Principles of Accounting Volume 1 - Financial Accounting Mitchell Franklin,Patty Graybeal,Dixon Cooper,2019-04-11 The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. *Principles of Accounting* is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the why as well as the how aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
