Tomas and the Library Lady Pat Mora,2020-08-25 A Common Core Exemplar Text by an award-winning author-illustrator team Tomás is a son of migrant workers. Every summer he and his family follow the crops north from Texas to Iowa, spending long, arduous days in the fields. At night they gather around to hear Grandfather's wonderful stories. But before long, Tomás knows all the stories by heart. There are more stories in the library,Papa Grande tells him. The very next day, Tomás meets the library lady and a whole new world opens up for him. Based on the true story of the Mexican-American author and educator Tomás Rivera, a child of migrant workers who went on to become the first minority Chancellor in the University of California system, this inspirational story suggests what libraries--and education--can make possible. Raul Colón's warm, expressive paintings perfectly interweave the harsh realities of Tomás's life, the joyful imaginings he finds in books, and his special relationships with a wise grandfather and a caring librarian. A gentle text and innovative artwork. . . . While young readers and future librarians will find this an inspiring tale, the end note gives it a real kick: the story is based on an actual migrant worker [Tomás Rivera] who became chancellor of a university--where the library now bears his name.--Publishers Weekly

Have You Seen Luis Velez? Catherine Ryan Hyde,2019 An Amazon Charts and Wall Street Journal bestseller. New York Times bestselling author Catherine Ryan Hyde brings heartwarming authenticity to the story of two strangers who find that kindness is a powerful antidote to fear. Raymond Jaffe feels like he doesn't belong. Not with his mother's new family. Not as a weekend guest with his father and his father's wife. Not at school, where he's an outcast. After his best friend moves away, Raymond has only two real connections: to the feral cat he's tamed and to a blind ninety-two-year-old woman in his building who's introduced herself with a curious question: Have you seen Luis Velez? Mildred Gutermann, a German Jew who narrowly escaped the Holocaust, has been alone since her caretaker disappeared. She turns to Raymond for help, and as he tries to track Luis down, a deep and unexpected friendship blossoms between the two. Despondent at the loss of Luis, Mildred isolates herself further from a neighborhood devolving into bigotry and fear. Determined not to let her give up, Raymond helps her see that for every terrible act the world delivers, there is a mirror image of deep kindness, and Mildred helps Raymond see that there's hope if you have someone to hold on to.

Short Stories by Short People Daniel Fisher,2001-10-15 This collection of stories by young authors covers a wide range of fiction and nonfiction topics. Here is a sampling of works: The track looked like a huge water slide built of ancient wooden scaffolding. Instead of a plastic trough and running water, it was a bed of twisting, glistening ice. Now I could see that a sixty-foot run, after making a huge curve, merged into a forty-foot run. Then the run made multiple turns before one final downward plunge. For a second it seemed miraculous that the track wasn't littered with broken bodies.... I climbed the steep stairs to the lowest run and waited. I felt nauseous, and hoped no one could tell I was a little scared. Too soon it was my turn. There was no escape. I positioned myself on the sled. I fought panic while waiting for the operator to give me the 'go' signal. Off I went with my heart skipping a few beats. The wind whipped against my face. --from Polar Bear Camping It's 6:50 a.m. I know this time all too well. The ritual has begun. My mom climbs the steps of the ladder to my top bunk to tickle my feet: a tactile alarm clock. Oh, it's Thursday, not just any day of the week. It's the day when exhaustion and fatigue will rule me and my only salvation will be a special place, on the most comfortable sofa in the family room, where the angle of the television screen is just right and the pillows outline the shape of my body. I call this place THE SPOT. --from The Perfect Spot Aaron awoke disoriented and confused. Then suddenly he recognized his surroundings and remembered his fall. He quickly thanked god that he landed in bushes and was only bruised and scratched. He quickly looked down at his watch; it was 8:00 in the morning. He realized that his friends were gone. THEY THOUGHT HE WAS DEAD! He knew that to survive he needed his pack. He looked up and started to climb...without ropes. --from Lost in the Australian Outback Suddenly, the ghost appeared and looked around the room impatiently. 'Where is that girl when I need her?' The ghost listened carefully and heard a gurgling sound. She went through the wall and gently tapped Kary's shoulder. Kary turned around and screamed, although the foam coating her mouth muffled her scream. She slowly picked up her cup and gurgled while staring at the ghost cautiously. --from One's Pride is One's Courage The Tooth Fairy wasn't pretty at all. Her nose was warty and pointy. Her hair was gray and greasy. Then, all of a sudden, the Tooth Fairy picked up Cindy's favorite blanket from her grandmother and started to run away. The Tooth Fairy dashed to the window and Cindy raced after her. She could hear her heart beat so fast. She didn't feel shy at that moment at all; she just had to catch the Tooth Fairy. She just had to get that blanket back. --from The Tooth Fairy I don't exactly believe in ghosts or monsters, but I strongly believe that there are strange creatures out there that no one knows about. I've heard their cries many times, especially when lying in my bed at night. Sometimes, thinking about the strange creatures gives me the shivers up my spine.... There is no use in calling my mother or father when I'm scared because they never believe me, of course. All they say are things like: There are no strange creatures making noises, Becca. It's just your runaway imagination. Or, We can have your ears checked next week. --from The Grand Adventure He galloped down an alley, only to be cut off by a large black wall. The wall seemed to balk and shift. Then he realized it was not totally black, but had small planet-like dots that co
