Questions and Answers: Business Associations helps students better understand and develop their mastery of the law of business association in ways that will help them succeed in a standard survey course, prepare for the bar exam, and enter practice. The third edition of this popular supplement updates, clarifies, and builds upon the coverage of earlier chapters, introduces questions focused on the law of agency, and elaborates on distinctions between the Model Business Corporation Act and the Delaware General Corporation Law. Notably, the revisions of the third edition have been informed by developments announced by the National Conference of Bar Examiners in anticipation of forthcoming revisions to the bar exam. This study guide includes multiple-choice and short-answer questions arranged topically for ease of use during the semester, plus an additional set of questions comprising a comprehensive practice exam. For each multiple-choice question, the authors have provided a thorough, yet concise, explanation that both indicates which of four options is the best answer and explains why that option is better than the other three options. Each short-answer question is designed to be answered in fifteen minutes or less. For these questions, the authors provide a comprehensive, yet brief, model answer. In all, this study guide provides a useful tool for formative assessment and self-evaluation.
