One Cup at a Time Debra-Lynn Bellefeuille,2015-12-03 Is there anything that can match the pure pleasure of sitting at a café watching life go by? Assuming you have a cup of coffee in hand, that is! Coffee, that lovely elixir of life, has provided stimulation, solace, and socialization around the world for centuries. Part coffee-lover's diary, part travelogue, always engaging, informative and insightful, *One Cup at a Time* is the tale of a woman's quest for love and happiness...and coffee. When work brought Debra-Lynn Bellefeuille to London, England, travel delivered new cultural adventures and life supplied plenty of ups and downs. Coffee became her therapy and a way of discovering herself: a sort of kick-starting, uplifting antidote to regrets. She has scouted out the best coffee shops, met fellow coffee aficionados, researched myth, fact, and fiction, participated in ancient coffee rituals, tasted the most expensive coffee in the world, and travelled to Marrakesh and beyond in search of the best coffee experiences, always sharing her love of coffee with others. She found her greatest pleasure in sitting at a coffee shop, savouring the taste and observing others—watching life go by, one cup at a time.

The World Atlas of Coffee James Hoffmann,2018-10-04 The worldwide bestseller - 1/3 million copies sold 'With his expert guidance we travel around the globe, from Burundi to Honduras via Vietnam, sipping and spitting as we go. This is high geekery made palatable by the evident love pulsing through every sentence.' - The Guardian 'The subject of coffee has never been more, er, hot, and *The World Atlas of Coffee* takes a close look at its history and evolution, the international range of beans and all the best ways to enjoy coffee. Great pics too.' - Susy Atkins, The Telegraph For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

How to make the best coffee at home James Hoffmann,2022-09-15 We all expect to be able to buy an excellent cup of coffee from the many brilliant coffee shops available. But what about the coffee we make at home? Shouldn't that be just as good? Coffee guru James Hoffmann runs Square Mile Coffee, as well as creating extremely informative, and popular, kit and coffee reviews for his YouTube and Instagram channels. In his latest book he demonstrates everything you need to know to make consistently excellent coffee at home, including: what kit is worth buying, and what isn't; how to grind coffee; the basics of brewing for all major equipment (cafetiere, aeropress, stovetop etc); understanding coffee drinks, from the cortado to latte; the perfect espresso; and taking it to the next level - home roasting.

The Shape of Sex Leah DeVun,2021-05-25 Winner, 2024 Haskins Medal, Medieval Academy of America Winner, 2023 Margaret W. Rossiter History of Women in Science Prize, History of Science Society Winner, 2022 Award for Excellence in the Study of Religion: Historical Studies, American Academy of Religion Honorable Mention, 2023 John Boswell Prize, The Committee on Lesbian, Gay, Bisexual & Transgender History (CLGBTH) Longlisted, 2022 Lambda Literary Award for LGBTQ Studies, Lambda Literary Awards *The Shape of Sex* is a pathbreaking history of nonbinary sex, focusing on ideas and individuals who allegedly combined or crossed sex or gender categories from 200–1400 C.E. Ranging widely across premodern European thought and culture, Leah DeVun reveals how and why efforts to define “the human” so often hinged on ideas about nonbinary sex. *The Shape of Sex* examines a host of thinkers—theologians, cartographers, natural philosophers, lawyers, poets, surgeons, and alchemists—who used ideas about nonbinary sex as conceptual tools to order their political, cultural, and natural worlds. DeVun reconstructs the cultural landscape navigated by individuals whose sex or gender did not fit the binary alongside debates about animality, sexuality, race, religion, and human nature. *The Shape of Sex* charts an embrace of nonbinary sex in early Christianity, its brutal erasure at the turn of the thirteenth century, and a new enthusiasm for nonbinary transformations at the dawn of the Renaissance. Along the way, DeVun explores beliefs that Adam and Jesus were nonbinary-sexed; images of “monstrous races” in encyclopedias, maps, and illuminated manuscripts; justifications for violence against purportedly nonbinary outsiders such as Jews and Muslims; and the surgical “correction” of bodies that seemed to flout binary divisions. In a moment when questions about sex, gender, and identity have become incredibly urgent, *The Shape of Sex* casts new light on a complex and often contradictory past. It shows how premodern thinkers created a system of sex and embodiment that both anticipates and challenges modern beliefs about what it means to be male, female—and human.

Secrets Kept Hidden Antonio F. Vianna, 2016-02-23 There's a one-of-a-kind ring in a safe-deposit box that a man named Alder wants his hands on, so he and his mute younger brother take hostage the owner of the ring, Jack, and his so-called girlfriend, Eva. The older Alder threatens to harm Eva unless Jack brings him the ring. After several nerve-racking hours, they all come to understand the ring is missing from the safe-deposit box. The Alder brothers disappear with Eva, leaving Jack alone. Within a very fast time, the situation gets complicated and even confusing, yet someone needs to simplify it. When law enforcement is brought in, veteran detective Mark Dockett is assigned the case along with his protégé, investigator Keelie Moraco. It doesn't take long before suspicious things happen, including a fair share of double-dealing that cause Moraco to suspect a startling truth: corruption in law enforcement. When she thinks she's gathered enough evidence to solve the ring heist and expose the corruption, something out of the blue happens that changes her mind and her allegiance forever. It seems everyone has at least one closely held secret they won't let go.

Introduction to Advertising Emmanuel Mogaji, 2021-05-30 This book is an introductory roadmap to the advertising process. Advertising is explored as a creative communication message from a brand, created by advertising agencies and distributed across different media to target the right consumers. The book provides an understanding of the benefits of advertising, its role in the economy and, even more so, acknowledges that advertisements are not only about selling but also about effectively communicating a message. The creative and conceptual approach towards the communication process is discussed, and insight is presented into the dynamics within the industry and the different stakeholders involved, while recognising how different creative elements in advertisements are consciously selected to make them appealing. Finally, it considers how to analyse and measure an advert's effectiveness and looks ahead to future ideas and technologies arising in advertising. Effectively combining theory with practical insight, each chapter begins with learning objectives and ends with key learnings. International case studies feature throughout, including insights from British Gas, WPP, Audi and KFC, as well as other examples from smaller organisations and the non-profit sector. Taking students step by step through the advertising process, it is important reading for undergraduate and postgraduate students studying Advertising, Brand Management, Marketing Communications and Media Planning.

This Is Your Mind on Plants Michael Pollan,2021-07-06 The instant New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of the Year “Expert storytelling . . . [Pollan] masterfully elevates a series of big questions about drugs, plants and humans that are likely to leave readers thinking in new ways.” –New York Times Book Review From #1 New York Times bestselling author Michael Pollan, a radical challenge to how we think about drugs, and an exploration into the powerful human attraction to psychoactive plants—and the equally powerful taboos. Of all the things humans rely on plants for—sustenance, beauty, medicine, fragrance, flavor, fiber—surely the most curious is our use of them to change consciousness: to stimulate or calm, fiddle with or completely alter, the qualities of our mental experience. Take coffee and tea: People around the world rely on caffeine to sharpen their minds. But we do not usually think of caffeine as a drug, or our daily use as an addiction, because it is legal and socially acceptable. So, then, what is a “drug”? And why, for example, is making tea from the leaves of a tea plant acceptable, but making tea from a seed head of an opium poppy a federal crime? In This Is Your Mind on Plants, Michael Pollan dives deep into three plant drugs—opium, caffeine, and mescaline—and throws the fundamental strangeness, and arbitrariness, of our thinking about them into sharp relief. Exploring and participating in the cultures that have grown up around these drugs while consuming (or, in the case of caffeine, trying not to consume) them, Pollan reckons with the powerful human attraction to psychoactive plants. Why do we go to such great lengths to seek these shifts in consciousness, and then why do we fence that universal desire with laws and customs and fraught feelings? In this unique blend of history, science, and memoir, as well as participatory journalism, Pollan examines and experiences these plants from several very different angles and contexts, and shines a fresh light on a subject that is all too often treated reductively—as a drug, whether licit or illicit. But that is one of the least interesting things you can say about these plants, Pollan shows, for when we take them into our bodies and let them change our minds, we are engaging with nature in one of the most profound ways we can. Based in part on an essay published almost twenty-five years ago, this groundbreaking and singular consideration of psychoactive plants, and our attraction to them through time, holds up a mirror to our fundamental human needs and aspirations, the operations of our minds, and our entanglement with the natural world.
