**Home Theater e Casa Digital Ed. 313** Event Editora,2022-08-10 Comentamos aqui na edição passada sobre as mudanças de hábito dos consumidores, e agora temos a oportunidade de abordar uma delas em particular: o novo comportamento de pais e filhos em relação aos games. Tidos no passado como nocivos e até acusados de culpa na violência urbana, os jogos eletrônicos evoluíram a ponto de serem usados, hoje, inclusive na educação. “Gamificação” é mais uma palavra da moda, definida como o uso de técnicas típicas dos jogos – como cores, interatividade e gráficos dinâmicos – para aumentar o engajamento nos processos educacionais.

**To Feel the Music** Neil Young,Phil Baker,2019-09-10 Neil Young took on the music industry so that fans could hear his music—all music—the way it was meant to be heard. Today, most of the music we hear is com-pressed to a fraction of its original sound,while analog masterpieces are turning to dust in record company vaults. As these recordings disappear, music fans aren't just losing a collection of notes. We're losing spaciousness,breadth of the sound field, and the ability to hear and feel a ping of a triangle or a pluck of a guitar string, each with its own resonance and harmonics that slowly trail off into silence. The result is music that is robbed of its original quality—muddy and flat in sound compared to the rich, warm sound artists hear in the studio. It doesn't have to be this way, but the record and technology companies have incorrectly assumed that most listeners are satisfied with these low-quality tracks. Neil Young is challenging the assault on audio quality—and working to free music lovers from the flat and lifeless status quo. *To Feel the Music* is the true story of his quest to bring high-quality audio back to music lovers—the most important undertaking of his career. It's an unprecedented look inside the successes and setbacks of creating the Pono player, the fights and negotiations with record companies to preserve masterpieces for the future, and Neil's unrelenting determination to make musical art available to everyone. It's a story that shows how much more there is to music than meets the ear. Neil's efforts to bring quality audio to his fans garnered media attention when his Kickstarter campaign for his Pono player—a revolutionary music player that would combine the highest quality possible with the portability, simplicity and affordability modern listeners crave—became the third-most successful Kickstarter campaign in the website's history. It had raised more than \$6M in pledges in 40 days. Encouraged by the enthusiastic response, Neil still had a long road ahead, and his Pono music player would not have the commercial success he'd imagined. But he remained committed to his mission, and faced with the rise of streaming services that used even lower quality audio, he was determined to rise to the challenge. An eye-opening read for all fans of Neil Young and all fans of great music, as well as readers interested in going behind the scenes of product creation, *To Feel the Music* has an inspiring story at its heart: One determined artist with a groundbreaking vision and the absolute refusal to give up, despite setbacks, naysayers, and skeptics.

**The Richer Way** Julian Richer,2017-11-09 In 1978 Julian Richer, then aged just nineteen, opened his first shop near London Bridge. For over twenty years this shop has been listed in the Guinness Book of Records as having the highest sales per square foot of any retail outlet in the world, and the company as a whole, with its fifty-three stores nationwide and huge online presence, has become Britain's favourite retailer of TV and hi-fi equipment. What lies behind this extraordinary success? For Julian, the answer is simple: throughout his career he has focussed relentlessly on putting people – both staff and customers –

right at the centre of his business. And in *The Richer Way*, he offers a supremely practical guide to how others can follow suit. He explains how to motivate employees and measure their progress. He establishes how to balance company discipline with individual autonomy. He explores what 'customer service' should really involve. Above all, he points the way to creating an open, friendly and flexible culture that will not only attract the best people but also offer the greatest chance of business success. Packed with straightforward, common-sense advice, *The Richer Way* will prove essential reading for all organisations, whatever their nature and size.

**The Big Exit** David Carnoy, 2012-10-11 The acclaimed author of *Knife Music* delivers “a thriller set in California’s Silicon Valley that has it all . . . [an] exceptionally satisfying murder puzzle” (Publishers Weekly, starred review). Richie Forman made his name and his fortune in dot-com marketing . . . but that was before he went to prison for a crime he swears he didn’t commit. Now that he’s been released, Richie wants to rebuild his life in the Bay Area. By day, he works at a law firm dedicated to freeing innocent men from prison. By night, he makes a living impersonating Frank Sinatra. But then his ex-best friend is found hacked to death in his garage, and Richie becomes the prime suspect. “Colorful characters abound” in this murder mystery with more intricate twists than a microchip. *The Big Exit* is a “first rate crime caper” (Kirkus).

Ronan and Erwan Bouroullec Ronan Bouroullec, Clément Dirié, Galerie Kreo, 2010 Since the beginning of the 2000s, Ronan & Erwan Bouroullec are considered to be amongst the best representative of French design's dynamism and creativity. Working together since 1998, the two brothers worked for numerous manufacturers (Vitra, Cappellini, Kvadrat, etc.), while maintaining an experimental limited edition activity with Galerie kreO. Among their iconic pieces are the Disintegrated Kitchen (1997), the Closed Bed (1998), the Spring Chair (2000), and, more recently, the Vegetal Chair (2009). They also worked with Issey Miyake, Camper, and Kvadrat for the creation of architectural projects. Published on the occasion of the release of their new project, *Lianes, Roches & Conques*, this book offers a new insight into their creative process, gathering together drawings and sketches, as well as studio, workshop, and gallery photographs. A foreword by Alessandro Mendini, designer and Editor-in-Chief of *Domus*, and a text by Ronan & Erwan Bouroullec enlighten their working process, explaining the path from the idea to the exhibition, and the links between industrial fabrication, design, and signature. As Mendini puts it in this book, 'the studies carried out by the Bouroullec brothers to integrate their design work with the shapes, elements, and ways of nature are becoming increasingly evident'.

*Transfeminist Perspectives in and beyond Transgender and Gender Studies* Finn Enke, 2012-05-04 Lambda Literary Award for Best Book in Transgender Nonfiction, 2013 If feminist studies and transgender studies are so intimately connected, why are they not more deeply integrated? Offering multidisciplinary models for this assimilation, the vibrant essays in *Transfeminist Perspectives in and beyond Transgender*

and Gender Studies suggest timely and necessary changes for institutions of higher learning. Responding to the more visible presence of transgender persons as well as gender theories, the contributing essayists focus on how gender is practiced in academia, health care, social services, and even national border patrols. Working from the premise that transgender is both material and cultural, the contributors address such aspects of the university as administration, sports, curriculum, pedagogy, and the appropriate location for transgender studies. Combining feminist theory, transgender studies, and activism centered on social diversity and justice, these essays examine how institutions as lived contexts shape everyday life.
