Moorish Poetry A.J. Arberry,2012-10-12 Seven hundred and fifty years ago, this anthology of small masterpieces of renowned Moorish poets from Muslim Spain, North Africa and Sicily was compiled by Ibn Sa'id al-Andalusi, a native of Southern Spain. The text has been translated into rhymed English verses with an Introduction explaining the conventions of Arabic literature within which these Moorish poets worked.

English Poetry and Modern Arabic Verse Ghareeb Iskander,2021-01-28 This is the first study to examine the Arabic translations of a number of major modern poems in the English language, in particular T. S. Eliot's *The Waste Land* and Walt Whitman's *Song of Myself*. With case studies dedicated to the Arab translators who were themselves modernist poets, including Badr Shakir al-Sayyab and Saadi Yusuf, the author brings a reading of the translations as literary works in their own right. Revealing why the Arab modernists were drawn to these poems through situational context, Ghareeb Iskander shows that the influence exerted by the English originals stems from the creative manner in which the Arab poet-translators converted them into their own language.

So That the Poem Remains Youssef Abdul Samad,2012-10-01 SO THAT THE POEM REMAINS is published by Agio Publishing House in cooperation with the New Pen League. Youssef Abdul Samad's poetry is animated by extravagant lyricism that is both intense and disarming. His poetry delves deep into the human condition, the mundane, sublime, and political; all with precision and pleasing detail. Life's issues are couched in an elegant and eloquent style that is simultaneously profound and accessible. Ghada Alatrash's translation is informed and compassionate. It is a faithful, elegant, and poetic interpretation of Samad's soaring emotions and observations. The resonant poetic voice that she has transmitted into English is as melodious and clear as the Arabic original. -- Dr. Mansour Ajami, poet and literary critic Then again, poetry will never be defeated this easily -- for as long as there is a man like you who gargles with its water day and night, poetry will forever remain the king of kings. -- from world-renowned Syrian poet Nizar Qabbani's letter to the poet About the Poet: Born in Ras al Maten, Lebanon, YOUSSEF ABDUL SAMAD immigrated to the USA in 1969. He says, I am made of a blend of the two worlds; when I am in one place, I always find myself longing for the other. Abdul Samad is a businessman in New York City and has published five volumes of Arabic poetry. About the Translator: Daughter of former Syrian Ambassador Jabr Al-Atrash, GHADA ALATRASH immigrated with her family from Syria to the United States in 1986. She holds a Master of Arts in English from University of Oklahoma, USA. She is an op/ed columnist for Gulf News, UAE, and was previously op/ed columnist for the Cranbrook Daily Townsman. She taught English at Abu Dhabi Women's College, UAE, and was an Adjunct Lecturer of Arabic at University of Oklahoma. She has served as a board member for the Multicultural Advisory Board of British Columbia, Canada. She is a member of the New Pen League, New York. She currently resides in Alberta, Canada. ...Like a rose in a poem, you do not wither; recited a thousand times, it always remains new. If Earth were to return to water, to water we would also return, and the poem remains. -- Youssef Abdul Samad And it is so that the poem remains, so that the young can better understand the old, and so that there is universal harmony and connectedness between East and West, I present my readers with this work of translation. -- Ghada Alatrash

Representations of the Divine in Arabic Poetry ,2021-11-22 In Islam the fascination for "the word" is as vigorous as in Judaism and in Christianity, but an extra dimension is, that the revealed text, the Koran, is considered to be verbatim the word of the Almighty Himself, thereby providing the Arabic language with just an extra quality. No wonder that throughout Islamic history the study of the word, the Koran, the prophet's utterances and the interpretation of both, has become the main axis of knowledge and education. As a consequence the intellectuals - and also the poets in Islamic culture - were thoroughly familiar with religious terms and the phraseology of a language which was highly estimated because of the divine origin with which it was associated. No wonder therefore, that allusions to religious texts can be found throughout Arabic literature, both classical and modern. The subject of this volume is the representation of the divine in Arabic poetry, be it the experience of the divine as expressed by poets or the use of imagery coined by religion.

Modern Arabic Poetry Shmuel Moreh,1976-01-01 The purpose of this book is to trace the development of the differing forms employed in various literary movements in modern Arabic poetry. This development seems to me the most important element in the understanding of the contemporary revolution in Arabic poetry. Moreover, this revolution is considered to be the first in the history of Arabic poetry in which the influence of foreign literature has been such that it has almost completely cut off modern Arabic poetry from its classical heritage. from Introduction.

The Poetry of Arab Women from the Pre-Islamic Age to Andalusia Wessam Elmeligi,2019-06-04 This is a compilation of poetry written by Arabic women poets from pre-Islamic times to the end of the Abbasid caliphate and Andalusia, and offers translations of over 200 poets together with literary commentary on the poets and their poetry. This critical anthology presents the poems of more than 200 Arabic women poets active from the 600s through the 1400s CE. It marks the first appearance in English translation for many of these poems. The volume includes biographical information about the poets, as well as an analysis of the development of women's poetry in classical Arabic literature that places the women and the poems within their cultural context. The book fills a noticeable void in modern English-language scholarship on Arabic women, and has important implications for the fields of world and Arabic literature as well as gender and women's studies. The book will be a fascinating and vital text for students and researchers in the fields of Gender Studies and Middle Eastern studies, as well as scholars and students of translation studies, comparative literature, literary theory, gender studies, Arabic literature, and culture and classics.

A Time Between Ashes and Roses Adonis,2004-11-01 Adonis's poetry and prose writings have aroused much controversy in the Arab world, both for their provocative content and their arresting style. Grounded in traditional poetic styles, Adonis developed a new way of expressing modern sentiments. Although influenced by classical poets, Adonis started at a relatively early age to experiment with the prose poem, giving it density, tension, metaphors, and rhythm. He also broke with the diction and style of traditional poems, introducing a new and powerful syntax and new imagery. Through his innovative use of language, imagery, and narrative technique, Adonis has played a leading role in the revolutionizing of Arabic literature. He has garnered many of the world's major poetry prizes. In *A Time Between Ashes and Roses* Adonis evokes the wisdom of Whitman's *Leaves of Grass*, liberally excerpting from and remolding its images; the modernism of William Carlos Williams; and the haunting urban imagery of poets such as Baudelaire, Cavafy, and Lorca. Three long poems allow him to explore profoundly the human condition, by examining language and love, race and favor, faith and dogma, war and ruin. In the lyrical "This Is My Name" and "Introduction to the History of the Petty Kings," Adonis ponders Arab defeat and defeatism. In "A Grave for New York," he reflects on the same theme by interrogating Vietnam-era America. This bilingual edition, presenting the poems in Arabic and English on facing pages, is enhanced by a critical bibliography of Adonis's works, providing an accessible and crucial reference for scholars of modern and Middle Eastern poetry and culture. Shawkat M. Toorawa's vivid and eloquent translation finally makes the poet's signature work available to an English-speaking audience; the effect is no less powerful than were the first translations of Pablo Neruda into English.

Love Is My Savior Rumi,2016-02-01 This new volume of Rumi's works, the first-ever English translation of his Arabic poems, will be exciting for the newcomer to Rumi's verses as well as to readers already familiar with his mystical philosophy. The poems take the reader on a journey of spiritual exploration, ecstatic union, cruel rejection, and mystic reconciliation. Rumi reveals his soul and welcomes everyone to his spiritual feast. This dual-language volume opens a treasury of Rumi's mystic thought and startling poetry. His verses pulsate with desire and longing, with sensuality, and with ecstatic celebration. Rumi found in his mystic poetry a vehicle for the expression of the endless spiritual bounties of love. He placed love at the center of his faith and doctrine, and he pronounced it to be the goal of his life and the only form of true worship. This collection is stunningly rendered in English by an award-winning poet and a distinguished translator of Arabic poetry.

Abundance from the Desert Raymond Farrin,2011-03-29 *Abundance from the Desert* provides a comprehensive introduction to classical Arabic poetry, one of the richest of poetic traditions. Covering the period

roughly of 500-1250 c.e., it features original translations and illuminating discussions of a number of major classical Arabic poems from a variety of genres. The poems are presented chronologically, each situated within a specific historical and literary context. Together, the selected poems suggest the range and depth of classical Arabic poetic expression; read in sequence, they suggest the gradual evolution of a tradition. Moving beyond a mere chronicle, Farrin outlines a new approach to appreciating classical Arabic poetry based on an awareness of concentric symmetry, in which the poem's unity is viewed not as a linear progression but as an elaborate symmetrical plot. In doing so, the author presents these works in a broader, comparative light, revealing connections with other literatures. The reader is invited to examine these classical Arabic works not as isolated phenomena—notwithstanding their uniqueness and their association with a discrete tradition—but rather as part of a great multicultural heritage. This pioneering book marks an important step forward in the study of Arabic poetry. At the same time, it opens the door to this rich tradition for the general reader.

An Anthology of Modern Arabic Poetry Mounah A. Khouri, Hamid Algar, 2023-11-10 This bilingual anthology is the first attempt to present a substantial collection of contemporary Arabic poetry in the English language. It acquaints the English-speaking reader with the modern development of one of the world's major poetic traditions, and affords insight into the contemporary cultural situation of the Arab peoples. English translations of Arabic poetry have suffered from aspirations to geographic completeness of representation and excessive concern with the Neo-Classicist school. The present anthology regards poetic quality as the primary criterion of selection and displays an emphatic interest in the poets of free verse. It presents three successive generations—the Syro-Americans, the Egyptian modernist, and the poets of free-verse movement—linked together by a progressive shift from emphasis on form to emphasis on content and form a relatively detached portrayal of the outside world to a concern with the expression of individual experience. Numerous contemporary poets make their first appearance in English, some of them having written pieces specially for this anthology. It is hoped that the bilingual character of the anthology will suit it for use by students of Arabic literature. At the same time, the book is intended for a wider readership with general poetic and literary interests. An important criterion in composing the anthology was the viability of a poem, in its English translation, as a piece of literature as well as the excellence of its Arabic original; if the translators have been successful in applying this criterion, the anthology should afford much aesthetic pleasure. The work should be of considerable interest also to students of comparative literature, as it demonstrates the influence on modern Arab letters of several Western poets, notably Eliot, Yeats, and Pound. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Chronicles of Majnun Layla and Selected Poems Qassim Haddad, 2014-09-24 Chronicles of Majnun Layla and Selected Poems brings together in one volume Haddad's seminal work and a considerable selection of poems from his oeuvre, stretching over forty years. The central poem, Chronicles of Majnun Layla, recasts the seventh-century myth into a contemporary, postmodern narrative that revels in the foibles of oral transmission, weaving a small side cast of characters into the fabric of the poem. Haddad portrays Layla as a daring woman aware of her own needs and desires and not afraid to articulate them. The author succeeds in reviving this classical work of Arabian love while liberating it from its puritanical dimension and tribal overtones. The selected poems reveal Haddad's playful yet profound meditations. A powerful lyric poet, Haddad juxtaposes classical and modern symbols, and mixes the old with the new, the sensual with the sacred, and the common with the extraordinary. Ghazoul and Verlenden's masterful translation remains faithful to the cultural and historical context in which the original poetry was produced while also reflecting the uniqueness of the poet's style and his poetics.

Modern Arabic Poetry Salma Khadra Jayyusi, 1987 After centuries of oppressive Ottoman rule, the Arab world began to find new vitality and freedom in the twentieth century. The accompanying resurgence of creative expression is splendidly reflected in this definitive anthology of contemporary Arabic poetry, which spans the modern Arab world from the turn of the century to the present, from the Arab Gulf to Morocco. The editor, Salma Khadra Jayyusi, a renowned expert on modern Arabic literature, presents a through introduction to the works of more than ninety Arab poets. To create the best possible English translation, each selection has been translated first by a bilingual expert and then by an English-language poet, who creatively renders it into idiomatic English.

Mannerism in Arabic Poetry Stefan Sperl, 1989-06 This book attempts to identify elements of mannerism and classicism in medieval Arabic poetry. Instead of focusing on rhetorical devices, as is conventional in such studies, the author carries out a structuralist analysis of complete poems.
