Casino Royale Ian Fleming,2017-07-11 JAMES BOND declares war on Le Chiffre, French Communist and paymaster of the Soviet murder organization SMERSH. The battle begins for the ace secret agent in a fifty-million-franc game of baccarat...gains momentum in his fiery love affair with a sensuous lady spy...and reaches a chilling climax with fiendish torture at the hands of a master sadist. The critics give a winning hand to Ian Fleming's superlative thriller of espionage, adventure, intrigue and murder—CASINO ROYALE "Hums with tension...Author Fleming keeps his incidents and characters spinning through their paces like juggling balls."—Time "A speed-breaker for thrills with a big dramatic scene set in a crowded casino." Atlanta Journal Constitution "Excitement enough to intrigue the most hardened reader."—Newark News "Mounting suspense on every page."—Houston Chronicle "It's superlative, everything such a story should be...One can only beg for more from Mr. Fleming."—Pensacola News-Journal

Building Bridges in European and Human Rights Law Michael-James Clifton,Suzanne Rab,David Scorey KC,2024-02-08 This unique book, formed as a series of essays in honour of the memory of Paul Heim CMG, the founder of Lincoln's Inn European Group, focusses on the building of bridges between individuals and institutions in European, international, and human rights law. The book features contributions from some of the foremost current or former European and international judges; leading practitioners and officials, each with links to Lincoln's Inn, and former recipients of Lincoln's Inn's dedicated scholarship programmes. The approachable style of the book makes it readily accessible for a wide range of readers including legal scholars, practitioners, students, and those with a general interest in the application of the law and justice in today's interconnected world. Each contribution provides personal reflections and expertise on selected aspects of European and human rights law, and the personal, professional, and technical bridges involved in their development and maintenance, together with insights into their future. The book provides multi-level perspectives on the Court of Justice of the European Union, the EFTA Court, the European Court of Human Rights, and the International Criminal Court, and the interaction of their jurisprudence with domestic law and between themselves, alongside our ever-evolving societies.

UMTS and Mobile Computing Alexander Joseph Huber,Josef Franz Huber,2002 This unique book bridges the gap between ubiquitous computing (UBICOMP) and third generation mobile communication. A first-of-its-kind, this resource helps you decide which are the most promising technologies to use for specific mobile communication applications. Scenarios indicate how new applications will be developed and how to implement them. It points out each technology's distinguishing characteristics, advantages and disadvantages, to help you determine if a certain implementation is feasible and what performance level you might expect. The book features an informative discussion on how mobile network operators plan ongoing services and manage resources. Moreover, you learn how Internet providers, portal operators and content providers develop the right platforms for multimedia services, content aggregation and selection towards mobile Internet applications. In addition, future trends are considered. This book is an authoritative, practical reference for all your current and future projects in the field.
