Queer Tolstoy Javier Sethness Castro,2023-02-16 Queer Tolstoy is a multidimensional work combining psychoanalysis, political history, LGBTQ+ studies, sexology, ethics, and theology to explore the life and art of Count Lev Nikolaevich Tolstoy. Using a psychobiographical framework, Sethness Castro uncovers profoundly queer dimensions in Tolstoy's life experiences and art. Deftly contributing to the progressive and radical analysis of gender and sexuality, this book examines how Tolstoy's erotic dissidence informed his anarchist politics, anti-militarist ideals, and voluminous literary production. Sethness Castro analyzes the influence of Buddha, Socrates, Jesus, Cervantes, Rousseau, Kant, Herzen, Proudhon, Chernyshevsky, and his mother Marya Volkonskaya on the artist's writings. Furthermore, he details Tolstoy's emblematic linking of LGBTQ+ desire with moral and erotic self-determination and resistance to Tsarist despotism—especially in War and Peace. This book is vital reading for those interested in the intersection of literature, psychoanalysis, queer studies, and Russian history. Chapter 2 of this book is available for free in PDF format as Open Access from the individual product page at www.taylorfrancis.com. AA-1025 Marie Carre,2010-06-01 Absorbing and compelling reading from beginning to end, AA -1025 *Memoirs of the Communist Infiltration Into the Church* is a must read for every Catholic today and for all who would understand just what has happened to the Catholic Church since the 1960's. In the 1960's, a French nurse, Marie Carre, attended an auto-crash victim who was brought into her hospital in a city she purposely does not name. The man lingered there near death for a few hours and then died. He had no identification on him, but he had a briefcase in which there was a set of quasi-autobiographical notes. She kept these notes and read them, and because of their extraordinary content, decided to publish them. The result is this little book, AA-1025 *Memoirs of the Communist Infiltration Into the Church*, a strange and fascinating account of a Communist who purposely entered the Catholic priesthood along with many others, with the intent to subvert and destroy the Church from within. His strange yet fascinating and illuminating set of biographical notes, tells of his commission to enter the priesthood, his experiences in the seminary, and the means and methods he used and promoted to help effect from within the auto-dissolution of the Catholic Church. No one will read this book without a profound assent that something just like what is described here must surely have happened on a wide scale in order to have disrupted the life of the Catholic Church so dramatically.

Che Guevara Jon Lee Anderson,2010-04-20 Acclaimed around the world and a national best-seller, this is the definitive work on Che Guevara, the dashing rebel whose epic dream was to end poverty and injustice in Latin America and the developing world through armed revolution. Jon Lee Anderson's biography traces Che's extraordinary life, from his comfortable Argentine upbringing to the battlefields of the Cuban revolution, from the halls of power in Castro's government to his failed campaign in the Congo and assassination in the Bolivian jungle. Anderson has had unprecedented access to the personal archives maintained by Guevara's widow and carefully guarded Cuban government documents. He has conducted extensive interviews with Che's comrades—some of whom speak here for the first time—and with the CIA men and Bolivian officers who hunted him down. Anderson broke the story of where Guevara's body was buried, which led to the exhumation and state burial of the bones. Many of the details of Che's life have long been cloaked in secrecy and intrigue. Meticulously researched and full of exclusive information, *Che Guevara* illuminates as never before this mythic figure who embodied the high-water mark of revolutionary communism as a force in history.

The Revolution and the Civil War in Spain Pierre Broué,Émile Témime,2008 An outstanding history that shows how a promising workers' movement ended in a fascist victory.

MAVO Gennifer Weisenfeld,2002-02-25 Mavo were a Japanese group of artists active in Tokyo from 1923-1925.

The Motorcycle Diaries Ernesto Che Guevara,2021-11-09 A New York Times bestseller With a new introduction by The Motorcycle Diaries filmmaker Walter Salles, and featuring 24 pages of photos taken by Che. *The Motorcycle Diaries* is Che Guevara's diary of his journey to discover the continent of Latin America while still a medical student, setting out in 1952 on a vintage Norton motorcycle together with his friend Alberto Granado, a biochemist. It captures, arguably as much as any book ever written, the exuberance and joy of one person's youthful belief in the possibilities of humankind tending towards justice, peace and happiness. After the release in 2004 of the exhilarating film of the same title, directed by Walter Salles, the book became a New York Times and international bestseller. This edition includes a new introduction by Walter Salles and an array of new material that was assembled for the 2004 edition coinciding with the release of the film, including 24 pages of previously unpublished photos taken by Che, notes and comments by his wife, Aleida Guevara March, and an extensive introduction by the distinguished Cuban author, Cintio Vitier. A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey, solitude found solidarity. 'I' turned into 'we.'—Eduardo Galeano As his journey progresses, Guevara's voice seems to deepen, to darken, colored by what he witnesses in his travels. He is still poetic, but now he comments on what he sees, though still poetically, with a new awareness of the social and political ramifications of what's going on around him.—January Magazine Our film is about a young man, Che, falling in love with a continent and finding his place in it. —Walter Salles, director of the film version of *The Motorcycle Diaries* All this wandering around 'Our America with a Capital A' has changed me more than I thought. —Ernesto Che Guevara, from *The Motorcycle*

Diaries

The Lesser Evil Victor Klemperer, 2013-07-25 The superb, bestselling diaries of Victor Klemperer, a Jew in Dresden who survived the war - hailed as one of the 20th century's most important chronicles. 'Compulsive reading' LITERARY REVIEW 'Deeply engrossing' SPECTATOR 'Klemperer's diary deserves to rank alongside that of Anne Frank' SUNDAY TIMES 'A vivid and powerful account of a remarkable life' SCOTLAND ON SUNDAY June 1945. The immediate postwar period produces many shocks and revelations - some people have behaved better than Klemperer had believed, others much worse. His sharp observations are now turned on the East German Communist Party, which he himself joins, and he notes many similarities between Nazi and Communist behaviour. Politics, he comes to believe, is above all the choice of the lesser evil. He serves in the GDR's People's Chamber and represents East German scholarship abroad. But it is the details of everyday life, and the honesty and directness, that make these bestselling diaries so fascinating.

Killing Hope William Blum, 1995 A study of the military interventions by the US since WW2: Frank & detailed. Covers activities of CIA and US military.

My Life With Che Hilda Gadea, 2008-09-30 He stayed to talk that day for some time. Eventually Lucila left the room. Then we turned to more personal matters, the disagreement completely forgotten. I confessed that I had been deeply moved by what he had written in the book 'Che Guevara's first wife, Hilda Gadea, was with him during a tumultuous period in his life, the period which turned him from an intellectual theorist to a dedicated revolutionist. After 5 years of marriage and the birth of their daughter, Hildita, Hilda Gadea paints an intimate and extraordinary portrait of this legendary figure; one who is a romantic wanderer, a philosopher and doting suitor and father. Ernesto Guevara and Hilda Gadea met in Guatemala as members of the political-exile community. Later they were forced to flee Mexico, where their friendship grew stronger and where, stimulated by the intelligence and knowledge of Hilda, Che's vista's broadened and his convictions hardened. Hilda's account of their life together in Mexico is filled with joy but at times is terribly strained. They found it difficult to make a living and Che suffered from severe asthmatic attacks. Nevertheless the excitement of involvement with the Castros and other Cuban refugees infuses every page. Gradually the character of this great leader is revealed by the woman who knew him best, providing a vital key to a comprehension of Che's legendary qualities.

Hitler's Secret Backers Sydney Warburg, The book you are about to read is one of the most extraordinary historical documents of the 20th century. Where did Hitler get the funds and the backing to achieve power in 1933 Germany? Did these funds come only from prominent German bankers and industrialists or did funds also come from American bankers and industrialists? American bankers supplied Adolf Hitler with millions of dollars to help build up his Nazi party. Warburg was a joint owner of the New York bank, Kuhn Loeb & Cie; he describes three conversations he held with Hitler at the request of American financiers. This book was originally published in Holland in 1933, shortly before Warburg's death

Technological Slavery (Large Print 16pt) Theodore J. Kaczynski,David Skrbina,2011-02 Theodore Kaczynski saw violent collapse as the only way to bring down the techno-industrial system, and in more than a decade of mail bomb terror he killed three people and injured 23 others. One does not need to support the actions that landed Kaczynski in supermax prison to see the value of his essays disabusing the notion of heroic technology while revealing the manner in which it is destroying the planet. For the first time, readers will have an uncensored personal account of his anti-technology philosophy, including a corrected version of the notorious 'Unabomber Manifesto,' Kaczynski, s critique of anarcho-primitivism, and essays regarding 'the Coming Revolution.'

This comprehensive and timely book will be of interest to students and academics in the areas of philosophy, sociology, politics and cultural studies, and to anyone with an interest in Marx and his legacy.
