Cat and Mouse. Come to My House! Stéphane Husar,Loïc Méhée,2013-09

Hay Un Raton En Casa! / There's a Mouse in the House!

Cat Sense John Bradshaw,2013-09-10 Cats have been popular household pets for thousands of years, and their numbers only continue to rise. Today there are three cats for every dog on the planet, and yet cats remain more mysterious, even to their most adoring owners. Unlike dogs, cats evolved as solitary hunters, and, while many have learned to live alongside humans and even feel affection for us, they still don't quite "get us" the way dogs do, and perhaps they never will. But cats have rich emotional lives that we need to respect and understand if they are to thrive in our company. In *Cat Sense*, renowned anthrozoologist John Bradshaw takes us further into the mind of the domestic cat than ever before, using cutting-edge scientific research to dispel the myths and explain the true nature of our feline friends. Tracing the cat's evolution from lone predator to domesticated companion, Bradshaw shows that although cats and humans have been living together for at least eight thousand years, cats remain independent, predatory, and wary of contact with their own kind, qualities that often clash with our modern lifestyles. Cats still have three out of four paws firmly planted in the wild, and within only a few generations can easily revert back to the independent way of life that was the exclusive preserve of their predecessors some 10,000 years ago. Cats are astonishingly flexible, and given the right environment they can adapt to a life of domesticity with their owners—but to continue do so, they will increasingly need our help. If we're to live in harmony with our cats, Bradshaw

explains, we first need to understand their inherited quirks: understanding their body language, keeping their environments—however small—sufficiently interesting, and becoming more proactive in managing both their natural hunting instincts and their relationships with other cats. A must-read for any cat lover, *Cat Sense* offers humane, penetrating insights about the domestic cat that challenge our most basic assumptions and promise to dramatically improve our pets' lives—and ours.

Child 44 Tom Rob Smith, 2009-04-01 DON'T MISS THE NEW TOM ROB SMITH NOVEL, COLD PEOPLE, OUT NOW! OVER 2 MILLION COPIES SOLD MOSCOW, 1953. Under Stalin's terrifying regime, families live in fear. When the all-powerful State claims there is no such thing as crime, who dares disagree? AN INTERNATIONAL BESTSELLER IN OVER 30 LANGUAGES An ambitious secret police officer, Leo Demidov believes he's helping to build the perfect society. But when he uncovers evidence of a killer at large - a threat the state won't admit exists - Demidov must risk everything, including the lives of those he loves, in order to expose the truth. A THRILLER UNLIKE ANY YOU HAVE EVER READ But what if the danger isn't from the killer he is trying to catch, but from the country he is fighting to protect? Nominated for seventeen international awards and inspired by a real-life investigation, CHILD 44 is a relentless story of love, hope and bravery in a totalitarian world. From the screenwriter of the acclaimed television series, THE ASSASSINATION OF GIANNI VERSACE: AMERICAN CRIME STORY.

Peeling the Onion Günter Grass, 2008 In this extraordinary memoir, Nobel Prize-winning author Günter Grass remembers his early life, from his boyhood in a cramped two-room apartment in Danzig through the late 1950s, when *The Tin Drum* was published. During the Second World War, Grass volunteered for

the submarine corps at the age of fifteen but was rejected; two years later, in 1944, he was instead drafted into the Waffen-SS. Taken prisoner by American forces as he was recovering from shrapnel wounds, he spent the final weeks of the war in an American POW camp. After the war, Grass resolved to become an artist and moved with his first wife to Paris, where he began to write the novel that would make him famous. Full of the bravado of youth, the rubble of postwar Germany, the thrill of wild love affairs, and the exhilaration of Paris in the early fifties, *Peeling the Onion*--which caused great controversy when it was published in Germany--reveals Grass at his most intimate.

Drawing Blood Poppy Brite, 2010-11-24 Poppy Z. Brite re-imagines the haunted house novel, creating a fresh, sensual, and totally original reading experience. IT'S A PASSION. IT'S AN ART. IT'S THE ONLY WAY OUT. . . In the house on Violin Road he found the bodies of his brother, his mother, and the man who killed them both—his father. From the house on Violin Road, in Missing Mile, North Carolina, Trevor McGee ran for his sanity and his soul, after his famous cartoonist father had exploded inexplicably into murder and suicide. Now Trevor is back. In the company of a New Orleans computer hacker on the run from the law, Trevor has returned to face the ghosts that still live on Violin Road, to find the demons that drove his father to murder his family—and worse, to spare one of his sons. . . . But as Trevor begins to draw his own cartoon strip, he loses himself in a haze of lines and art and thoughts of the past, the haunting begins. Trevor and his lover plunge into a cyber-maze of cartoons, ghosts, and terror that will lead either to understanding—true understanding—or to a blood-raining repetition of the past. . . . Praise for *Drawing Blood* “Electrifying . . . explosive lyricism . . . [a] soul-sucking antagonist . . . rich background descriptions. That there is a Brite future never doubt.”—Kirkus Reviews “Exotica . . . disaffected youth . . . a spicy gumbo of sub-cultural hipness simmered in a cauldron of modern horror

fiction.”—Fangoria “Darker and more exotic than Anne Rice, more cerebral than Stephen King . . . Horror is rarely this good.”—Echo

Hunted Meagan Spooner,2017-03-14 New York Times bestselling author Meagan Spooner spins a thoroughly thrilling Beauty and the Beast story for the modern age, expertly woven with spellbinding romance, intrigue, and suspense that readers won't soon be able to forget. Beauty knows the Beast's forest in her bones—and in her blood. After all, her father is the only hunter who's ever come close to discovering its secrets. So when her father loses his fortune and moves Yeva and her sisters out of their comfortable home among the aristocracy and back to the outskirts of town, Yeva is secretly relieved. Out in the wilderness, there's no pressure to make idle chatter with vapid baronessas...or to submit to marrying a wealthy gentleman. But Yeva's father's misfortune may have cost him his mind, and when he goes missing in the woods, Yeva sets her sights on one prey: the creature he'd been obsessively tracking just before his disappearance. The Beast. Deaf to her sisters' protests, Yeva hunts this strange creature back into his own territory—a cursed valley, a ruined castle, and a world of magical creatures that Yeva's only heard about in fairy tales. A world that can bring her ruin, or salvation. Who will survive: the Beauty, or the Beast?
