**Travail et entreprise en Afrique** Jean-Marc Ela, 2006-01-01

Comment repenser le rapport au travail et à l'entreprise au moment où l'Etat se retire des affaires en Afrique? Telle est la question à laquelle cet ouvrage tente de répondre. A contre-courant des idées reçues, l'auteur ouvre des pistes de réflexion et d'analyse qui constituent une véritable introduction au débat majeur sur la productivité du travail et la compétitivité des entreprises en Afrique à l'ère de l'économie mondialisée. En prenant en compte l'articulation des rapports entre le travail, le temps et les sociétés, cette étude pluridisciplinaire met en lumière l'importance primordiale des fondements sociaux de l'efficacité économique dans les pays africains. Au sud du Sahara, l'entreprise est, en effet, à la recherche de son identité dans des sociétés marquées par la mémoire douloureuse des travaux forcés, une mémoire faite de violence et d'insoumission. Les attitudes et les comportements de l'homme au travail s'enracinent dans cette mémoire dont le poids dans les lieux de production aide à comprendre les défis qui interpellent les entrepreneurs. Entreprendre n'a de sens que si cet acte témoigne de la capacité de l'entrepreneur de canaliser le dynamisme qui sous-tend l'imaginaire d'insubordination, ouverte ou déguisée, devant ce que les Africains appellent le travail du Blanc . Dès lors, entreprendre est un acte risqué qui n'est pas d'abord une affaire de recettes mais relève de l'art. De toute évidence, à l'heure où l'on privatise à tout prix, un ordre productif ne peut être efficace et acceptable aux yeux des travailleurs africains que si l'objectif de compétitivité est compatible avec les attentes et les intérêts des hommes et des femmes qui participent à la vie des entreprises.

**Management et interculturalité en Afrique** Emmanuel Kamdem, 2017-02-10T00:00:00-05:00 Que les représentations et les pratiques managériales ne puissent être appréhendées en dehors des représentations et des pratiques sociales et culturelles dans lesquelles elles s'inscrivent, est une idée qui paraît aujourd'hui évidente. En l'appliquant aux situations africaines contemporaines, on se rend compte de ce qui est universel et de ce qui ne l'est pas dans l'organisation et le fonctionnement des entreprises à travers la diversité des cultures. A l'intérieur d'un cadre très général d'analyse des organisations africaines, cet ouvrage présente des expériences variées de management dans le contexte des sociétés africaines. C'est une perspective d'étude intéressante, surtout au moment où le discours dominant sur la mondialisation de l'économie se heurte à des situations de terrain complexes dont la compréhension et la résolution nécessitent absolument le recours à d'autres formes de rationalité que la rationalité économique. Cet ouvrage est donc une contribution majeure dans le vaste chantier, encore peu exploré, de l'étude du lien entre les cultures africaines et le management des organisations. S'inspirant abondamment de quelques situations types observées dans les entreprises camerounaises, l'auteur tente de construire un édifice théorique et conceptuel qui apporte un éclairage de plus sur l'entreprise africaine comme objet d'étude en sciences sociales et en management.

Pauvreté et modèles de croissance en Afrique subsaharienne Joseph Mbandza, 2004 Montre comment, malgré des épisodes de croissance liés aux exportations pétrolières, les politiques et réformes conduites au Congo pendant près de trois décennies ont conduit à une aggravation de la pauvreté.

*Justice et sorcellerie* Chantal Maignan-Claverie, 2006-06-01 Ce qu'on appelle couramment Sorcellerie fait partie, en réalité, d'un système vieux comme le monde qui comporte un versant maléfique et un versant bénéfique ou contre-sorcellerie : une stratégie que se sont donnée les hommes pour gérer avec

réalisme la menace permanente du pouvoir de nuire présent en eux. La persistance des phénomènes maléfiques de sorcellerie, et même leur augmentation dans la société moderne, montrent la relative incapacité des institutions concernées -en particulier de la Justice- à proposer aux populations le moyen de régler leurs conflits par des moyens légaux.

*Justice et sorcellerie*, 2006 Cet ouvrage, fruit d'un colloque, est unique en son genre. Des livres et des articles ont bien été publiés sur les procès intentés aujourd'hui en Afrique contre ceux qui pratiquent la sorcellerie maléfique mais aucun colloque international - c'est-à-dire une rencontre officielle et publique - n'avait encore été tenu sur le sujet. Et qui plus est au Cameroun, où ces questions ne sont traitées qu'à mots feutrés. Et dans le contexte chrétien de l'Université catholique d'Afrique centrale (UCAC). Pour que cet événement puisse avoir lieu, il fallait que la question soit à la fois brûlante - des procès par dizaines -, partagée par l'ensemble de la société et sans réponse satisfaisante. Sur quelles preuves, en effet, les magistrats pouvaient-ils se baser pour juger, à partir de la Loi moderne, de la culpabilité ou de l'innocence d'une personne accusée de pratiquer la sorcellerie, un phénomène essentiellement occulte ? Ce qu'on appelle couramment Sorcellerie fait partie, en réalité, d'un système vieux comme le monde qui comporte un versant maléfique et un versant bénéfique ou contre-sorcellerie : une stratégie que se sont donnée les hommes pour gérer avec réalisme la menace permanente du pouvoir de nuire présent en eux. La persistance des phénomènes maléfiques de sorcellerie, et même leur augmentation dans la société moderne, montrent la relative incapacité des institutions concernées - en particulier de la Justice - à proposer aux populations le moyen de régler leurs conflits par des moyens légaux. Un grand afflux d'auditeurs a fait de ces trois jours de rencontre une tribune où les conférenciers, magistrats ou universitaires pour la plupart, ont dû faire face à de vives réactions, ce qui a donné à l'ensemble un caractère

imprévisible, chose rare dans un colloque international.

**Les défis de la petite entreprise en Afrique** Catherine Chaze,Félicité Traoré,2000 Les micro et petites entreprises constituent un des moteurs du développement économique des pays africains tout en jouant un rôle primordial d'intégration sociale. ... Quelles sont les caractéristiques et spécificités de ces micro et petites entreprises? ... A travers une série de trois rencontres, des professionnels africains et des opérateurs du Nord ont ensemble tenté de répondre ici à ces questions en proposant des principes d'action. Résumé extrait de la couverture.

**L'avenir du Cameroun** Dieudonné Toukam,2011 L'auteur évoque la question embarrassante du choix cornélien entre le fédéralisme et le régionalisme et remet ainsi au goût du jour l'épineux problème de l'organisation de l'Etat au Cameroun. Les évocations argumentées de Dieudonné Toukam, à cheval entre les peurs autocratiques et les espérances républicaines, devraient convaincre les autorités politiques camerounaises à baliser plus rigoureusement le fonctionnement des institutions afin d'éviter les problèmes futurs.

Enjoying the Melody of Expression: An Emotional Symphony within **L Entrepreneur Africain Face Au Defi D Exister**

In some sort of taken by monitors and the ceaseless chatter of fast interaction, the melodic splendor and mental symphony produced by the written term usually diminish in to the background, eclipsed by the persistent noise and interruptions that permeate our lives. But, set within the pages of **L Entrepreneur Africain Face Au Defi D Exister** an enchanting fictional value brimming with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, that charming masterpiece conducts readers on a mental journey, skillfully unraveling the hidden melodies and profound impact resonating within each carefully constructed phrase. Within the depths with this poignant examination, we will examine the book is key harmonies, analyze its enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
