**Pulsions et destins des pulsions** Sigmund Freud,2013-06-01T00:00:00+02:00 La pulsion est l'un des quatre concepts fondamentaux de la psychanalyse avec l'inconscient, le transfert et la répétition.

**Pulsions Fatales Edition 2010** Christina Barthélémy Concha,2011-10-18 Lorsque Lucie Fairlat est assassinée dans sa maison bourgeoise, la police fait appel à un enquêteur qui travaille de manière indépendante et peu conventionnelle. Reconnu pour son expérience du crime, ses talents de profileur, l'homme s'investit très intimement. Mais qui est vraiment Solo Caratti ? Juste un solitaire obstiné à la tâche, ou bien un déraciné qui a fui sa ville natale pour qu'un terrible secret n'éclate au grand jour ? Est-il resté suffisamment longtemps loin de son passé pour accepter cette mission dans cette même ville ? Christina Barthélémy Concha a des origines sud-américaines. Elle a collaboré plusieurs années comme correspondante aux colonnes de La Provence après être passée par la radio libre (notamment sur l'actuelle Lyon Première) où elle a expérimenté la réalisation d'émissions. Elle signe ici son premier roman noir.

*Patterns of Desire* William G. Herron,Rafael Art Javier,2006 This new and important book reformulates the importance of sexuality in psychoanalysis through an integrated theory reflecting contemporary multiculturalism. The disappearance of sex as a drive has been a function of the focus on sex as a relationship. This focus has been a useful antidote to the lack of intersubjectivity that seemed to dominate drive theory, but relational theory has unduly diminished the role of sexual desire. Self-theory has made an attempt to retain a drive-like character for sexuality, and in the process made a case for psychic energy, personal agency, and libidinal motivation, but appears to stumble in an excessive emphasis on the power of agency as well as the need to eliminate instinctive causality. This book challenges the prevailing paradigm in psychology in general and psychoanalysis, in particular. That is, the over-reliance on specific theoretical formulations that do not provide adequate opportunities to understand and truly appreciate the dilemma that patients normally bring to a practice.

**In Search of a Philosophical Anthropology** Antoon Vergote,2022-01-10 ISBN 9042000147 (paperback) NLG 50.00 What makes the person truly human? This is the question that is systematically investigated by Vergote in this fine collection of papers. The integrating themes of the various studies reported here are the exploration of human experience, and the achievement of humanity by the individual. issues in feminist theory.

**Life Drive & Death Drive, Libido & Lethe** Cordelia Schmidt-Hellerau,2001 "This is a tour de force. Cordelia Schmidt-Hellerau navigates what has been for many of us the murky waters of metapsychology, and provides an exceptionally lucid, logically coherent account of the overall structure of Freud's psychoanalytic theory."-Arnold Richards

*Beyond the Pleasure Principle: and other writings on morality* Sigmund Freud, A new translation from the original German manuscript of Freud's famous 1920 *Beyond the Pleasure Principle* (*Jenseits des Lustprinzips*) and related writings on the antinomy of sexuality and morality. Here, Feuerbach's influence on Freud shines through as his Materialistic Epicureanism meets Hume's English Empiricism. This collection combines 4 major works on Sexual Ethics and MetaPsychological concepts into a single volume, containing: In German: 1920 *Jenseits des Lustprinzips* 1906 *Meine Ansichten über die Rolle der Sexualität in der Ätiologie der Neurosen* 1908 *Der Dichter und das Phantasieren* 1924 *Der Untergang des Ödipuskomplexes* In English: 1920 *Beyond the Pleasure Principle* 1906 *My Views on the Role of Sexuality in the Etiology of the Neuroses* 1908 *The Poet and Fantasizing* 1924 *The demise of the Oedipus complex* This edition includes an introduction by the translator on the philosophic differences between Carl Jung and Sigmund Freud, a glossary of Freudian Psychological terminology and a timeline of Freud's life & works. This is Volume XII in the 2023 *Complete Works of Sigmund Freud* by NL Press. This new translation of Freud's collected systematic works laid out across 14 volumes by topic and contains essays which have never been translated into until now.

**Passion for the Human Subject** Bernard Penot,2018-06-14 Each one of us has to be born *inter urinas et faeces*, as St. Augustine so strikingly put it. More recently, Freud's 1915 discovery of 'instincts' - that is, 'drives' - and their 'viscitudes' leads us further to envision a human subjectivity that would have nothing metaphysical about it. The baby's feeling of himself first arises in the midst of the earliest interactions with his parental partner, establishing his 'drive monads' whose accomplishment forms a circuit latching on to something in the first other. In the course of these early interactions, the 'new subject' evoked by Freud will gradually take on its own qualities, according to the significations that it can grasp in the primordial partner's messages, responding to the baby's manifestation of needs. One of Lacan's key ideas is that 'signifiers' are perceived first of all in the Other. The Freudian subject may then be defined as 'an agent of corporeal energy caught up in a signifying relation with his parental other (already a subject)'.

**Pulsions** Kim Messier,2024

*The Internal Triangle* Lucy Holmes,2008 Based on over twenty years of clinical work with women, both individually and in groups, *The Internal Triangle* represents the first attempt by a woman to use Freud's drive theory to explain female development since Helene Deutsch's two-volume *Psychology of Women* in 1945. It presents a completely new hypothesis about the way girls use the introjection of parental figures much in the way that boys utilize the penis: to separate from powerful early objects and to gain control and mastery. The author offers an innovative new theory about how

the female personality and the qualities associated with femininity develop, utilizing a fantasy internal triangle of mother, father and self. It follows development through the major milestones of the female life cycle: preoedipal, adolescence, childbirth, and menopause, with vivid clinical material illustrating each of the author's ideas. The second half of the book focuses on clinical data and technique which will aid therapists in working with women individually and in groups.

*Frontiers and Space Conquest / Frontières et Conquête Spatiale* Jean Schneider, Monique Léger-Orine, 2012-12-06

**Freud's Drive** Teresa De Lauretis, 2008-04-04 When Freud revised his view of the drives, he was living under the shadow of death and the threat of biological and cultural genocide. Like the early twentieth century, our times are marked by massive geopolitical trauma and shifts in technological, epistemic and sexual-representational practices. This book argues for the renewed relevance of the Freudian theory of drives through a variety of works ranging from cinema and literature to metapsychology and cultural theory. After presenting Freud's successive configurations of the drive in the form of a guide, 'illustrated' with reference to popular films, Teresa De Lauretis discusses two instances of philosophical-political contestation: Foucault's critique of Freud's 'stubborn drive', which served as foundation for the notion of social construction, and Laplanche's critique of Freud's biologism. The last two chapters trace the figural inscription of the death drive through close readings of Djuna Barnes's high-modernist novel *Nightwood* (1936) and David Cronenberg's postmodern film *eXistenZ* (1999). -- Back cover.

**Guérir la boulimie et les pulsions alimentaires** Marie Gagnon, Dominique Perreau, Guérir la boulimie n'est pas une utopie ! Par la synergie de deux pratiques complémentaires (nutritionnelle et corporelle), la méthode présentée dans ce livre s'attaque à la fois aux causes profondes de la boulimie et aux dérèglements hormonaux causés par les anarchies alimentaires répétitives.

**Le Plaidoyer historique des pulsions**,

**On Freud's Jewish Body** Jay Geller, 2007 Through a symptomatic reading of Freud's corpus, from his letters to Fliess through the case of Little Hans to Moses and Montheism, this book demonstrates how circumcision--the fetishized signifier of Jewish difference and source of knowledge about Jewish identity--is central to Freud's construction of psychoanalysis. Jay Geller depicts Freud as an ordinary Viennese Jew making extraordinary attempts to mitigate the trauma of everyday antisemitism. He situates Freud at the nexus of antisemitic, misogynistic, colonialist, and homophobic discourses, both scientific and popular. These held in place the double bind of post-Emancipation and pre-Shoah Viennese Jewish life: the demand for complete assimilation into the dominant culture, accompanied by the assumption that Jews were constitutionally incapable of eliminating their difference. Incarnate in the figure of the circumcised (male) Jew, this difference haunted the Central European cultural imagination and helped create, maintain, and confirm Central European identities and hierarchies. Exploring overlapping layers of gender, sexuality, ethnicity, and race in identity construction, theories of trauma, fetishism, and writing, Geller looks at Freud's representations of the Jewish body--especially circumcised penises and their displacements onto noses. He shows how Freud reinscribed the virile masculine norm and the at once hypervirile and effeminate Jewish other into the discourse of psychoanalysis.

**Pulsions (69)** Kim Messier, 2024-01-17T00:00:00-05:00 De l'extérieur, ma vie semble parfaite. Je suis un sportif accompli, j'ai une blonde super belle, ainsi que deux meilleurs amis et une mère qui sont toujours là pour moi. Pourtant, dans les faits, ça ne va pas ! Depuis que mon père est parti vivre avec sa maîtresse et que mon grand-père a reçu un diagnostic d'Alzheimer, je me sens seul et abandonné... Le seul moyen que j'ai trouvé pour me vider la tête, c'est de consommer de la porno. Beaucoup de porno. Sauf que plus j'en regarde, plus je dérape. Ça m'obsède et me pousse à faire des choses que je regrette presque à tous coups. Et c'est pire depuis que je me suis rapproché d'Alycia, l'amie de ma cousine. Avec elle, j'ai l'impression que je pourrais explorer mes pulsions. Mais à quel prix ? À notre ère, la grande accessibilité aux vidéos pornos cause trop souvent un usage problématique qui peut engendrer une dépendance à la pornographie. Les conséquences négatives sont alors multiples : mensonges, isolement social, anxiété, perte de libido, obsessions, délits sexuels, etc. Cette consommation incontrôlée peut entraîner les jeunes dans une spirale infernale dont il est extrêmement difficile de sortir.

**The Death of Desire** M. Guy Thompson, 1978-01-01

**Pulsions Éphémères** Claude Grand-Pierre, 2015-07-06 Ce vécu est essentiellement une construction imaginaire de l'histoire de protagonistes qui auraient pu réellement exister en lieux, temps et actions. Il ambitionne d'être perçu comme une ode à la sensibilité et à la beauté féminine, jonglant

avec sa complexité émotionnelle et ses réalités existentielles. La femme n'est-elle pas, en effet, la clef de l'interprétation des pulsions et bouleversements intérieurs qui nous traversent lorsque nous aspirons à ce bien-être, appelé « l'amour », cet état de béatitude auquel nous aspirons tous?
