Double Stops for Cello Rick Mooney,1995 Simple and familiar melodies form the basis of these studies in double-stopping on the cello, avoiding the complex music found in traditional books of double stopping technique. Some triple stops also included.

Position Pieces for Cello Rick Mooney,1997 Position Pieces for Cello is designed to give students a logical and fun way to learn their way around the fingerboard. Each hand position is introduced with exercises called Target

Practice, Geography Quiz, and Names and Numbers. Following these exercises are tuneful cello duets which have been specifically composed to require students to play in that hand position. In this way, students gain a thorough knowledge of how to find the hand positions and, once there, which notes are possible to play. Using these pieces (with names like I Was a Teenage Monster, The Irish Tenor, and I've Got the Blues, Baby), position study on the cello has never been so much fun!
