Frost Peter M. Ball,2022-11-26 Rule one for surviving Ragnarök? Don't piss off a Valkyrie. Ex-hitman Keith Murphy sold his services to a demon in order to stop an apocalyptic cult. Now he's stuck fighting a gang war against a local biker gang who knows far too much about magic for a pack of mortals. A routine hit turns into a mystery, and that mystery leads to a series of deaths with a very unexpected source. Something has crossed over from the darkest parts of the Gloom, and it seems like Keith sold his soul to delay Ragnarök instead of stopping it. The last, long winter frost before the end of the world is setting in, and the only man who can stop it is a pissed-off, well-armed assassin with nothing left to lose... Equal parts John Wick and John Constantine, the Keith Murphy series is an apocalyptic thrill ride that blends the thriller with urban fantasy. PRAISE FOR THE KEITH MURPHY SERIES "All the grit and growl of the golden age detectives let loose upon the monsters and magics that keep us fascinated (and occasionally afraid) as we curl up on the couch at night. Ball is masterful in his use of tension, with a knack for keeping readers glued to the screen or page. His ability to showcase emotional connections and complications without devolving into self-pitying monologues or poetic meanderings give the stories an action movie vibe that adds tension and focus to the stories." Kylie Thompson, HushHushBiz

The Cradle of Ice James Rollins,2023-02-07 The second book in the New York Times bestselling Moonfall series from thriller-master James Rollins, *The Cradle of Ice* is a page-turning tale of action, adventure, betrayal, ambition, and the struggle for survival in a harsh world that hangs by a thread. Each step along this path has changed the party, forging deep alliances and greater enmities. All the while, hostile forces have hunted them, fearing what they might unleash. Armies wage war around them. For each step has come with a cost—in blood, in loss, in heartbreak. Now, they must split, traveling into a vast region of ice and to a sprawling capital of the world they've only known in stories. Time is running out and only the truth will save them all. The Moonfall Series: The Starless Crown *The Cradle of Ice* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ice Cold Tess Gerritsen,2011 Stranded with her traveling companions in an eerily deserted Wyoming village during a blizzard, Maura discovers that they are being watched and pursues help when a party member is injured, an effort that turns nightmarish when she is abducted into the woods.

Cold John Smolens,2017-03-01 Internationally acclaimed, *Cold* takes us deep into a harsh, frozen world, where love, greed, and the promise of a second chance compel six people toward a chilling and inevitable reckoning. In the frozen reaches of Michigan's Upper Peninsula, fierce winter storms hit without warning. The white opacity of one such blizzard allows Norman Haas to walk away from his prison work detail. Dangerously close to freezing to death, Norman is given shelter by Liesl Tiomenen, a middle-aged woman who lives in a house she and her late husband built in the woods. Armed with a rifle, she tries to turn him in, but when they set out on snowshoes, she suffers a fall, allowing him to flee again. Thus begins Norman's journey back to his past, back to the woman he loved who betrayed him, back to the brother who helped put him away, back to a dangerous web of family allegiances, deceptions, and intrigue. After finding Liesl injured and abandoned in the woods, Yellow Dog Township's sole full-time law enforcement officer Del Maki pursues Norman through a storm of mythic proportions.

The Winter Star Robert Burnett,2003-01-29 Westburgh Pennsylvania, a small, quiet town on the outskirts of Wilkes-Barre. A town with a terrifying history that has long been forgotten. When a small prop plane crashes in the woods outside of town, a man running from his own past is drawn into a history he has no knowledge of. He is told to look for others that can help him, and is given a cryptic message: 'What's coming through is alive' What does it mean? A single phrase, linking three unlikely individuals against something they don't understand. A horror is reawakening, and will bring with it a darkness to the town no one can prepare for. Three people, chosen to finish something that began nearly a century before. Three people, formed by a shared past and an allegiance to stop the terror. They are the only hope the town has.

Blizzard H. W. "Buzz" Bernard,2015-02-16 Everyone laughs at what southerners call a snowstorm. A half-inch of the white stuff, and Atlanta panics. No one's laughing this time. A freakish combination of weather elements surpasses even the experts' predictions. Suddenly much of the upper South is covered in several feet of snow. There's never been a storm like this in the region before. Never in recorded history. For Atlanta executive J.C. Riggins, the storm is only one of the killers he'll have to face. In a desperate bid to save his job, his company, and quite possibly his young son's life, Riggins must transport a defense contract to North Carolina. The deadline can't be missed. With airports and roads closed, Riggins sets out in an SUV through a stunned countryside where no one can help him if trouble happens. Which it does, the moment a dangerous criminal joins him for the ride. H.W. Buzz Bernard is an Air Force veteran and retired Weather Channel meteorologist. His 2010 hurricane thriller, *Eyewall*, became a number one bestseller in ebook. Visit him at buzzbernard.com.

The Shapeshifters Stefan Spjut,2015-07-07 This tale of missing children and mythic monsters is "a fantastic novel in every sense of the word" (Karl Ove Knausgård). Summer 1978. A young boy disappears without a trace from a summer cabin. His mother claims he was carried away by a giant. He is never found. Twenty-five years later, another child goes missing. This time there's a lead, a single photograph taken by Susso Myrén. She's devoted her life to the search for trolls, legendary giants known as stallo who can control human thoughts and assume animal form. Convinced that the fabled beasts are real, she follows the trail of missing children to northern Sweden. But humans, some part stallo themselves, have been watching over the creatures for generations, and this hidden society of protectors won't hesitate to close its deadly ranks. Mixing folklore and history, suspense and the supernatural, *The Shapeshifters* is an extraordinary journey into a frozen land where myth bleeds into reality. "Spjut has accomplished the masterstroke of writing convincingly about the existence of trolls and other mythical creatures in the Nordic forests . . . all this unfolds in a language that captures the everyday reality we know so well, with such precision and exquisite style that the words seem to sparkle on the page." —Karl Ove Knausgård, author of *My Struggle* "A fun, cunning crime thriller . . . If you enjoy the novels of Michael Koryta or Tana French's *The Secret Place* . . . you might eat up *The Shapeshifters*." —Chicago Tribune "Spjut turns Scandinavian mythology upside down in a shades-of-gray world built for lovers of fantastical suspense." —Publishers Weekly

worries—the true monsters are way more terrifying...and much closer to home.

Then, in the dark, someone else shows up at the cabin—a stranger named Alex, claiming to be lost and needing shelter from the coming snowstorm. Before Lottie can find out more, a fire forces her, Jade, and Alex out into the blizzard, where they must rely on one another to get to safety—wherever that is. Praise for The Witch Who Came in from the Cold: Those who like to mix magic, spycraft, and secret history should enjoy this—it may please fans of Stross's Laundry series. —Locus Magazine Full of fast-paced, high-intensity action paired with magic at a level that has not been seen until now, with a cliff-hanger that lets readers know that the game is not over and has only just begun. —The San Francisco Book Review The Witch Who Came in from the Cold is a chilly evocation of a different kind of Cold War. —Charles Stross, author of the Laundry Files series “Take a double shot of Le Carré, a dash of Deighton, a twist of Quiller, a splash of Al Stewart's The Year of the Cat, throw in a jigger full of elemental magic, mix well ... and voilà! The Witch Who Came In From The Cold.” —Victor Milán, author of The Dinosaur Lords The occult love child of John le Carre and The Sandbaggers. —Marie Brennan, author of A Natural History of Dragons As soon as I saw that, I was instantly hooked, and the pilot jacked the intrigue to the max. Two female Soviet spy witches, an American spy with something weird drilling magical holes in his head, and a world of secrets within secrets in a locale where old-world myth and the Cold War face off, pedal to the metal . . . it's awesome. Or as we said in 1970, Far out. —Sherwood Smith, author of Crown Duel The installments are easy to read one at a time, but the tangles of alliances, secrets, and shocking double-crosses will have readers up all night mumbling, “Just one more.” —Publishers Weekly, starred review
