**A Look Inside a Rare Mind** Jennifer Soldner, 2015-07-10 **WHAT THIS BOOK IS:** A raw look into the mind of an INFJ through the beginning stages of her journey from first discovering her Myers-Briggs Personality Type. This book is a descriptive personal journal shared to help those who are at the beginning stages of discovering that they, too, are an INFJ and may be searching for validation, understanding and a kindred spirit. Please note: This book is a personal account and its contents may not apply to all INFJ personalities. **WHAT THIS BOOK IS NOT:** An educational or informational resource about the INFJ personality type as a whole. There are ample resources explaining the functionalities of an INFJ which I encourage you to read. However, if you are looking for a technical or scientific source, this book may not be for you. My entire life was spent questioning myself. I always wondered why I seemed different. Why I could never fit in anywhere. Why I struggled so much emotionally. And most

of all, why I could not find anyone who understood. My conclusion was always the same. Something is wrong with me. I felt like I was failing at my life and I could never seem to fix it. I changed my persona more times than Madonna. I tried different faiths. I tried different friends. I even changed my wardrobe as often as I could afford to. But nothing. I continued to fail. I continued to remain alone, misunderstood by myself and everyone around me. Until one day, I took a Myers-Briggs Personality test and read the results: INFJ. What does that mean? I researched and researched, read and read, pondered and pondered, until it hit me... I am not insane. I am not failing. I am not broken. I am an INFJ. Once I learned my personality type, I was able to begin my personal growth and development. In these pages, I wish to share with you my thoughts through the early stages of my discovery: the positive, the negative, the joyful and the depressing. Welcome to the rare mind of an INFJ.

**INFJ Personality Manual** Carrie Parker, 2020-01-19 Did you recently take the Myers Briggs test and discover that you are INFJ but don't know what that means? This book explains what it truly means to be an INFJ and more importantly it explains why you do the things that you do. INFJ is one of the rarest results of the Meyers Briggs test and therefore it can be difficult to find worthwhile information about it. One of the qualities many INFJ's share is that they tend to be pessimistic and feel perpetually stressed and often don't know why. This book will show you how not only to live as an INFJ but to excel with it. By learning what it means to be an INFJ you will learn all about how to excel in any activity you do by learning to manage both the pros and cons of being an INFJ. Being an INFJ means that you are special but it also means you might have to learn to do things in a way that others don't have too, this book will help you do that. What you will learn in this book: -The supporter and their origins-How to circumvent stress-What it means to be an INFJ-What having a rare personality really means-Everything you need to know about self-efficacy-Learning the locus of control-And so

much more! Embracing being an INFJ means learning everything you can about it so you can make the best possible choices for your life based on your personality type. The reason most people fail to achieve their goals is because they try to work against themselves, meaning the goals they set and how they attempt to achieve them are contrary to who they are and what they really want. But, with this book you will learn how to set and achieve goals that go hand in hand with being an INFJ. So, if you are ready to start living your best life as an INFJ then you need to get this book today.

**Infj** Victoria Arfaoui, 2017-08-21 The Ultimate Guide to the INFJ Personality Type! The INFJ personality type is one of the rarest types, making up less than a percent of the population, yet they still manage to leave an indelible mark on the world. They are the advocates and diplomats, and as such, they have a sense of morality and idealism. Their judging trait sets them apart from others; INFJs do not idle dream about life. They instead are people that take concrete steps towards the goals that they have thought out, and make sure that they make a positive and lasting impact. INFJs have a unique set of traits; they may be soft-spoken, but they have strong opinions and are willing to fight for what they believe in tirelessly. They are very strong-willed and decisive, but they don't use the energy for personal gains. They use their powers of sensitivity, conviction, imagination, and creativity to make a difference in the world. INFJs like the thought of karma and egalitarianism, and they believe that there is nothing in the world that can soften the hearts of tyrants better than compassion and love. Since there are so few INFJs in the world, not many people truly understand them. Despite them being relatively few, there's a good chance that you will run into one in your lifetime, and thus it's important to know what they're about, and how to work with them. This book is here to provide you with that information. You will find: Strengths and Weaknesses of the INFJ The INFJ's Habits How INFJs

Act in Relationships The Best Career Paths for INFJs ...and a whole lot more! This book isn't only for the person who works with the INFJ, but also for the INFJ themselves. While you may think you know yourself, there are likely some traits you are unaware of. This book can also help you to understand why you do some of the things you do. No matter who you are, this book will help you understand one of the most special personality types.
