Here is a preview of what is inside this book: Childhood and Early Life High School Years College Years at University of Nevada Colin's NFL Career Colin Kaepernick's Legacy and Future An excerpt from the book: Colin Kaepernick continued to develop his overall athleticism by becoming a three-sport athlete at Pitman High School in Turlock. He played football in the fall, basketball in the winter, and baseball in the spring. Two of the three would eventually become his standout sports. Kaepernick didn't have to do much as a quarterback at first. In fact, the Pride was known as a running team with a few powerful backs. In his game as a starter on September 9, 2004, Kaepernick only had five attempts with two completions - one of which was a 21-yard pass for a first quarter touchdown. But the team was led by junior-back Anthony Harding's 233 yards, and senior-back Mark Runyan's 117 yards as Pitman combined for 471 rushing yards in a 46-36 win at home against Kennedy High School (Sacramento). One week later, Kaepernick began to show how good of an arm he had when he went 14-for-20 for 203 yards and three touchdowns in a 19-7 victory over Johansen High School (Modesto) on September 17, 2004. The games would flip between whether the Pride would focus more on the rushing attack, or let Kaepernick have the opportunities to throw. His final numbers at the end of the season were 1,051 passing yards, 13 touchdowns, and four interceptions. Kaepernick helped the Pitman Pride to an 8-3 record in his junior season that ended on November 19, 2004 against West High School from Tracy, California - a state playoff game where they lost 35-21. Kaepernick was 14-for-27 for 171 yards, one touchdown, and one interception. Football's Fearless Activists Mike Freeman,2020-09-15 For the first time, here is the full story of the NFL player protests that rocked a nation and turned our country upside down. This is the players' side, one that has largely been ignored by the media. On September 1, 2016, Colin Kaepernick took a knee before a preseason game. Little did he, nor anyone else, know the ramifications from that decision. Since being exiled from the National Football League, Kaepernick has stood strong against all those who have attacked him. He and others who took a knee against racial inequality and police brutality have been ridiculed, mocked, threatened, and some have even lost their jobs. They have feared for their safety and that of their loved ones. But what made Kaepernick kneel, and the entire country turn a silent protest into a national pandemic? One person: President Donald Trump. For the first time, veteran journalist Mike Freeman sits down with those directly involved in the protests—the players—to find out how things really went down. Readers will learn why they decided to protest, how racism and the murdering of innocent men of color directly affected them, how the politics of protest affected their professional and personal lives, and if anything has even changed for the better. Including interviews with Colin Kaepernick, Eric Reid, Kenny Stills, Michael Bennett, Richard Sherman, and numerous others, see first-hand how the media, President Trump, and the National Football League took a peaceful message for change and turned it on its head. They changed the narrative, accusing these men of being "anti-America," "anti-military," and "disrespecting the flag." In *Football's Fearless Activists*, Freeman offers an opportunity to understand what these protests meant to the players, and how the hatred from the media, President, NFL owners, and some Americans was not only unwarranted, but anti-American.
