**The Complete Incense Book** Susanne Fischer-Rizzi,1998 From the quiet meditations invoked by myrrh to the purifying qualities of juniper, incense cleanses the negative effects of polluted air and heightens one's mood. *Incense and Incense Rituals* Thomas Kinkele,2023-11-21 The author offers concise and many faceted guide to the world of incense burning rituals, as well as descriptions of the 81 incense substances comprising its core. Incense burning of the aromatic plant substances described focuses on spiritual and also magical ceremonies. A direct experience of fragrances may be so intense that, as the smoke unfolds, time seems to stand still. Fire - as a source of transformation is a frequently used symbol. For every type of crossing into new dimensions of perception it is the essential energetic catalyst, as it is for the fragrant messages still enveloped in their material form. Succumbing to its power, they emerge to beguile our senses. Just as there are heavenly messengers who send their vibrations to earth, plants also send their fragrant messages from the kingdom of nature into higher realms. Each description of an individual plan includes a depiction of its fragrance message and practical advice for burning it as incense.

**I'm Off Then** Hape Kerkeling,2009-06-16 I'm Off Then has sold more than three million copies in Germany and has been translated into eleven languages. The number of pilgrims along the Camino has increased by 20 percent since the book was published. Hape Kerkeling's spiritual journey has struck a chord. Overweight, overworked, and disenchanting, Kerkeling was an unlikely candidate to make the arduous pilgrimage across the Pyrenees to the Spanish shrine of St. James, a 1,200-year-old journey undertaken by nearly 100,000 people every year. But he decided to get off the couch and do it anyway. Lonely and searching for meaning along the way, he began the journal that turned into this utterly frank, engaging book. Filled with unforgettable characters, historic landscapes, and Kerkeling's self-deprecating humor, I'm Off Then is an inspiring travelogue, a publishing phenomenon, and a spiritual journey unlike any other.

**Where the Spirits Ride the Wind** Felicitas D. Goodman,1990-08-22 "Dr. Goodman has pioneered in the study of bodily postures and altered states of consciousness." --Stanley Krippner, professor of personal mythology and parapsychology "And suddenly the understanding of my own vision washed over me like a mighty wave . . . For life or for death, I was committed to that mighty realm of which I was shown a brief reminder, the world where all was forever motion and emergence, that realm where the spirits ride the wind." --from the Prologue Anthropologist and spiritual explorer Felicitas Goodman reexamines our notions of the nature of reality by studying the ritual postures of native art assumed by her subjects during trance states. For readers desiring to discover this world of ancient myths, she has included a practical guide on how to achieve such ecstatic experiences. "The book is clearly written for the general reader and includes many descriptions of trance experiences. It may serve as a good introduction to the nature and appeal of the shamanic revival in modern Western cultures." --Theological Book Review "A case study in experiential anthropology that offers a unique mix of autobiography, mythology, experiential research, and archaeological data to support a challenging thesis--that certain body postures may help induce specific trance states." --Shaman's Drum "This is a spellbinding and exceptionally readable book by an extraordinary woman." --Yoga Journal
