bestselling Crossfire series. Bared to You He was beautiful and brilliant, jagged and white-hot. I was drawn to him as I'd never been to anything or anyone in my life. I craved his touch like a drug, even knowing it would weaken me. I was flawed and damaged, and he opened those cracks in me so easily... Gideon knew. He had demons of his own. And we would become the mirrors that reflected each other's most private wounds... and desires. The bonds of his love transformed me, even as I prayed that the torment of our pasts didn't tear us apart... Reflected in You Gideon Cross. As beautiful and flawless on the outside as he was damaged and tormented on the inside. He was a bright, scorching flame that singed me with the darkest of pleasures. I couldn't stay away. I didn't want to. He was my addiction... my every desire...mine. My past was as violent as his, and I was just as broken. We'd never work. It was too hard, too painful... except when it was perfect. Those moments when the driving hunger and desperate love were the most exquisite insanity. We were bound by our need. And our passion would take us beyond our limits to the sweetest, sharpest edge of obsession... Entwined with You From the moment I first met Gideon Cross, I recognized something in him that I needed. My gorgeous, wounded warrior, so determined to slay my demons while refusing to face his own. The vows we'd exchanged should have bound us tighter than blood and flesh. Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. I felt him slipping from my grasp, my greatest fears becoming my reality, my love tested in ways I wasn't sure I was strong enough to bear. At the brightest time in our lives, the darkness of his past encroached and threatened everything we'd worked so hard for. *China and the Victorian Imagination* Ross G. Forman, 2013-08-15 Ross G. Forman demonstrates how integral China and the Chinese were to the Victorian imagination and reassesses British imperialism in Asia.

*Crossfire* □□□□, 2005-10-25 This is about two women committed to fighting evil with their different talents: one is a policewoman with a good head and heart, the other a young woman with the supernatural power to start fire. It is easy to assume that the unusual ability of the latter would be more effective, but the novel explores how powers actually rob their owners of the freedom to live normal lives. Another theme is of the nature of vigilantism, explored provocatively with irredeemable, violent criminals who manage to evade meaningful legal justice. Crimes include the rape and murder of high school girls by minors who are given lenient treatment by the law, and women who are victim stalkers and domestic violence. This is where the vigilante group *The Guardians* step in. However, innocent lives are lost in the crossfire,

and the reader is left to decide whether the legal system, despite its imperfections, is left to handle criminals, or are citizens justified in taking the law into their own hands? Miyabe presents us with vigilantes with supernatural powers yet they are very human characters. Ultimately the focus is less on them

*Islam in Malaysia* Khairudin Aljunied, 2019 This book surveys the growth and development of Islam in Malaysia from the eleventh to the twenty-first century, investigating how Islam has shaped the social lives, languages, cultures and politics of both Muslims and non-Muslims in one of the most populous Muslim regions in the world. Khairudin Aljunied shows how Muslims in Malaysia built upon the legacy of their pre-Islamic past while benefiting from Islamic ideas, values, and networks to found flourishing states and societies that have played an influential role in a globalizing world. He examines the movement of ideas, peoples, goods, technologies, arts, and cultures across into and out of Malaysia over the centuries. Interactions between Muslims and the local Malay population began as early as the eighth century, sustained by trade and the agency of Sufi as well as Arab, Indian, Persian, and Chinese scholars and missionaries. Aljunied looks at how Malay states and societies survived under colonial regimes that heightened racial and religious divisions, and how Muslims responded through violence as well as reformist movements. Although there have been tensions and skirmishes between Muslims and non-Muslims in Malaysia, they have learned in the main to co-exist harmoniously, creating a society comprising of a variety of distinct populations. This is the first book to

provide a seamless account of the millennium-old venture of Islam in Malaysia.
