia Springer, 2007-03-01 After the death of James Dean in 1955, the figure of the teen rebel permeated the globe, and its presence is still felt in the twenty-first century. Rebel iconography—which does not have to resemble James Dean himself, but merely incorporates his disaffected

attitude—has become an advertising mainstay used to sell an array of merchandise and messages. Despite being overused in advertisements, it still has the power to surprise when used by authors and filmmakers in innovative and provocative ways. The rebel figure has mass appeal precisely because of its ambiguities; it can mean anything to anyone. The global appropriation of rebel iconography has invested it with fresh meanings. Author Claudia Springer succeeds here in analyzing both ends of the spectrum—the rebel icon as a tool in upholding capitalism's cycle of consumption, and as a challenge to that cycle and its accompanying beliefs. In this groundbreaking study of rebel iconography in international popular culture, Springer studies a variety of texts from the United States and abroad that use this imagery in contrasting and thought-provoking ways. Using a cultural studies approach, she analyzes films, fiction, poems, Web sites, and advertisements to determine the extent to which the icon's adaptations have been effective as a response to the actual social problems affecting contemporary adolescents around the world.

James Dean David Hanna, James Dean, 1988

James Dean John Howlett, 2005 James Dean died in 1955 at

the age of 24, blazing out his position as the 'first American teenager' and destined forever to exemplify the spirit of rebellion and defiance. Five decades after his death, Dean is still revered as a cinematic icon. His film career lasted only sixteen months, but it produced three cinematic greats: East of Eden, Rebel Without a Cause and Giant. The titles alone evoke epic visions and even now all three films retain their timeless appeal, constituting a three-part heroic poem on atomic age youth, its beauties and its frustrations.

Eventually, you will unquestionably discover a supplementary experience and success by spending more cash. nevertheless when? reach you consent that you require to acquire those every needs later than having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more approximately the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your unquestionably own become old to feign reviewing habit. in the course of guides you could enjoy now is James Dean below.
