The Hadley Werewolves Shawntelle Madison,2013-11-25 Something deadly is coming for the werewolves who live in the desert town of Hadley... BITTEN BY DECEIT Alpha wolf Emma Parker is loyal to a fault, even if it means losing the love of her life when he's ousted from the pack. She's never stopped needing him, and when a black witch curses the pack, she wonders if she'll even survive. It's a poison of the blood, and with each bite, the virus spreads, leaving the infected rabid and under the control of an evil Alpha. Kyle Benton is starting over. He's a lone wolf, betrayed by the only woman he's ever loved. Until Emma barges back into his life, as gorgeous and determined as ever. He's hell bent on resisting her, or at least making her suffer. But she needs him in a way that touches him to his very soul. Now he has to determine how to set her free, and if he can, how he can ever let her go. BITTEN BY TREACHERY It's not like Charly the witch wanted to betray the Hadley werewolves. Or infiltrate the pack. But it's the only way to save her mother and protect her coven from a dark evil. She's a witch in wolf's clothing - until an unfortunate bite forces her to become the one thing she detests the most. The last time a witch came to Hadley, she almost destroyed Trenton's pack. He won't let it happen again, especially now that this lone wolf is feeling so drawn to a certain new new girl in town. Charly is the most intriguing woman he's ever met, and he wants to know all about her. The passion between Charly and Trenton shocks them both, but can she trust him with her secret...and her heart? One thing is for certain: she has to tell him the truth soon - before it brings about the end of both Trenton and the innocent citizens of Hadley. BITTEN BY VENGEANCE Cursed witch Nevena wants nothing more than to destroy the dark evil that has escaped her coven's compound. She's outgunned and on her own--until a band of werewolves from Hadley join in the fight. Drew is a cop bent on protecting his pack. Hadley has been attacked again, leaving him bitter and determined to do what's right. He will help the witches bring down what drove them to Hadley, but he refuses to get close to them...Until the curse on Nevena sucks him in. Drew discovers what its like to love when Nevena traps both his heart and his soul. But he may lose them both in order to bring down the dark evil determined to destroy everything in its path.

I Know What You Did Last Supper Wayne Williams, Darren Allan, 2013-03-07 The price of betrayal is more than thirty pieces of silver. Two days after Jesus Christ's crucifixion, Judas Iscariot receives an anonymous note stating, I know what you did. Wrapped with it is an eye, complete with trailing optic nerve, and a splintered tooth - trophies ripped from two recently butchered friends. Someone, it seems, knows what Judas did on that fateful night following the Last Supper. And that someone is intent on exacting a bloody and gruesome revenge. As more acquaintances and family members die in increasingly brutal ways, Judas finds himself in a desperate race against time to make amends for his act of treachery, and to uncover the identity of the mysterious hooded killer. A relentlessly paced, gripping thriller, which further explores one of the darkest bargains in human history. You might just find yourself engaged in the unthinkable: rooting for the man who betrayed Christ.

The Wages of Destruction Adam Tooze,2008-02-26 Masterful . . . [A] painstakingly researched, astonishingly erudite study...Tooze has added his name to the roll call of top-class scholars of Nazism. —Financial Times An extraordinary mythology has grown up around the Third Reich that hovers over political and moral debate even today. Adam Tooze's controversial book challenges the conventional economic interpretations of that period to explore how Hitler's surprisingly prescient vision--ultimately hindered by Germany's limited resources and his own racial ideology--was to create a German super-state to dominate Europe and compete with what he saw as America's overwhelming power in a soon-to- be globalized world. The Wages of Destruction is a chilling work of originality and tremendous scholarship that set off debate in Germany and will fundamentally change the way in which history views the Second World War.
